REVENUE FACTS

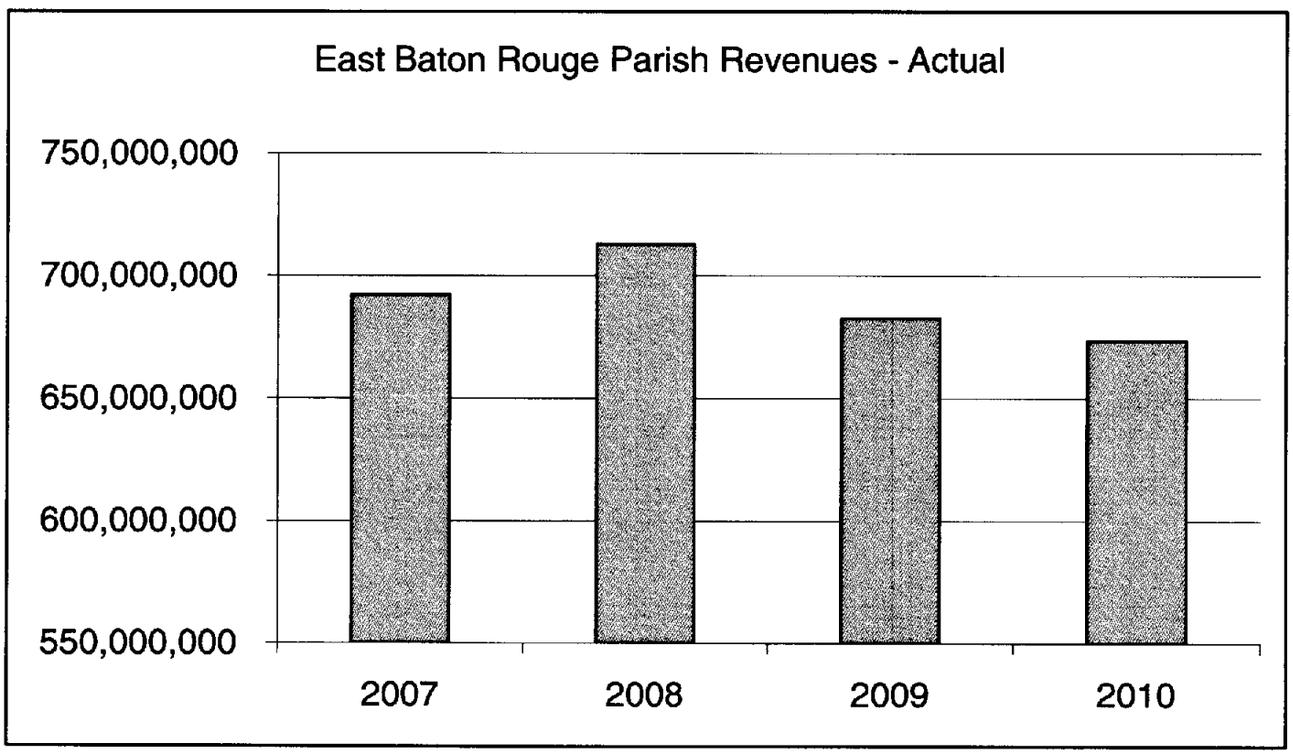
2007 - 2010



CITY OF BATON ROUGE
PARISH OF EAST BATON ROUGE

FOREWORD

Revenue Facts 2007–2010 is a comprehensive manual of "revenue fact sheets" prepared by the Finance Department–Budgeting Division for use in preparing revenue estimates for the Annual Operating Budget for the City of Baton Rouge–Parish of East Baton Rouge and in analyzing revenue trends. The manual is divided into five sections: (1) the General Fund; (2) the Special Revenue Funds other than managerial and grant funds; (3) the Road and Street Improvement Capital Projects Fund, which is funded by the same sales tax that funds one of the Special Revenue Funds; (4) the Enterprise Funds, with the exception of the Capital Area Transit System; and (5) the Component Units.

Each revenue source is identified by type and title; fund and object number; summary and interpretation of legal authorization; description of collection and transmittal of funds; distribution of proceeds; payor of tax or fee; computation of tax or fee; and refund procedures, restrictions, and rate limitations. In addition, a table is provided giving amounts of monthly collections for the past four years, along with cumulative percentages or percentages of total revenue collections, depending on the type of revenue. Percentage increases or decreases from the previous year are also provided.

Most of the descriptive information contained in this manual was gathered from the identified legal authority (Louisiana Revised Statutes, *Plan of Government*, Code of Ordinances, etc.) and represents the Budgeting Division's best effort at assembling information concerning revenues. General authorization for taxes can be found in Article VI, Section 30, of the Louisiana Constitution of 1974, which authorizes a political subdivision "to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature." Authorization for other types of charges was granted by Act 169 of the 1898 Legislature, which was subsequently incorporated into the *Plan of Government* and reads as follows: "For the purpose of carrying out the powers and duties conferred or imposed on the Metropolitan Council, such Council shall have power, whenever it deems it necessary, to require licenses and permits and fix the fees to be paid therefor, to charge compensation for any privilege granted or service rendered, and to provide penalties for the violation of any ordinance or regulation ..." (Section 3.03). Other descriptive information was obtained from available documents such as contracts, written agreements, administrative directives, and other pertinent data. Actual revenue collections for the past four years were obtained from the Financial Accounting Information System.

Effective January 1, 1983, the City and Parish Councils of Baton Rouge were consolidated and retitled the Metropolitan ("Metro") Council for the City of Baton Rouge and Parish of East Baton Rouge. As a result, Council authorization subsequent to that change is identified by Resolution or Ordinance number only, followed by the date authorized; whereas, prior to the change, Council authorization is identified by City and/or Parish Resolution or Ordinance number, followed by the date.

Each type of revenue is identified with the section headings listed in Paragraph 2 above, each heading being in **BOLD CAPITAL LETTERS**. For quick reference, text is highlighted in **bold face** to summarize content. Any large or non-recurring revenue collections are identified and explained with footnotes if such explanation is available. All of the text herein will follow this format.

The City-Parish fiscal year coincides with the calendar year, beginning on January 1 and ending on December 31. The Budgeting Division revises and updates this manual annually to provide a useful instrument for City-Parish administrative staff. I welcome and encourage any recommendations for future improvement.

The above chart includes revenue accounts of all funds in the City-Parish accounting system except the Internal Service Funds, the Trust and Agency Funds, and managerial funds. (Interest earnings in certain of those funds are included.) It includes amounts for the five fire districts (District One, Brownsfield, Pride, Chaneyville, and Alsen) whose revenues are reflected on City-Parish books, even though they are shown in the Comprehensive Annual Financial Report only as component units. The chart also includes certain amounts posted on the books of SMG, the management company of the Baton Rouge River Center. Transfers, proceeds of bond issuance, and capital contributions have been excluded.

Amounts are shown above for actual General Fund tax collections and for the amounts that would have been collected if inflation had been the only factor. The difference between the two amounts is economic growth. The intent of the graph is to show the trend of these revenues over a ten-year period. The largest General Fund revenue by far is derived from Sales and Use Taxes, which taxes showed a substantial increase in the final four months of 2005, continuing through 2006. The increase is attributed mainly to the increased population and purchases of replacement items and construction materials after Hurricane Katrina. In 2007, tax collections leveled off in actual dollars as the effects of the hurricane began to wane, although inflation continued to climb. In 2008, a similar trend of increased collections continued from recovery efforts after Hurricane Gustav.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
Amendment X Constitution of the United States	Louisiana Constitution, 1974 Article 6, § 26 (A) Article 6, § 27 (A) Article 7, § 18 (D) Article 7, § 20 (A) Article 7, § 23 (B) Louisiana Revised Statutes 47:2051	Ordinances: 13851, 12/13/06 14263, 12/12/07 14452, 07/23/08 14554, 11/25/08 14831, 12/09/09 15035, 11/23/10 Resolutions: City 13115, 08/25/82

INTERPRETATION OF LEGAL AUTHORIZATION:

Federal: **Amendment X to the U.S. Constitution** reserves to the states or to the people all powers not delegated by it to the United States nor prohibited by it to the states.

State: **Article 6, Section 26 (A)** of the Louisiana Constitution of 1974 authorizes the governing authority of a parish to levy annually an ad valorem tax for general purposes not to exceed four mills on the dollar of assessed valuation, and **Section 27 (A)** authorizes the governing authority of a municipality to levy annually an ad valorem tax for general purposes not to exceed seven mills on the dollar of assessed valuation. These sections also provide that millage rates may be increased when approved by a majority of the electors voting thereon in an election held for that purpose. **Article 7, Section 18 (D)** of the Louisiana Constitution of 1974 authorizes each assessor to determine the fair market value of all property subject to taxation within his or her respective parish or district. **Article 7, Section 20 (A)** provides for a homestead exemption from state, parish, and special ad valorem taxes to the extent of $7,500 of the assessed valuation. This exemption is not extended to municipal taxes. **L.R.S. 47:2051** designates the sheriffs of the several parishes to be ex-officio collectors of parish taxes. The Sheriff has the same power to enforce the collection of parish taxes as of state taxes.

Local: Each year an ordinance is passed which adopts the ad valorem taxation to defray the expense of city-parish government and for all general parochial purposes on all taxable property within the Parish of East Baton Rouge and levy a tax on all taxable property within the boundaries of the City of Baton Rouge for the purpose of operating a three-platoon police system.

* In 2008 East Baton Rouge Parish was reassessed and all property tax millage rates were adjusted. During the meeting of July 23, 2008, the Metropolitan Council, with Ordinance 14452, adopted the adjusted downward ad valorem tax millage rates to be levied during 2008.

City Resolution 13115 of August 25, 1982, authorizes the Mayor-President to enter into an agreement with the sheriff of East Baton Rouge providing for the collection by the sheriff of all city ad valorem taxes, among other taxes, for an indefinite term, the sheriff to be compensated by a 4.50% commission on all ad valorem taxes collected.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Sheriff of East Baton Rouge Parish (contact Octave Anthaume, Tax Director, 389-4817)

Transmittal: Transmitted to the Revenue Division of City-Parish Finance Department by the 10th of the month following collection.

DISTRIBUTION OF PROCEEDS:

The 6.48-mill tax and additional 0.94-mill tax are levied on **all taxable property, real and personal, within the corporate limits and boundaries of the City of Baton Rouge**. The 3.54-mill tax is levied on **all taxable property, real and personal, within the Parish of East Baton Rouge**, including all such taxable property within the corporate limits and boundaries of the City of Baton Rouge. "Real" property means immovable property and includes not only land but also all things thereunto appertaining, and all such structures and other appurtenances thereto as pass to the vendee by the conveyance of the land or lot. "Personal" property means movable property and includes all things other than real estate which have any monetary value.

COMPUTATION OF TAX:

Since 2008 the rates are **7.42 mills** on the dollar of assessed valuation of all taxable property, real and personal, within the city limits and **3.54 mills** on the dollar of assessed valuation of all taxable property, real and personal, within the city and parish limits.

Comments: Homeowners are allowed a homestead exemption of $7,500 of assessed value for all state, parish, and special ad valorem taxes. 4.5% of city ad valorem taxes collected go to the sheriff as commission.

Property subject to taxation is listed on the assessment rolls at its assessed valuation, which is a percentage of its fair market value. Land and improvements for residential purposes are assessed at 10% of fair market value. Bona fide agricultural, horticultural, marsh, and timber lands are assessed at 10% of use value. All taxable personal property is assessed at 15% of fair market value. All property subject to taxation is reappraised at intervals of not more than four years.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

The **proceeds of the 0.94 mill tax** on all taxable property within the corporate limits and boundaries of the City of Baton Rouge are to be used **solely for** the purpose of **operating and maintaining a three-platoon police system** in the Police Department of the City of Baton Rouge.

In accordance with **Article VII, Section 23**, of the Constitution of the State of Louisiana, all property subject to taxation must be reappraised and valued at intervals of not more than four years. The City-Parish is then required to adjust property tax millages in a reassessment year to a rate that generates the same dollar amount as was generated in the year preceding reassessment. The Metropolitan Council by a two-thirds vote can increase the millage in the reassessment year to the millage rate which is not in excess of the maximum authorized millage rate authorized in the preceding year. Any new tax levies or tax renewals that become effective in the year of reappraisal are not subject to the millage adjustment requirement.

Senate Bill 652, 2/96	Louisiana Constitution, 1974 Article VI, §30 Act 169, 1898 Legislature Louisiana Revised Statutes 45:781 B	Franchise Agreement, 10/30/03 Ordinances: 12771, 10/22/03 9027, 12/31/89 7521, 04/25/84 4727, 07/28/82 4957, 02/09/77 4958, 02/09/77 2670, 07/28/71 1713, 11/10/65 14997, 09/22/10 14999, 09/22/10 Resolution 47064 05/27/09 *Various Ordinances on file in Finance-Budgeting*

THIS ITEM IS SUBJECT TO CONFIDENTIALITY STATUTES

INTERPRETATION OF LEGAL AUTHORIZATION:

Federal: **Senate Bill Number 652**, which went into effect in February 1996, gave local governments the right to manage their public rights-of-way and receive fair and reasonable compensation in a nondiscriminatory fashion for the use of public rights-of-way by all telecommunications providers.

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 provides that a political subdivision may exercise the power of taxation for parish, municipal, and other local purposes strictly public in their nature. **Act 169, Section 20 of the 1898 Legislature** and its subsequent amendments authorize the City Council to fix an excise tax for public utilities of the City of Baton Rouge. **LRS 45:781 B** authorizes the parish governing authorities to grant franchises for the regulation of cable television outside municipalities.

Local: **Ordinance 9027** of December 13, 1989, levies an annual excise license or privilege tax on all persons, associations of persons, firms, or corporations engaged in the public utility business in the City of Baton Rouge. Below is a matrix of the current public utility businesses with franchise agreements:

Name of Company	Ordinance No.	Ordinance Date	Term of Contract	Expiration Date

Beginning in 1996 **various ordinances** adopted by the Metropolitan Council have been approved granting franchises for fiber optic transmission cables for the transmission of telephonic, data, and other electronic messages, on or across public places or ways. These ordinance can be obtained on file in Finance – Budgeting.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Finance Department–Revenue Division.

Transmittal: Recorded as received.

Comments: Tax collections tend to be highest in summer and winter, when utility usage is greatest. The tax on most public utilities is collected quarterly, while the compensation paid by Cox Communications Central II, is collected monthly. Dixie Electric is required to pay yearly but in the past has made quarterly payments. Entergy (formerly Gulf States), and South Central Bell are required to pay quarterly. Grantees of fiber optic transmission cable franchises are required to pay monthly.

PAYOR OF TAX:

This excise or privilege tax authorized by **Ordinance 9027** is levied on **all persons, associations of persons, firms, or corporations engaged in the public utility business within the corporate limits of the City of Baton Rouge**, including electric companies, telephone companies, cable television companies, and fiber optic transmission cable companies.

COMPUTATION OF TAX:

The tax is computed as a **percentage of the gross receipts** of each public utility from its sales and services within the corporate limits of the City of Baton Rouge, except such receipts from any sales and services rendered to the state or any federal, state, municipal, parish, or other governmental agency, within the corporate limits of the City. The tax is **5% of gross receipts**, unless a franchise agreement provides for a different amount. These contracts can be found on file in the Finance-Budgeting Division.

Name of Company	Percentage of the Gross Receipts
Dixie Electric Membership Corporation	4%
Entergy (formerly Gulf States)* (Elec. & Gas)	5%
AT&T Louisiana (cable service)**	5.5%
BellSouth Telecommunications / AT&T	5%
Baton Rouge Water Works	5%
Parish Water Company, Inc.	5%
Red Oak Water Company	5%
Cox Communications Central II***	5%
Atmos Energy	5%

The franchise fee for **fiber optic transmission cable companies** is **5% of all revenues** derived within the City-Parish from the transmission of telephonic, data, video, and other electronic messages and from the provision of similar or related services, and from the sale or rental of equipment used to provide communication services. Gross receipts for fiber optic cable transmission franchises do not include any taxes imposed and/or assessed by law on subscribers, or revenue generated from sales to the state, local, or federal government.

*Entergy (formerly Gulf States) pays 5% of its gross receipts from the sale of electric energy to customers within the corporate limits of the City of Baton Rouge, except: (1) those receipts from the sale of electric energy for municipal water and sewerage pumping and street lighting; (2) those receipts of revenue from any other special or contractual rates to municipal or governmental units; (3) those receipts from revenues derived from the State of Louisiana or state agencies; (4) those receipts derived from sales to wholesale customers for resale; and (5) those receipts from revenues derived from customers classified as "industrial" who contract for 600 KW or more within the limits of the City of Baton Rouge.

**Of gross revenues collected, .5% is remitted to the City-Parish to support the capital costs incurred for the construction and operation of Public, Educational, and Governmental Programming access channel content and facilities. It is recorded in account 001..489200.

***The parish-wide franchise fee, except for Baker, Zachary, and Central, to be paid by Cox Communications Central II, is computed by taking the gross revenues, less any subscriber-paid sales taxes, paid to Cox Communications Central II by subscribers for cable services.

RESTRICTIONS ON USE AND LIMITATIONS ON RATE:

Section 20 of Act 169 of 1898 states that "any excise tax placed on the gross receipts of public utilities shall not exceed five percent of the gross revenues of said public utilities."

THIS ITEM IS SUBJECT TO CONFIDENTIALITY STATUTES

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 29 (A)** of the Louisiana Constitution of 1974 authorizes the governing authority of any local governmental subdivision or school board to levy and collect a tax upon the sale at retail, the use, the lease or rental, the consumption, and the storage for use or consumption, of tangible personal property and on sales of services, if approved by a majority of the electors voting thereon in an election held for that purpose. The rate thereof, when combined with the rate of all other sales and use taxes, exclusive of state sales and use taxes, levied and collected within any local governmental subdivision, may not exceed 3%. **Article VI, Section 29 (B)** of the Louisiana Constitution of 1974 provides that the legislature may authorize the imposition of additional sales and use taxes by local governmental subdivisions or school boards, if approved by a majority of the electors voting thereon in an election held for that purpose.

L.R.S. 33:2711 authorizes any incorporated municipality of the state to levy and collect a sales and use tax not in excess of 2½% upon the sale at retail, the use, the lease or rental, the consumption, and the storage for use or consumption of tangible personal property and on sales of services in the municipality. **L.R.S. 33:2738.51** authorizes the levy of an additional ½ of 1% sales and use tax within East Baton Rouge Parish. **L.R.S. 33:2741** states that the governing body of the parish in which the state capitol is situated may levy and collect a tax of 2% on gross sales within the parish but outside of any incorporated municipality. **L.R.S. 47:303B (3) (b)** states that the Vehicle Commissioner and the governing body of any political subdivision in which a sales and use tax has been imposed on the sale or use of motor vehicles shall enter into an agreement by which the Vehicle Commissioner shall collect such tax on behalf of the political subdivision. **L.R.S. 33:2721.6** states that the combined rate of all sales and use taxes, exclusive of state sales and use taxes levied and collected within any parish or municipality shall not exceed 5%.

Local: **Ordinance 10127** of December 14, 1994, levies a tax for general municipal purposes of 2% on the sale at retail, the use, consumption, distribution, storage, and the lease or rental of tangible personal property to be used or consumed within the City of Baton Rouge. It also levies a tax for general parochial purposes of 2% on the sale at retail, etc., of tangible personal property to be used or consumed within the Parish of East Baton Rouge, exclusive of municipal areas (the cities of Baker, Baton Rouge, Central, and Zachary). It also levies a tax of ½ of 1% on the sale, etc., of tangible personal property to provide revenues to pay the costs of constructing, acquiring, operating, maintaining, and administering sewers and sewerage disposal works and making all required payments in connection with bonds for such purposes, and a tax of ½ of 1% for the repair of public roads and streets. **Resolution 36035** of July 26, 1995, offers incentives for economic development within areas of EBR designated by the Louisiana Department of Economic Development as Enterprise Zone eligible based on demographic and economic factors. **Ordinance 12303** of April 24, 2002, amends Ordinance 10127 to re-levy the ½ of 1% road tax for the period July 1, 2002, through December 31, 2007, to be used 60% for road construction and 40% to continue the program of road repairs. **Resolution 44190** of June 8, 2005, called for a special election in which voters approved the ½ of 1% road tax for an

additional 23 years to be used 70% for road construction, 27% to continue the program of road repairs, and 3% for road beautification projects. For additional information on the sewer tax and the road tax, see those Fact Sheets under the Enterprise Funds and Special Revenue Funds sections of this book. **Ordinance 14771** of August 27, 2008, created La Vie Economic Development District. **Ordinance 14533** of November 25, 2008, designated the 2% (City) local sales tax which is used to determine the initial local sales tax baseline tax collection rate and the monthly baseline sales tax rate within the La Vie Economic Development District.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The tax is paid by the ultimate purchaser or consumer to the dealer from whom he or she purchases or leases the property or service; the dealer forwards it to the Finance Department–Revenue Division.

Transmittal: Every dealer must remit collections to the Finance Department–Revenue Division by the 20th of the month following the month of collection.

Comments: For the purpose of collecting and remitting this tax to the Finance Department, the dealer is declared to be the agent of the City-Parish. The one exception is in the collection of sales and use taxes on all types of motor vehicles, which taxes are paid by the customer to the Vehicle Commissioner of the State of Louisiana rather than to the dealer or vendor. The Vehicle Commissioner then remits these taxes to the City-Parish Finance Department.

When the purchaser has failed to pay and a dealer has failed to collect a tax upon a sale, such tax is payable by the purchaser directly to the Finance Director. Any dealer who fails, neglects, or refuses to collect the sales and use tax is liable for the tax and may be guilty of a misdemeanor.

DISTRIBUTION OF PROCEEDS:

In addition to the sales and use taxes imposed under Ordinance 10127, the Finance Department–Revenue Division also collects the sales and use taxes levied by the East Baton Rouge Parish School Board Educational Facilities Improvement District, BR Convention & Visitors Bureau, the municipalities of Baker, Zachary, and Central and the Baker, Zachary and Central School Board Districts. The taxes collected for these other entities are remitted to them in four payments. The first payment is remitted on the 20th of each month; the second payment is remitted on the 25th; the third payment is remitted on the last day of the month; and the net due, less a 1.11% (2010 rate) collection fee, is remitted on the 10th of the month following collections. The collection rate for 2011 is estimated at 1.18%. The following schedule shows 1st, 2nd, and 3rd payment amounts as of February 2011:

PAYOR OF TAX:

The tax is collectible from **all persons engaged as dealers**, as defined below, **in the sale at retail, the use, consumption, distribution, and storage, and the lease or rental of tangible personal property and the sale of services**; those dealers in turn collect from **the purchaser or consumer**.

The term "tangible personal property" means personal property which may be seen, weighed, measured, felt, or touched, or is in any other manner perceptible to the senses. This term does not include stocks, bonds, notes, or other obligations or securities.

The term "dealer" includes every person who manufactures or produces tangible personal property for sale at retail, for use, consumption, distribution, or storage. It is further defined to mean every person who imports or causes to be imported tangible personal property from any state or other political subdivision of this state or from a foreign country for sale at retail, for use, consumption, distribution, or storage to be used or consumed in this city and/or parish. The term also includes any person who leases or rents tangible personal property for consideration, permitting the use or possession of such property without transferring title thereto, as well as any person who is the lessee, permittee, licensee, or rentee of tangible personal property and who pays the owner of such property a consideration for its use or possession without acquiring the title thereto. It also includes any person who sells or furnishes any of the services subject to the tax under **Ordinance 10127**, any person who purchases or receives any of the services subject to tax under that ordinance, and any person engaging in business in the city and/or parish. The term "dealer" is not to be construed to include a person who makes occasional and isolated sales or transactions but who does not hold himself out as engaged in business.

The term "purchaser" includes any person who acquires or receives any tangible personal property, or the privilege of using any tangible personal property or receives any services pursuant to a transaction subject to these taxes.

The sales and use taxes are levied upon the following:

1. The sales price of each item of tangible personal property when sold at retail in the taxing jurisdiction.
2. The cost price of each item of tangible personal property when it is not sold but is used, consumed, distributed, or stored for use or consumption in the taxing jurisdiction, providing there is no duplication of the tax.
3. The gross proceeds derived from the lease or rental of tangible personal property.
4. The monthly lease or rental price paid by the lessee or rentee, or contracted to be paid by the lessee or rentee of tangible personal property.
5. The gross proceeds derived from the sale of services.

Sales of the following items are exempt only from the ½% sewer tax, the ½% road-repair tax, and the 1% E.B.R.P. School System Educational Facilities Improvement District tax:

Drugs: certain medical and surgical devices and supplies
Food: sold for preparation and consumption in the home.

For additional explanation and details concerning the procedures and applications of this tax, see the booklet entitled East Baton Rouge Parish Sales and Use Tax Regulations (4th Ed., 8/1/00) produced by the City-Parish Finance Department; a copy can be obtained from the Revenue Division

COMPUTATION OF TAXES:

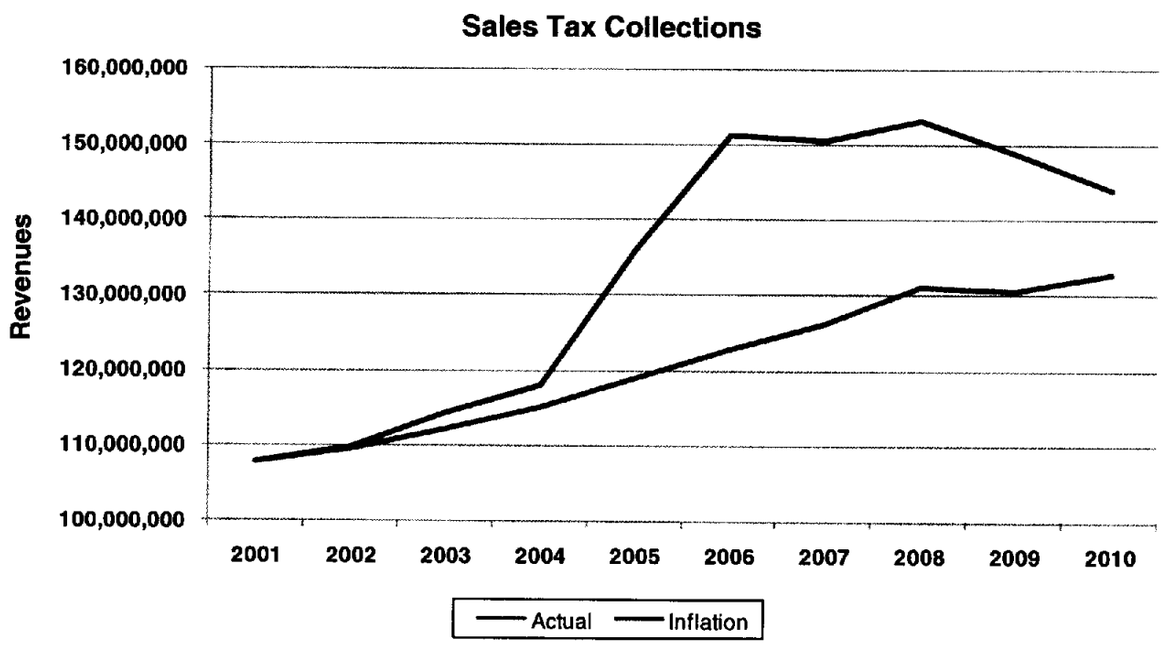
The sales and use tax imposed by **Ordinance 10127** is levied at the rate of 3% of the retail sales price or of the cost price or of the sales of services. Every dealer, at the time of making the required return to the City-Parish Department of Finance, computes and remits the required tax due for the preceding calendar month. To compensate the dealer for accounting for and remitting the tax, each dealer is allowed 1% of the amount due and remitted to the City-Parish, in the form of a deduction taken when timely submitting the report and paying the amount due.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

In the event purchases are returned to the dealer by the purchaser or consumer after the tax has been collected or charged to the account of the consumer, the dealer is entitled to reimbursement of the amount of tax collected or charged. If the tax has not been remitted by the dealer, the dealer may deduct the same in submitting the return. If the dealer has already remitted the tax, he may submit a sworn statement as to the gross amount of such refunds, and the Finance Director will issue a refund.

At any time within one year after the payment of the original or additional tax assessed against a dealer, or within three years from due date, the dealer may file with the Finance Director a claim under oath for refund, stating the grounds therefore. If, upon examination of such claim for refund, it is determined by the Finance Director that there has been an overpayment of tax, the amount of such overpayment is credited against any liability of the dealer. If there is no such liability, the dealer is entitled to a refund of the tax overpaid. **Resolution 42681** of July 23, 2003 authorizing the Director of Finance to make refunds not in excess of $25,000 for fees, taxes, permits, or any other collections paid erroneously, with such refunds to be made out of current year revenues. A separate revenue account was created to reflect all extraordinary or material refund amounts.

The 2% tax levied by Ordinance 10127 is to be used for general municipal purpose (tax collected within the City of Baton Rouge) or general parochial purposes (tax collected within the Parish of East Baton Rouge exclusive of the municipalities). The ½ of 1% sewer tax is for the purpose of paying the expenses of construction, acquiring, operating, maintaining, and administering the sewers and sewerage disposal works of East Baton Rouge Parish and making all required payments in connection with bonds issued for such purposes. The remaining ½ of 1% tax was originally levied, through June 30, 1997, for the repair of public roads and streets. For the 5 years beginning July 1, 1997, again for the 5½ years beginning July 1, 2002, and extended by the voters for 23 an additional years, the tax was re-levied; to be used 70% for road construction, 27% to continue the program of road repairs, and 3% for road beautification projects. L.R.S. 33:2721.6, as amended by Act 679 of 1999, sets a sales and use tax limit of 5% for any parish or municipality unless specifically accepted by statute.



NOTE: Although collections of the General Fund Sales and Use Tax, the largest single City-Parish revenue, have increased by approximately 39% over ten years when stated in actual dollars, when the effects of inflation have been removed, the increase is seen to be only 7%.

NOTE: Period audits on Vehicle Sales Tax will be performed for subsequent years resulting in adjustments between the City-Parish and the three other cities. During 2008 the City of Zachary and the City of Baker began to remit reimbursement payments for an overpayment of Vehicle Sales Tax distributed between 1996 and 2005.

Beginning in 2009, the La Vie Economic Development District was created from which the increase of sales taxes generated inside the district will be used to fund revenue bonds for district improvements. Sales taxes collected that exceeded the baseline amount were $77,145 for 2008 and $ 111,396 for 2009. These funds have been placed in the La Vie Economic Development District escrow account. In 2010, an adjustment was made in the amount of $77,145 to reduce the amount in the La Vie Economic Development District escrow account since it was erroneously escrowed for the 2008 year. If the development does not commerce by October 2012 the district will expire.

N/A	Louisiana Constitution, 1974, Article VI, §19 Article VI, § 30 Louisiana Revised Statutes 33:4574 B (6) 33:4574.1.1 A (6) 33:4574.1.1 L	Intergovernmental Agreement, City-Parish and BR Area Convention & Visitors Bureau (BRACVB), 07/01/96 First Amendment to Intergovernmental Agreement, 01/01/99 Resolution of BRACVB, 12/03/98

THIS ITEM IS SUBJECT TO CONFIDENTIALITY STATUTES

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 19, of the Louisiana Constitution** of 1974 authorizes the legislature to create special districts, boards, and commissions and grant them such rights, powers, and authorities as it deems proper, including, but not limited to, the power of taxation. **Article VI, Section 30, of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation for parish, municipal, and other local purposes strictly public in their nature.

L.R.S. 33:4574 (B) (6) provides for the creation of the Baton Rouge Area Convention and Visitors Bureau as a special district or commission, which is a body politic and corporate and a political subdivision of the state of Louisiana. **L.R.S. 33:4574.1.1 A (6)** authorizes the Baton Rouge Area Convention and Visitors Bureau to levy and collect an occupancy tax of four percent. **L.R.S. 33:4574.1.1 L** provides that the Baton Rouge Area Convention and Visitors Bureau shall distribute and use the proceeds derived from one percent of this occupancy tax for capital improvements and expansion of the Baton Rouge River Center. When all costs of such capital improvements and expansion have been paid, the occupancy tax will be reduced from four percent to three percent.

Local: The **Intergovernmental Agreement, City-Parish and BR Area Convention & Visitors Bureau, 7/1/96**, provided for the collection of the 3% occupancy tax levied by the BRACVB. The **First Amendment to the Intergovernmental Agreement, 1/1/99**, provides for an additional 1% occupancy tax to be used for capital improvements and the expansion of the Baton Rouge River Center. The **Resolution of the BRACVB of 12/3/98** levied the additional 1% occupancy tax.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Every person owning, operating, managing, or controlling any hotel or motel and overnight camping facility in East Baton Rouge Parish.

Transmittal: Remitted to the Finance Department–Revenue Division, along with the rest of the 4% hotel-motel tax, by the 20th of the month following the month of collection. The Revenue Division then distributes these taxes to the various recipient agencies by approximately the 10th of the month after it receives it.

DISTRIBUTION OF PROCEEDS:

The Finance Department—Revenue Division distributes the 4% hotel-motel tax by approximately the 10th of the month following its receipt. One percent of the 4% comes to the City-Parish to be deposited into this revenue account.

PAYOR OF TAX:

Any individual occupying a room, cottage, or cabin belonging to a hotel or motel.

COMPUTATION OF TAX:

The occupancy tax is **1% of the rent or fee charged for hotel or motel** occupancy.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

These funds may be used only for capital improvements and expansion of the Baton Rouge River Center.

In 2006, Baton Rouge experienced an increased volume of hotel/motel occupancy because of the influx of evacuees from areas affected by Hurricanes Katrina and Rita. By 2007, most of these evacuees had either left Baton Rouge or had found more permanent housing. In September 2008, Baton Rouge was affected by Hurricane Gustav causing an increase in hotel/motel occupancy.

The adjustment amounts include adjustments for prior year revenues.

THIS ITEM IS SUBJECT TO CONFIDENTIALITY STATUTES

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 28 of the Louisiana Constitution** of 1974 provides that the governing authority of a local governmental subdivision may impose an occupational license tax not greater than that imposed by the state. Those who pay a municipal occupational license tax are exempt from a parish occupational tax in the amount of the municipal tax. The governing authority of a local government subdivision may impose an occupational license tax greater than that imposed by the state when authorized by law enacted by the favorable vote of two-thirds of the elected members of each house of the legislature. **L.R.S. 47:341, et seq.**, authorizes any municipality or parish to impose a license tax on any person conducting any business within its jurisdiction at a rate no greater than that imposed by the state provided that the imposition of such license tax is approved by two-thirds of the council members and after affording the public an opportunity to comment at a minimum of three public hearings.

Local: **Ordinance 9537** of November 25, 1992, levies an occupational license tax on all persons, association of persons, firms and corporations pursuing any trade, profession, vocation, calling, or business in the City-Parish, who are subject to the payment of occupational license taxes under the Constitution and laws of Louisiana. **Ordinance 11561** of September 22, 1999, amends Title 9 of the Code of Ordinances to increase the license fee for rolling vendors and delete some of the exemptions. **Ordinance 11667** of February 23, 2000, amends and reenacts Title 9 of the Code of Ordinances relative to the definition of rolling vendors and provides for an exemption for non-profit organizations. **Ordinance 9026** of December 13, 1989, provides for the licensing of any itinerant or transient gold or silver merchant. **City Resolution 13115** of August 25, 1982, authorizes the Mayor-President on behalf of the City of Baton Rouge to enter into an agreement with the Sheriff of East Baton Rouge Parish providing for the collection by the Sheriff of all property taxes and all city occupational licenses. Although the Finance Department began collecting the occupational license tax itself as of July 1, 1992, the Sheriff continued to be compensated for that collection; in November 2007 the Sheriff and the City-Parish entered into an **Agreement** whereby, beginning in January 2008, this fee is no longer paid to the Sheriff. **Ordinance 9405** of March 11, 1992, levies a license tax on transient merchants. **Ordinance 8608** of February 24, 1988, provides for an exemption for exhibitions for trade shows when the promoter has paid the fee provided. **Ordinance 9407** of March 11, 1992, states licensing requirements and fees for pawnshop licenses and permits.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Finance Department–Revenue Division.

Transmittal: Recorded as received.

Comments: These taxes are due on January 1 and become delinquent on March 1; collections are therefore highest in the early part of the year.

PAYOR OF TAX:

An annual occupational license tax is levied upon **each person who may be subject to such license tax under the Constitution and laws of Louisiana**, by pursuing and conducting any business within the corporate limits of the City of Baton Rouge or within the limits of East Baton Rouge Parish. These are the same occupational license taxes as are fixed by the state under **L.R.S. 47:341, et seq.**, and include the following businesses:

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, §30 Louisiana Revised Statutes 33:1423 Act 415 of 2008 Session redesignated the following R.S.: 22:1076 to 22:833 and 22:1061 to 22:838	Ordinance 9538, 11/25/92 Resolution: City 13115, 08/25/82 Agreement b/w C-P and Sheriff dated November 2007

THIS ITEM IS SUBJECT TO CONFIDENTIALITY STATUTES

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution of 1974** provides that a political subdivision may exercise the power of taxation for parish, municipal and other local purposes strictly public in their nature. **L.R.S. 22:833** formerly 22:1076 authorizes any municipality to impose a license tax on any insurer engaged in the business of issuing policies, contracts, or other forms of obligations covering the risk of fire, marine transportation, surety, fidelity, indemnity, guaranty, workers' compensation, employers' liability, property damage, livestock, vehicle, automatic sprinkler, burglary, or insurance business of any other kind which is now or hereafter subject to the payment of any license tax for state purposes under L.R.S. 22:838. **L.R.S. 22:838** formerly 22:1061 levies an annual license tax on each domestic, foreign, and alien insurer engaged in the business of issuing insurance policies, contracts, or obligations; or issuing endowment policies or similar forms of contract obligations in consideration of the payment of a premium or other consideration within the State of Louisiana. When an insurer does not have a local agent soliciting business, the tax is based on premiums received by the company from residents of the municipality. Life insurance programs administered by the Office of Group Benefits are exempt from the payment of the annual license tax. **L.R.S. 33:1423** instructs the tax collector to deduct a fifteen percent commission to remit to the sheriff's general fund for all parish licenses collected.

Local: **Ordinance 9538** of November 25, 1992, levies an annual license tax on each insurer engaged in the business of issuing any form of insurance policy or contract on risks located within the city or parish or on risks located elsewhere when they are not subject to any other municipal or parochial taxes and may be subject to payment of any license tax for state purposes. **City Resolution 13115** of August 25, 1982, authorizes the Mayor-President on behalf of the City of Baton Rouge to enter into an agreement with the Sheriff of East Baton Rouge Parish providing for the collection by the Sheriff of all city occupational licenses. Although the Finance Department began collecting the fees for these licenses on July 1, 1992, the Sheriff continued to be compensated for that collection; in November 2007 the Sheriff and the City-Parish entered into an **Agreement** whereby, beginning in January 2008, this fee is no longer paid to the Sheriff.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Finance Department–Revenue Division.

Transmittal: Recorded as received by the Finance Department–Accounting Division.

Comments: Insurance premiums tax collections are cyclical in nature. The greatest collections are received in the first half of each year, because the tax is due on January 1 and becomes delinquent on June 1.

PAYOR OF TAX:

The insurance premiums tax is levied on **each insurer engaged in the business of issuing or which receives payment of the premium for any insurance policy or contract** on all risks located within the city or parish, or engages in the business of issuing any insurance policy or contract within the city or parish on risks located elsewhere, which are not subject to any other municipal or parochial license tax.

COMPUTATION OF TAX:

The City-Parish Insurance Tax Ordinance 9538 provides that the amount of tax levied is the maximum amount that municipalities are permitted to levy under L.R.S. 22:838, et seq., provided that the amount of the minimum license thereby levied is fixed at 10% of the gross premiums collected during the previous calendar year, and that it not exceed that set forth in L.R.S. 22:833, which is as follows:

(a) On any insurer engaged in the business of issuing life, accident, or health insurance policies, or issuing endowment or annuity policies or contracts, or other similar forms of contract obligations in consideration of the payment of a premium, whether such insurer is operating in Louisiana through an agent or other representative, the amount of tax is not more than $10 on gross annual premiums up to two thousand dollars, and the additional tax thereafter is not more than $70 on each ten thousand dollars or fraction thereof of gross annual premiums in excess of two thousand dollars. The maximum tax payable by any one insurer of the above named types of insurance policies or contracts cannot exceed $21,000 payable to the city and $21,000 payable to the parish.

(b) On any insurer engaged in the business of issuing policies, contracts, or other forms of obligations covering the risk of fire, marine, transportation, surety, fidelity, indemnity, guaranty, workers' compensation, employers' liability, property damage, livestock, vehicle, automatic sprinkler, burglary, or insurance business of any other kind whatsoever in the state, whether such insurer is operating in Louisiana through agents or other representatives or otherwise, not more than the following:

1st Class: When the gross receipts are not more than $2,000, the license tax may not exceed **$40**;

2nd Class: When the gross receipts are more than $2,000, and not more than $4,000, the tax may not exceed **$60**;

3rd Class: When the gross receipts are more than $4,000, and not more than $6,000, the tax may not exceed **$80**;

4th Class: When the gross receipts exceed $6,000, the additional tax thereafter may not be more than **$70** for each $10,000, or fraction thereof, in excess of $6,000.

The maximum license tax payable by an insurer may not exceed $9,000 payable to the city and $9,000 payable to the parish.

THIS ITEM IS SUBJECT TO CONFIDENTIALITY STATUTES

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation for parish, municipal, and other local purposes strictly public in their nature. **Louisiana Revised Statute 4:552 A (1)** provided that the local governing authority of the parish or municipality in which the licensed berth of a riverboat is located may levy an admission fee of up to two and one-half dollars for each passenger boarding or embarking upon a riverboat. For purposes of this statute, "licensed berth" means the berth, dock, facility, or boarding area from which a riverboat excursion is authorized to originate by the Louisiana State Riverboat Gaming Commission or from which a riverboat is authorized by the commission to operate. **L.R.S. 4:552** was re-designated to **L.R.S. 27:93** by Acts 1996, 1st Ex. Sess., No. 7 § 3 eff. May 1, 1996. **L.R.S. 27:93 A (11)** authorizes the governing authority to levy a fee not exceed 4.5% of the monthly net gaming proceeds in lieu of the statutory admissions fee.

Local: **Ordinance 10014** dated August 24, 1994, established an admission fee of $2.50 for each passenger boarding or embarking upon a riverboat operating on a river, lake, or other waterway with a licensed berth in Baton Rouge and which is authorized to originate its excursions in Baton Rouge by the Louisiana State Riverboat Gaming Commission. The fee is due and payable when a passenger boards a riverboat. The operator of the riverboat is required to submit a report relative to the previous month's business on or before the 20th day of the following month. Interest at the rate of 1¼% per month and penalties equivalent to 5% per month, or fraction thereof, not to exceed 25% in aggregate, of the fee due may be assessed if payments of the fee are delinquent. **Resolution 35231** dated August 24, 1994 authorized the Belle of Baton Rouge to pay $1.25 to the City-Parish in addition to the $2.50 established by state law. This additional amount was required to be paid for two years, beginning from the date of riverboat gaming operations (9/30/94) or until construction of a convention-size hotel was begun. Beginning in 2009, **Resolution 46289** dated June 25, 2008, authorizes 15-year agreements through 12/31/2023 with Louisiana Casino Cruises and Catfish Queen Partnership in Commendum dba Belle of Baton Rouge, to remit a contractual fee of up to 4.5% of the monthly net gaming proceeds in lieu of the statutory admissions fee. In addition this same resolution authorizes a 20-year agreement with PNK Baton Rouge Partnership beginning on commencement date, which is anticipated to be May 31, 2012, to remit a contractual fee not to exceed 4.5% of the monthly net gaming proceeds.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Finance–Revenue Division.

Transmittal: Every riverboat operator must remit to the Finance Department–Revenue Division by the 20th of each month the tax arising from net gaming proceeds from the preceding month.

Comments: Riverboat gaming activities began on September 30, 1994, when the Belle of Baton Rouge opened. A second boat, the Casino Rouge (re-named Hollywood Casino), opened on December 28, 1994.

PAYOR OF TAX:

This tax is levied upon **any business conducting riverboat gaming activities in East Baton Rouge Parish**. The casino originally named Belle of Baton Rouge has changed ownership several times and as of March 2009, is owned by Columbia Sussex – Tropicana Casino and Resorts Gambling Division. Casino Rouge was renamed Hollywood Casino and is owned by Penn National Gaming, Inc. Pinnacle is owned by PNK (Baton Rouge) Partnership, a Louisiana General Partnership.

COMPUTATION OF TAX:

Prior to 2009 a tax was charged as a flat rate per passenger. The state authorized rate was **$2.50 per passenger**. However beginning in 2009, each riverboat must pay a fee based on net gaming proceeds (NGP) in lieu of the admission fee. This fee is calculated based the net gaming proceeds for each boat. Below is a detailed summary of the fee computation:

Belle of Baton Rouge:

Current Year Net Gaming Proceeds (NGP)	$0 - $73,599,999	$73,600,000	Greater Than $73,600,000
Fee Remitted: % of Net Gaming Proceeds	2%	3.5%	4.5%
		Once NGP reach $73.6 million $1,104,000 is remitted & begin remitting 4.5% of NGP	

Hollywood Casino:

Current Year Net Gaming Proceeds (NGP)	$0 - $99,999,999	$100,000,000	Greater Than $100,000,000
Fee Remitted: % of Net Gaming Proceeds	2%	3.5%	4.5%
		Once NGP reach $100 million $1,500,000 is remitted & begin remitting 4.5% of NGP	

Pinnacle:

Monthly Net Gaming Proceeds (NGP)	
Fee Remitted: % of Monthly Net Gaming Proceeds	4.5%

Net Gaming Proceeds (NGP) is defined as the total of all cash and property, including checks received by a licensee, whether collected or not, received by the licensee from gaming operations, less the total of all cash paid out as winnings to patrons. For any calendar year that had net gaming proceeds (NGP) in the immediately preceding calendar year that met or exceeded the net gaming proceeds threshold ($73.6 million for the Belle of Baton Rouge and $110 million for Hollywood Casino), the company will remit 3.5% of NGP each month beginning in January. For any calendar year that had NGP in the immediately preceding calendar year that were less than the NGP threshold, the company will remit 2% each month beginning in January until such time as the NGP reaches the NGP threshold at which time the fee will increase in accordance with the schedule above. Pinnacle contract has no threshold requirements.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

In any calendar year that the Belle of Baton Rouge or the Hollywood Casino initially remits 3.5% of NGP but does not achieve the net gaming proceeds threshold for that calendar year, the company shall be entitled to a credit of the amount overpaid to be applied to the fee required to be paid in the subsequent year. If the overpayment occurs in the last year of the contract, the overpayment will be refunded. For the Belle of Baton Rouge, if over a period of two consecutive calendar years the NGP average is in excess of $115 million, the Belle of Baton Rouge will be responsible for remitting 3.5% of NGP up to $100 million and 4.5% on the amount in excess of $100 million.

It has been the policy in the past to utilize all revenues received from gaming for capital improvements or special programs that are not recurring in nature. However, gaming revenues have been a stable source of revenue since 1994; and, beginning in 2006, a portion of these collections is being used as a source of funds for recurring operational needs. In 2011, all gaming revenues are budgeted in the Annual Operating Budget for recurring operational needs.

NOTE: Revenues are shown in the month they are received by the gaming operator. These revenues are remitted to the City Parish in the following month.

The current contracts with the riverboats provide for a sliding scale in determining the admission tax ranging from 3.5% to 4.5% of net gaming proceeds, with a rollback provision to 2% should net gaming proceeds decline below a certain benchmark as stated in the Computation of Tax section above. Throughout 2010 the Belle of Baton Rouge remitted 3.5% of net gaming proceeds, however only 2% was due since the benchmark was not met. The adjustment shown above reflects a credit for this difference.

THIS ITEM IS SUBJECT TO CONFIDENTIALITY STATUTES

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 47:2127** (formerly 47:2101), as amended by **Act 1259 of the 1995 Legislature**, provides that all property taxes unpaid at December 31 of each year shall bear interest at the rate of 1% (reduced from 1¼%) per month or any part thereof from December 31 of said year. **Act 819 of the 2008 Legislature** enacted a new Chapter 5 of Subtitle III of Title 47 that comprised of **L.R.S. 47:2101 to L.R.S. 47:2127**. **L.R.S. 47:341** authorizes the tax collector, administrator of finance, treasurer, or other officer whose duty it is to receive and collect taxes and money due to each municipality or parish to enforce the collection of any and all taxes due. **L.R.S. 47:343** provides for the payment of delinquent interest and penalty, to be computed from March 1 of the year for which they are due. **L.R.S. 47:349** requires each person to keep a reasonable record of his gross receipts, gross fees, or commissions, or loans made.

Local: **Ordinance 10127** of December 14, 1994, provides for interest and penalties if the sales and use tax due by a dealer is not paid on or before the 20th day of the month following the month for which the tax is due. In the event of suit, attorneys' fees are charged on the aggregate of tax, interest, and penalty. The **Agreements with the Baton Rouge Area Convention & Visitors Bureau** provide for interest and penalties on unpaid occupancy tax on the same schedule as that of the sales and use tax. **Ordinance 9027** of December 13, 1989, provides for interest and penalties if the amount of gross receipts tax due by a public utility is not paid on or before the 25th day of the month following the quarter for which the tax is due. In the event of suit, attorneys' fees are charged on the aggregate of tax, interest, and penalty. **Ordinance 9537** (Occupational License Tax) of November 25, 1992, provides that all occupational license taxes become delinquent on March 1 of each year, and it is the duty of the City-Parish Finance Department–Revenue Division to enforce collection of delinquent accounts in accordance with L.R.S. 47:341, et seq. Sections 4 and 7 of **Ordinance 9538** (Insurance Tax Ordinance) of November 25, 1992, provide for penalties and interest if any insurer fails to pay his license tax on or before June 1. **Ordinance 10014** dated August 24, 1994, provides for interest at the rate of 1¼% per month and penalties equivalent to 5% per month, or fraction thereof, not to exceed 25% in aggregate, of the fee due if payments of gaming admissions taxes are delinquent.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Property Taxes: Sheriff of East Baton Rouge Parish (contact Octave Anthaume at 389-4817).
Other Taxes: Finance Department–Revenue Division.

Transmittal: Property Taxes: Transmitted monthly to Finance Department–Revenue Division.
Other Taxes: Recorded as received.

PAYOR OF TAX:

Property Taxes: All owners of real estate must pay state and parish taxes in the calendar year in which the assessment is made. These taxes are due as soon as the tax roll is filed in the office where the mortgage records are kept and become delinquent on December 31 of the year in which they are assessed, after which date interest is collected from the property owner at the rate of 1% per month or any part thereof. All owners of real estate are charged with the knowledge that, if taxes assessed thereon are not paid within the time fixed by law, the property will be advertised for sale and sold to satisfy such taxes.

Gross Receipts Business Taxes: If the amount of tax due by the public utility is not paid on or before the 25th day of the month next following the quarter for which the tax is due, interest and penalties are collected on the unpaid amount. In the event of suit, attorneys' fees are charged on the aggregate of tax, interest and penalty.

Sales and Use Taxes: If the amount of tax due by the dealer is not paid on or before the 20th day of the month next following the month for which the tax is due, the dealer must pay interest and penalties on the unpaid amount. In the event of suit, attorneys' fees are charged on the aggregate of tax, interest, and penalty.

If a dealer fails to make a report and pay the tax or if the dealer makes a grossly incorrect or false or fraudulent report, the Finance Director estimates the amount of tax due and collects the tax and interest plus penalty. In the event such estimates and assessments require an examination or audit of books, records, or documents, the Finance Director will add to the assessment the cost of such examination. If the Finance Director finds that any person or dealer liable for the payment of sales and use tax has plans to leave the city, or to discontinue business, or to do any other act tending to prejudice any proceedings that might be instituted to collect such tax so that it becomes important that such proceedings be instituted without delay, the Finance Director may make an arbitrary assessment and proceed under such arbitrary assessment to collect the tax or demand security for it, and thereafter shall cause notice of such findings to be given to the dealer together with a demand for an immediate return or report along with payment of the tax. If the tax, penalties, and interest so assessed are not paid within fifteen days, an additional penalty of 5% of the tax is assessed. Failure to pay any tax causes the tax, interest, penalties, and costs to become immediately delinquent, and the City/Parish may then file a motion to show cause why the dealer should not be ordered to cease from further pursuit of business as a dealer. In the case where such rule is made absolute, the order is considered a judgment in favor of the City/Parish, and the dealer may not pursue his business until he has paid the delinquent taxes, interest, penalties, and costs.

Occupancy Taxes: If the hotel or motel owner or operator does not pay this tax on or before the 20th day of the month next following the month in which the tax is collected from his patrons, interest and penalties are collected from that hotel or motel owner or operator.

Occupational License Taxes: All persons or companies pursuing any trade, profession, vocation, calling, or business in the City-Parish who are subject to the payment of occupational license taxes under the constitution and laws of Louisiana must pay their occupational license taxes during the first two months of the calendar year. All unpaid occupational license taxes become delinquent on March 1 of each year and are assessed penalties and interest.

Insurance Premium Taxes: Each insurer engaged in the business of issuing or receiving payment for any form of insurance policy or contract on risks located within the city or parish, or issuing any form of insurance policy or contract within the city or parish on risks located elsewhere when not subject to any other municipal license tax, must pay the required renewal fee prior to June 1 of each year. All insurance premium taxes become delinquent on June 1 and are assessed penalties and interest.

Gaming Admission Tax: If a business conducting riverboat gaming operations fails to pay the admissions fee in a timely manner, interest and penalties are imposed.

COMPUTATION OF TAX:

All **property taxes** become delinquent on the 31st day of December of each year, and **interest** is computed at the rate of **1% per month** or any part thereof from said date.

Gross receipts business taxes are due and payable on the first day of the month next following each quarter in the year. If the amount of tax due is not paid on or before the 25th day of the month next following the quarter for which the tax is due, **interest** is computed at the rate of **1¼% per month**, or fractional part thereof; and, in addition, there is a **penalty** equivalent to **5% per month**, or fractional part thereof, not to exceed 25% in aggregate, of the tax due. Both interest and penalties are computed from the first day of the month next following the quarter for which the tax is due. In the event of suit, **attorneys' fees** will be charged at the rate of **10%** on the aggregate of tax, interest and penalty.

With regard to delinquent sales and **use taxes, occupancy taxes, and gaming admission taxes, interest** is computed on the unpaid amount at the rate of **1¼% per month** or fractional part thereof. In addition, there is also collected a **penalty** equivalent to **5% per month**, or fraction thereof, not to exceed 25% in aggregate of the tax due, when such a tax is not paid on or before the 20th day of the month next following the month for which the tax is due. In the event of suit, **attorney's fees** will be charged that dealer at the rate of **10%** of the aggregate tax, interest, and penalty. If, after the Finance Director makes an arbitrary assessment, the dealer refuses to pay the taxes, penalties, and interest thereon within the time prescribed, there is added to the amount so assessed a sum equivalent to 5% of the tax.

A delinquency **penalty** of **5% per month** is imposed on all persons who fail to pay the required **occupational license** tax prior to March 1. An **additional 5%** is charged for each additional thirty days or fraction thereof during which the failure continues, up to a maximum of 25%. In addition to the penalty, **interest** is charged at the rate of **1¼% per month** with no maximum.

Any insurer who fails to pay the required **insurance premium tax** prior to June 1 of each year is charged a penalty of **5% per month, or fractional part thereof, up to a maximum of 25%. Interest** is charged at a rate of **1¼% per month** with no maximum.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Section 10 g (3) of the City and Parish Sales Tax Ordinance and Ordinances 9537 and 9538 state that, if the failure to pay the taxes when due is explained to the satisfaction of the Finance Director, the Finance Director may waive payment of the whole or any part of any penalty and may waive payment of any interest charged in excess of the rate of 1¼% per month. Ordinance 9027 authorizes the Finance Director to waive the penalty if the failure to pay gross receipts business taxes is explained to his satisfaction.

There is a 25% limit on the penalty on delinquent Gross Receipts Business Taxes, Sales & Use Taxes, Occupational License Taxes, Insurance Premium Tax, and Gaming Admission Tax.

Amounts are shown above for actual collections from Licenses and Permits as well as for the amounts that would have been collected if inflation had been the only factor. As reflected above, actual collections from these sources increased slightly from 2000 through 2004, after which they rose sharply as construction increased in the aftermath of Hurricane Katrina, and decreased in 2008 as collections stabilized once more. The decline in 2009 can be attributed to the recession and the increase in 2010 represents a rebounding economy.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, § 30	Code of Ordinances: Title 9, § 60 Title 10, Chapter 3 Title 10, Chapter 6 Ordinance 9384, 12/11/91

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation for parish, municipal, and other local purposes strictly public in their nature.

Local: **Title 9, Section 60, of the Code of Ordinances** provides for an annual franchise or privilege tax on taxicabs.

Title 10, Chapter 3, of the Code of Ordinances provides for the regulation of limousines, taxicabs, and tourist guide or sightseeing vehicles in the City of Baton Rouge and the Parish of East Baton Rouge.

Ordinance 9384 of December 11, 1991, amends the various ordinances granting franchise rights to limousine companies to change the rate of the franchise tax to a flat fee.

Title 10, Chapter 6, of the Code of Ordinances provides for the regulation of ambulances in the City of Baton Rouge and the Parish of East Baton Rouge.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Finance Department—Revenue Division.

Transmittal: Recorded as received.

Comments: The public conveyances fee collections are **somewhat cyclical in nature**. The ordinance states that the taxicab franchise fees and ambulance fees must be paid by January 10 of each year. Limousine services are required to pay quarterly.

PAYOR OF FEE:

An annual franchise or privilege tax is levied on **all persons, associations of persons, firms, and corporations engaged in the business of carrying passengers for hire** that operate wholly or partly within the corporate limits of the City of Baton Rouge or Parish of East Baton Rouge. "Vehicle for hire" means all motor vehicles for hire, propelled or operated on, over, and upon the public streets, alleys, highways, or boulevards of the City of Baton Rouge and the Parish of East Baton Rouge, carrying six persons or less including the driver, that are subject to call from a garage, office, taxi-stand, or other place.

Any person who operates a limousine service pays a franchise tax for the right to operate on the streets of the City-Parish for a period of one year from effective date of the respective ordinance.

Any person who operates a vehicle for hire must have that vehicle inspected twice each year, in March and in September, by the Central Garage Division of the Department of Public Works, and must pay an inspection fee to the Department of Finance by January 10 of each year.

Any person who operates a private ambulance service pays an annual fee to the City-Parish.

COMPUTATION OF FEE:

An annual franchise fee of **$75 per vehicle** is paid by all persons operating **taxicabs**. **Limousine services** pay an annual franchise tax of **$150.00 per vehicle**.

The amount of **$10 per vehicle for hire** is paid by each applicant at the time each such vehicle is registered or licensed. In addition, each owner of a vehicle for hire shall pay **$20 for each vehicle** to be operated during the year for the cost of biannual inspections, and an additional **$10 for any required reinspection**.

The annual **private ambulance fee** is **$10.00 per vehicle per year**, payable during January of each year. An **annual inspection fee of $50.00** is charged for each air ambulance.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, § 30	Code of Ordinances Title 10, Chapter 7

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature.

Local: **Title 10, Chapter 7, of the Code of Ordinances** of the City of Baton Rouge and the Parish of East Baton Rouge provides that any person who resides in the city or parish and who operates or uses a bicycle upon any of the streets, alleys, lanes, or highways of the city or parish must register such bicycle and pay a registration fee. Any person acquiring a bicycle must have it registered or, if it is already registered, must have the registration transferred to him within ten days of its acquisition. The term "bicycle" includes tricycles and means any vehicle propelled by human power by action of the feet upon pedals, upon which a person may ride, having wheels with a diameter of twenty inches or larger. The owner of the bicycle, or the owner's parents or guardian, should register the bicycle by applying to the Chief of Police of the City of Baton Rouge and paying a registration fee. The Chief of Police then issues a registration certificate and a number plate, which must be kept securely fixed in a conspicuous place on the frame of the bicycle for which it is issued. License tags issued will be permanent and have no expiration date. Licensed new-bicycle dealers may purchase registration plates in lots of ten or more, and the dealer must attach a plate to every new bicycle sold before actual delivery to the owner. Records will be furnished by the dealer of such transactions to the Chief of Police.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Police Department–Bicycle Registration Section.

Transmittal: Remitted at least weekly to Department of Finance–Revenue Division.

PAYOR OF FEE:

Any person who registers a bicycle must pay the bicycle registration fee.

COMPUTATION OF FEE:

When a bicycle is registered; when the registration is transferred to another person; or when a number plate is issued to replace one that has been mutilated, lost, stolen, or misplaced, a **$5 fee** is charged.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Any bicycle registration licenses purchased but unissued by a new-bicycle dealer must be returned to the Chief of Police for refund if the dealer goes out of business.

NOTE: Historically, the majority of new bicycles are sold in November and December of each year, so the greatest amount of registration revenue is received at year end. The decreases in 2007 and 2010 can be attributed to the fact that no bike auctions were held in those years. Although bike auctions were held in 2008 and 2009, they could not off-set the decline in retail bike sales.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature.

Local: **Title 8, Chapter 1, Part II** (Air Conditioning, Heating, Ventilation, and Mechanical Refrigeration Systems) **of the Code of Ordinances** of the City of Baton Rouge and Parish of East Baton Rouge requires a license and payment of fees for any person who engages in business as an air conditioning and heating contractor. **Ordinance 11136** of April 22, 1998, amends the Code of Ordinances by increasing the examination fee for an Air Conditioning and Heating license and clarifies various sections. **Ordinance 14497** of September 24, 2008, amends the Code of Ordinances by adopting the most recent edition of the International Mechanical Code.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works–Inspection Division.

Transmittal: Remitted to Department of Finance–Revenue Division at least weekly.

Comments: Air conditioning and heating license revenues are **cyclical in nature**. Licenses expire on December 31 of the year issued. As a result, most of the license revenue is received in November, December, and January.

PAYOR OF FEE:

Any person who engages in business as an **air conditioning and heating contractor** must file an application with and obtain a license from the mechanical official. An air conditioning and heating contractor means any person, firm, corporation, association, partnership, company, or organization of any kind that procures an agreement to service, alter, or install air conditioning, heating, ventilating, or mechanical refrigeration equipment. Exceptions to the requirement are as follows:

(a) Persons performing work in connection with the manufacture or testing of air conditioning, heating, refrigeration, or ventilating materials, devices, or apparatus are not considered engaged in business as air conditioning and heating contractors and are not required to obtain licenses.

(b) Licenses may be issued without examination to persons holding licenses issued by other governmental agencies, provided it is determined by the Heating and Air Conditioning Board that the license was issued under requirements no less restrictive than those required by the Board.

COMPUTATION OF FEE:

License and renewal fees are **based on the category of license issued** and are set out below. In addition, each applicant for an examination pays an **examination fee of $150**.

(a) **Class A licenses** are effective for all phases of heating, air conditioning, ventilation and refrigeration. The cost is **$150 for the initial license and $100 for renewal**.

(b) **Class B licenses** are limited to small commercial equipment up to ten tons, and all residential air conditioning and heating including apartments and mobile homes. The cost is **$75 initially** and **$40 for renewal**.

(c) **Class R licenses** include commercial refrigeration installation and service of walk-in coolers, ice makers, reach-in coolers, and display cases. The cost is **$75 initially** and **$40 for renewal**.

(d) **Class S licenses** include servicing air conditioning and heating. The cost is **$20 for the renewal fees**. There is no initial fee.

(e) **Class M licenses** are for maintenance of air conditioners and heaters only. The cost is **$15 for the renewal fee**. There is no initial fee.

(f) **Class FE licenses** are for automatic fire extinguisher systems. The cost is **$75 for the initial fee and $40 for the renewal fee**.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Any person who fails to secure a permit prior to installing or altering equipment or who violates any of the provisions of this code shall upon conviction be subject to a fine of not more than $1,000 or less than $500, or imprisonment for not more than 60 days, or by both fine and imprisonment. A separate offense is deemed committed upon each day during which or on which any violation occurs or continues.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, § 30	Code of Ordinances Title 8, Chapter 3, §8:302 – 304 Ordinance 14498, 09/24/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature.

Local: **Title 8, Chapter 3** (Electrical Code) **of the Code of Ordinances** of the City of Baton Rouge and the Parish of East Baton Rouge requires each person, firm, or corporation that wishes to install or contract to install electrical installations or engage in the business of building, constructing, assembling, installing, and repairing of electrical fixtures or contracting to build, construct, assemble, install, and repair such light fixtures to pass an examination, pay the necessary fees, and obtain a license. However, if a person has taken and successfully passed the State of Louisiana Examination for Statewide Electrical Work, that person is exempt from taking any local and municipal regulatory examinations. He or she will be required to pay all local licensing fees and maintain an active state license. **Ordinance 14498** of September 24, 2008 amends the Code of Ordinances by adopting the most recent edition of the National Electrical Code.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works–Inspection Division.

Transmittal: Remitted daily to Finance Department–Revenue Division.

Comments: Electrical contractor revenues are **cyclical in nature**.

PAYOR OF FEE:

Any person, firm, or corporation that installs or contracts to install electric conductors, dynamos, motors, materials, and electrical apparatus, or who engages in the business of building, constructing, assembling, installing, and repairing electric light fixtures or contracting to build, construct, assemble, install and repair such light fixtures must obtain a license and pay the necessary fees. These provisions do not apply to personnel of the city, the parish, or the Louisiana Department of Highways engaged in the installation and maintenance of signal lights and other incidental electrical work necessary for the proper and safe flow of traffic. Each applicant for an electrical contractor's license must take and pass a written examination that tests the qualifications and competency of the applicant. An applicant who is duly licensed to practice electrical engineering in the State of Louisiana is exempt from this examination.

COMPUTATION OF FEE:

Each person, firm, or corporation licensed hereunder must pay an **initial fee of $150** and an **annual renewal fee of $100**. A **fee of $100** must be paid by applicants **for each examination**. No refunds are made for failing to take or pass the examination. Each license granted is for the fiscal year ending December 31 and is not transferable. The full license fee is charged for any year or fraction thereof, except that any person, firm, or corporation commencing business any time after July 1 of any year pays a **fee of $100** for said half year or portion thereof. Should the licensee fail to renew his license by December 31, a **penalty of $10** per month or part thereof shall be paid until March 1. However, for a payment of **$25** per year, a license may be maintained in an inactive state for up to 5 years. A temporary certificate may be issued for **$75** for a specific, one-time installation.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, § 30 Louisiana Revised Statutes 37:1361	Code of Ordinances Title 8, Chapter 2 Title 9, Chapter 14 Ordinance 14495, 09/24/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature. **L.R.S. 37:1361** created a State Plumbing Board which is empowered to test and license any person actually engaged in the act and business of a master plumber effective January 1, 1991.

Local: **Title 8, Chapter 2 (Plumbing Code) of the Code of Ordinances** of the City of Baton Rouge and the Parish of East Baton Rouge requires that all persons who construct, install, extend, reconstruct, alter, repair, or improve any plumbing system, or do any plumbing, be licensed and bonded and pay the prescribed fees prior to beginning any such work. **Title 9, Chapter 14**, requires any person who desires to operate a business in the Parish of East Baton Rouge as a swimming pool contractor, builder, or repairer (both commercial and residential), to obtain a license. The term "swimming pool" as used in this title includes whirlpools, spas, hot tubs, and above-ground swimming pools. **Ordinance 14495** of September 24, 2008 amends the Code of Ordinances by adopting the most recent edition of the Louisiana State Plumbing Code.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works–Inspection Division.

Transmittal: Remitted as collected to the Department of Finance–Revenue Division.

Comments: Plumber's license revenue collections are cyclical in nature so that at least 75% of collections normally come in December, January, and February. This is due to the requirement that a master plumber's license be renewed by March 1 each year.

PAYOR OF FEE:

No person may construct, install, extend, reconstruct, alter, repair, or improve any plumbing system, or do any work in connection with plumbing or plumbing systems, unless he qualifies as a master plumber and is licensed and bonded and pays the required fees. The "plumbing system" includes the sewer and vent system, the water supply and gas supply distributing pipes, and the fixtures and the fixture traps with their devices, appurtenances, and connections. A licensed journeyman plumber, having successfully met the requirements of the Louisiana State Board of Examiners of Journeyman Plumbers and holding a current license issued by said Board and a City-Parish journeyman's license, is permitted to construct, reconstruct, install, alter, or repair any plumbing system or do any plumbing work if he is under the supervision of a licensed master plumber.

Applicants for a master plumber's license must submit to the Chief Plumbing Inspector an application properly completed and accompanied by the examination fee. Licenses issued during any calendar year will expire, unless sooner revoked, on December 31 of that year. Any licensee who at the end of any calendar year holds a license in good standing may upon payment of the required license fee obtain a new license for the year following. A licensed maintenance plumber may perform the maintenance of existing plumbing systems in hotels, office buildings, factories, hospitals, universities, or similar buildings. A licensed maintenance plumber is not required to meet all the requirements of a licensed master plumber, provided his work or the work performed under his supervision is limited to maintaining, repairing, and/or replacing existing plumbing fixtures or pipes and does not include the alteration, enlargement, or addition of any part of the plumbing system.

All contractors who install, repair, replace, or test gas lines must apply for a gas fitter's license. This license will become invalid on the last day of each year and is to be renewed on the first working day of the following year.

COMPUTATION OF FEE:

The following work certificate fees are levied for each calendar year:

Master plumber's work certificate	$150
Master plumber's work certificate renewal	100
Journeyman license	10
Journeyman license renewal	10
Pool installer's license	100
Pool installer's renewal	50
Gas fitter's examination	100
Gas fitter's license or renewal	50

Licenses issued during any calendar year expire on December 31 of that year. A swimming pool contractor/builder's license must be renewed on or before January 1 of each year.

Before issuance or renewal of a work certificate for any master plumber, the master plumber must deposit $100 with the Department of Finance. This deposit will be used to pay any reinspection fees or delinquent permit charges. Whenever any part of this deposit is used, the Department of Finance requires the master plumber to make additional deposits in order to keep the original deposit at a sum of $100. This deposit is held for one year after the expiration of the master plumber certificate in order to cover any delinquent permits or inspection charges.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, § 30	Code of Ordinances Title 6, Chapter 4, Sec. 6:390

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution of 1974** authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature.

Local: **Title 6, Chapter 4, Sec. 6:390, of the Code of Ordinances** of the City of Baton Rouge and the Parish of East Baton Rouge authorizes the private collection of garbage and/or trash by the issuance of a license upon the application of the private collector and the payment of the appropriate license fee.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Finance–Revenue Division.

Transmittal: Receipts are recorded as collected.

PAYOR OF FEE:

Private collectors of garbage and/or trash must apply for the license with the Finance Department–Revenue Division, which immediately forwards a copy to the Director of Public Works and the EBR Parish Health Unit. If the facts in the application are verified and the applicant's vehicles approved, a license is issued to the applicant and permits issued for the vehicles upon payment of the required fees.

COMPUTATION OF FEE:

The private collection license is effective for a calendar year, after which it expires and must be renewed. The private collector must pay an **annual license fee of $200 for each vehicle** and will not be less than $200 for any portion of a year. A **fine of $100 per vehicle** is assessed as a penalty for each use of an unlicensed vehicle.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana State Constitution, 1974, Article VI, Section 30 Louisiana Revised Statutes 26:493	Ordinance 14472, 08/27/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other purposes strictly public in their nature. **L.R.S. 26:493** authorizes the various subdivisions of the state to regulate, but not prohibit except by referendum vote, the business of wholesaling, retailing, and dealing in alcoholic beverages.

Local: **Ordinance 14472** (Wine, Beer and Liquor Ordinance) of August 27, 2008, states that any person employed or used in a class A or B licensed retail business who, as a function of his duties, dispenses, sells, or serves any alcoholic beverage must hold a permit. This includes, but is not restricted to, bartenders, barmaids, waiters, waitresses, cocktail waitresses, doormen, bouncers, disc jockeys, and managers, excepting persons holding a dealer's license. Any person employed or used in a Class B licensed retail business who, as a function of his duties, dispenses, sells, or serves any alcoholic beverages (including but not restricted to sales clerks, retail clerks, and check-out counter clerks) is required to hold a Retail Clerk Alcoholic Beverage Permit. Any person employed or used in a Class A licensed retail business whose primary function is to take orders for and serve alcoholic beverages in conjunction with serving meals is required to obtain a waiter/waitress alcoholic beverage permit. The ordinance also regulates the licensing of fashion models and exotic dancers, provides for duplicate and temporary licenses, and sets fees for the various licenses. This ordinance adds chauffeurs employed by a licensed limousine service who, as a function of their duties, dispense, sell, or serve alcoholic beverages to the list of persons required to obtain a classified employee license.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Parish Attorney acts as collecting agent, deposits funds directly into the bank, and forwards the cash receipt forms to the Finance Department for posting.

Transmittal: Revenues are recorded as cash receipt forms are received.

PAYOR OF FEE:

Any person employed or used in a Class A or Class B licensed retail business who, as a function of his duties, **dispenses, sells, or serves any alcoholic beverage** is required to hold a license upon the commencement of his employment. This includes, but is not restricted to, bartenders, barmaids, waiters, waitresses, cocktail waiters, cocktail waitresses, chauffeurs employed by a licensed limousine service, doormen, bouncers, disc jockeys, and managers, excepting persons holding a dealer's license. It also includes sales clerks, retail clerks, and check-out counter clerks employed in a Class B licensed retail business and any person employed or used in a Class A licensed retail business whose primary function is to take orders for and serve alcoholic beverages in conjunction with serving food or meal items. Each applicant for such licenses must meet certain requirements of age, citizenship, lack of criminal record, etc., and in most cases must attend a class to familiarize themselves with the alcohol laws. In certain circumstances a duplicate or temporary license may be issued.

A fashion model is any person who performs services as a model, demonstrates, or in any way displays clothing or wearing apparel of any kind in return for anything of value in or upon any licensed premises in the city. Any person who performs any service or accepts remuneration or anything of value as a fashion model must obtain a classified employee license.

Any person hired to perform as an exotic dancer ("employed or used in any retail business to dance or gyrate or perform any other physical performance") is subject to licensing as a classified employee, except that records of exotic dancers are separately kept and made available to law enforcement officials. Licenses of these individuals are required to be on the premises of the employer and available for inspection by any law enforcement official.

COMPUTATION OF FEE:

Persons employed in **Class A** licensed businesses (including fashion models) must pay a **$25** fee for issuance of a two-year permit, which will expire on the applicant's birth date. Persons employed in Class B licensed businesses must pay a **$25 fee** for issuance of a permit effective for the duration of employment in that particular business. The fee for all duplicate licenses and permits is **$10**. This includes name changes and lost, stolen, or damaged licenses.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Any applicant for a classified employees license who has not yet attended the required class and whose circumstances have changed so that he or she no longer needs this license may apply for a refund.

NOTE: Individuals holding this license may only serve alcoholic beverages and are not allowed to open, dispense, or mix alcoholic beverages. ABC Board employees believe that most waiters and waitresses are applying for Classified Employee Licenses instead of Waiter/Waitress Licenses, since Classified Employees Licenses offer more flexibility and allow the license holder to work at any Class A licensed business in the parish.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 47:341, 26:493	Ordinances: 14472, 08/27/08 14991, 09/08/10

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 47:341** authorizes any municipality or parish to impose a license tax on any person conducting any business within its jurisdiction at a rate no greater than that imposed by the state provided that the imposition of such license tax is approved by two-thirds of the council members and after affording the public an opportunity to comment at a minimum of three public hearings. L.R.S. 26:493 authorizes the various subdivisions of the state to regulate the business of wholesaling, retailing, and dealing in alcoholic beverages, provided that no parish or municipality regulates such business more than is necessary for the protection of the public health, morals, safety, and peace.

Local: **Ordinance 14472** (the Wine, Beer, and Liquor Ordinance) of August 27, 2008, requires all persons, firms, corporations, or associations of persons engaged in or employed for the purpose of furthering the manufacture, sale, dispensing, and/or serving for use or consumption of alcoholic beverages to obtain a license prior to engaging in business. In addition to this license, every retail and wholesale dealer is required to obtain an annual permit. **Ordinance 14991** of September 8, 2010, allows Sunday sales of alcoholic beverages at motels, hotels, restaurants, convention facilities, private clubs, and golf courses.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Parish Attorney acts as collecting agent, deposits funds directly into the bank, and forwards the cash receipt forms to Finance–Revenue.

Transmittal: Revenues are recorded as cash receipt forms are received.

Comments: Liquor and Beer License collections are cyclical in nature, with the greatest collections received in the early part of each year. This is because businesses are required to file their renewals by January 31 of each year. The Alcohol Beverage Control Office holds the fees charged until such time as each application for renewal is reviewed and approved.

PAYOR OF FEE:

Every **retail dealer and wholesale dealer of alcoholic beverages** is required to obtain from the City of Baton Rouge or Parish of East Baton Rouge the proper permit and/or pay the correct annual excise or license tax and/or permit fee according to their sales classification.

COMPUTATION OF FEE:

Pursuant to Ordinance 14206, dealers in alcoholic beverages pay license fees as follows:

Class "A" (Beer): Permits the retail dealer to sell beer, porter, ale, fruit juice, or wine for consumption on the licensed premises at an annual permit fee of **$75**. **Class "A" (Liquor):** Permits the retail dealer to sell any malt, vinous, spirituous, alcoholic, or intoxicating liquors for consumption on the licensed premises at an annual excise or license tax of **$500**. **Class "A" (Beer Caterer):** Permits the retail dealer to sell beer, porter, ale, fruit juice, or wine for consumption off of the licensed premises at a catered function at an annual permit fee of **$75**. **Class "A" (Liquor Caterer):** Permits the retail dealer to sell any malt, vinous, spirituous, alcoholic, or intoxicating liquors for consumption off of the licensed premises at catered functions at an annual excise or license tax of **$500**.

Class "B" (Beer): Permits the retail dealer to sell any beer, porter, ale, fruit juice, or wine for use or consumption off the licensed property at an annual permit fee of **$60**. **Class "B" (Liquor):** Permits the retail dealer to sell any malt, vinous, spirituous, alcoholic, or intoxicating liquor for use or consumption off the licensed property at an annual excise or license tax of **$500**. In addition, any retail dealer holding a Class "B"

license and who also meets all other legal qualifications, may also conduct wine tastings. The fee for allowing wine tasting is **$500** per year per location and the permit fee is **$100**.

Class "C" (Beer): Permits the wholesale dealer to sell beer, porter, ale, fruit juices, or wine at wholesale at an annual permit fee of **$100**. **Class "C" (Liquor):** Permits the wholesale dealer to sell any malt, vinous, spirituous, alcoholic, or intoxicating liquors at wholesale at an annual permit fee of **$500**.

In addition, every Class A, B, and C liquor dealer is required to obtain an annual permit to conduct such business during the appropriate year for the sum of **$5**. Any Class A, B, or C beer and/or liquor dealer who, on or after July 1 of any year, acquires a business currently licensed for that year, pays a license or excise tax of **65%** of the annual amount for the remainder of that year and a **$5** permit fee, in the case of a liquor dealer, for the balance of the appropriate year. The fee for a duplicate license is **$10**.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, § 30 Louisiana Revised Statutes 26:493	Ordinance 14472, 08/27/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature. L.R.S. 26:493 authorizes the various subdivisions of the state to regulate, but not prohibit, the business of wholesaling, retailing, and dealing in alcoholic beverages as is necessary for the protection of public health, morals, safety, and peace.

Local: **Ordinance 14472** (Wine, Beer, and Liquor Ordinance) of August 27, 2008, states that a restaurant that holds a Class A beer and/or liquor license and that serves alcoholic beverages along with food, food items, and non-alcoholic beverages on Sunday is required to have a Restaurant License (Class R). The After-Hours Cleanup permit allows the holder to hire employees to be in or on the premises for the sole purpose of cleaning the premises, between 2:30 a.m. and 6:00 a.m., Monday through Saturday. The Restaurant After-Hours Permit (RAH) is issued to a restaurant that holds a Class R permit and is open after 2:30 a.m. for the sale of food, food items, and non-alcoholic beverages only. All alcoholic beverages must be locked up during this period (from 2:30 a.m. to 6:00 a.m.).

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Parish Attorney acts as collecting agent, deposits funds directly into the bank, and forwards the cash receipt to the Finance Department for posting..

Transmittal: Revenues are recorded as cash receipt forms are received.

PAYOR OF FEE:

Any restaurant that holds a Class A beer and/or liquor license and that serves alcoholic beverages along with food, food items, and non-alcoholic beverages on Sunday is subject to the Restaurant License fee. Persons employed by such establishments are required to obtain the appropriate permit.

In order to qualify for a Class R license, an establishment must:

(a) Hold a Class A beer and/or liquor license/permit.

(b) Operate a place of business whose purpose is primarily to prepare for consumption and to serve meals and meal items to the general public.

(c) Serve food on all days of operation.

(d) File a copy of the applicant's menu together with the application, both new and renewal.

(e) Furnish with new applications an affidavit from the local health department showing compliance with all applicable health and sanitary requirements.

(f) Gross 60% of its monthly revenue from the sale of food, food items, and non-alcoholic beverages.

(g) Maintain separate sales figures for alcoholic beverages.

(h) Operate a bona fide restaurant having a fully-equipped kitchen facility and dining room manned and operated at all times that alcoholic beverages are sold on Sunday.

Any restaurant or bar that wishes to have employees cleaning its premises between 2:30 a.m. and 6:00 a.m. must obtain an After-Hours Cleanup permit. **Any restaurant** that holds a Class R permit and is open for the sale of food and non-alcoholic beverages between 2:30 a.m. and 6:00 a.m. must obtain a Restaurant After-Hours permit.

COMPUTATION OF FEE:

The annual permit fee for a Restaurant License (Class R) is **$85**. In addition, anyone who, on or after July 1 of any year, acquires a business currently licensed for that year must pay a fee or excise tax of the annual amount for the remainder of that year. The annual fee for a Restaurant After-Hours Permit (Class RAH) or an After-Hours Cleanup Permit is **$50**; the Cleanup Permit can be updated for new personnel for an additional fee of **$20**. The fee for all duplicate licenses and permits is **$10**.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 33:4861.1, et seq.	Code of Ordinances Title 9, Chapter 10 Ordinance 11160, 06/10/98

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:4861.1, et seq.**, authorizes any incorporated municipality or the governing body of any parish to license bona fide veterans', charitable, educational, religious, or fraternal organizations, and civic and service clubs to hold raffles, bingo, or keno when the net proceeds of such games of chance are to be devoted to educational, charitable, patriotic, religious, or public-spirited uses.

Local: **Title 9, Chapter 10** provides for the licensing and regulation of charitable bingo by the Gaming Enforcement Division. **Ordinance 11160** of June 10, 1998, changes the renewal date of gaming licenses to July 1 to conform to the state gaming law.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Parish Attorney's Office–Gaming Enforcement Division acts as collecting agent, deposits funds directly into the bank, and forwards a Cash Receipt form to the Finance Department for posting.

Comments: Gaming license revenue is **cyclical in nature** due to the requirement that all licenses must be renewed on or before July 1 of each year, or a penalty will be added to the annual fee.

PAYOR OF FEE:

The Gaming Enforcement Division is authorized to grant licenses to **bona fide non-profit veterans', charitable, educational, or religious organizations** that have been domiciled in the parish for at least 2 years prior to application to hold and operate raffles and bingo games when the entire net proceeds of such games are to be devoted to educational, charitable, or religious uses within the state. Also, any such organizations may use electronic or video machines after having received a license from the Gaming Enforcement Division.

COMPUTATION OF FEE:

Each application for a charitable gaming license must be accompanied by a $50 non-refundable application fee. In addition, each organization receiving a license must pay an annual fee of $50 on or before the first day of July of each year. If payment of annual permit fees is not made by July 1 of any year, a penalty is imposed at the rate of 5% per month, not to exceed 25% of the total delinquency in aggregate. In addition, interest in the amount of ½% per month may be added, not to exceed a total of 8%. For details concerning the assessment paid by each organization to fund the operations of the Gaming Enforcement Division, see the information on the Gaming Enforcement Division (Special Revenue Fund 114). Commercial hall lessors must pay an annual fee of $500.

N/A	Louisiana Constitution, 1974 Article VI, § 30	Code of Ordinances Title 8, Chapter 1, Part II § 8: 20–24 Ordinance 14497, 09/24/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature.

Local: **Title 8, Chapter 1 (Building Code), Part II, Sections 8: 20–24, of the Code of Ordinances** of the City of Baton Rouge and the Parish of East Baton Rouge requires that permits be obtained for air conditioning, heating, ventilation, and mechanical refrigeration work before any such work is started. **Ordinance 14497** of September 24, 2008 amends the Code of Ordinances by adopting the most recent edition of the International Mechanical Code and increasing some of the fees for Air Conditioning and Heating licenses.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works–Inspection Division.

Transmittal: Remitted to the Department of Finance–Revenue Division.

PAYOR OF FEE:

Any person wishing to perform air conditioning, heating, ventilation, or mechanical refrigeration work must obtain a permit before any such work is started. A permit must also be obtained for alterations, additions, or change-out of a major component (condensing unit, air handling unit) of an original installation. Alterations and additions include any change involving an extension to the system, a change in the arrangement, type, or purpose of the original installation, a change in size, or any relocation. A permit issued is construed to be only a license to proceed with the work and cannot be interpreted as authority to violate, cancel, alter, or set aside any provisions of the Building Code. Neither will such issuance of a permit prevent the mechanical official from thereafter requiring a correction of errors in plans or construction or of violations of the Code. Any permit issued becomes invalid if work is terminated for a period of six months. An extension of up to ninety days may be granted by the mechanical official where circumstances warrant. Any person who fails to secure a permit prior to installing or altering equipment is subject to a penalty of double the amount of the fixed permit fees.

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, § 30	Code of Ordinances Title 8, Chapter 3 Ordinance 14498, 09/24/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature.

Local: **Title 8, Chapter 3 (Electrical Code) of the Code of Ordinances** for the City of Baton Rouge and the Parish of East Baton Rouge requires any person, firm, or corporation that installs or contracts to install electric conductors, dynamos, motors, materials, electrical apparatus, or electrical installations, or who constructs, assembles, installs, or repairs any electrical light fixture, to obtain a permit and pay the required fees. **Ordinance 14498**, adopted September 24, 2008, adopted the updated National Electrical Code and amended the permit fee schedule.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works–Inspection Division.

Transmittal: Usually remitted to the Department of Finance–Revenue Division daily.

Comments: Electrical permit revenues are cyclical in that they reflect the upswings and downswings in the economy. Most permits are purchased for new residential and/or commercial construction, and construction is very closely tied to the economy.

PAYOR OF FEE:

Any person, firm, or corporation that installs or contracts to install electric conductors, dynamos, motors, materials, electric apparatus, and electrical installations, or constructs, assembles, installs, or repairs any electrical light fixture must first obtain a permit to do said work. In addition, a permit is required for alterations in the wiring of any building for light, heat, or power, or increase in the load carried by such wires as well as wiring in any building for electrical lights, motors, or heating devices.

COMPUTATION OF FEE:

All fees must be paid prior to the issuance of any permit. A double fee shall be assessed if permit is not obtained prior to starting work. The following is a schedule of fees for the various electrical permits:

Minimum charge for any permit	25.00
Residential trailers and mobile home, including tenant changes	25.00
Re-inspection for second rejection and afterwards	20.00/rejection

Service Entrance Charges:

$ 9.00 through 60 amp.	$22.00 through 800 amp.	$38.00 through 1,800 amp.
$14.00 through 100 amp.	$24.00 through 1,000 amp.	$47.00 through 2,000 amp.
$16.00 through 200 amp.	$27.00 through 1,200 amp.	$51.00 above 2,000 amp.
$18.00 through 400 amp.	$29.00 through 1,400 amp.	$25.00 temporary meter
$20.00 through 600 amp.	$33.00 through1,600 amp.	$23.00 correct wiring

Circuit Charges:

$ 3.50 each branch circuit	$ 7.00 each feeder circuit

Motor Installation Charges:

$ 3.60 fractional hp.	$11.00 7½ through 10 hp.	$22.00 150 through 200 hp.
$ 7.00 1 through 2 hp.	$13.50 15 through 25 hp.	$26.50 250 hp. and above
$ 9.00 3 through 5 hp.	$18.00 30 through 100 hp.	

Temporary Cut-In:

$25.00 for temporary cut-in on residence; application must be renewed every 30 days
$25.00 for temporary cut-in on commercial jobs; application must be renewed every 90 days

Outside Electrical Distribution Systems:

$18.00 per transformer and bank of transformers
$0.15 per foot of overhead or underground line (secondary and primary)

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Penalty for starting work prior to issuance of permit may not exceed $1,000.

Comments: Building permit revenues reflect the upswings and downswings in the economy, since building construction and/or remodeling and alterations of present buildings are very closely tied to the economy. The weather can also be a factor in building permit revenues.

PAYOR OF FEE:

Any person, firm, or corporation that constructs any building or structure in the City-Parish, or alters or remodels any building or structure so as to change its bearing walls, beams, supports, or roof, must first obtain a permit for the work. All fees must be paid prior to the issuance of a permit. An application for a permit must be submitted in such form as the building official may prescribe and contain the full names and addresses of the applicant and of the owners, and, if the owner is a corporate body, of its responsible officer. The application must describe the proposed work and give such additional information as may be required by the building official for an intelligent understanding of the work proposed.

COMPUTATION OF FEE:

The schedule of permit fees for commercial and residential construction is as follows:

(1) For valuations up to $100,000, the fee is $3 per thousand dollars.

(2) For valuations from $100,000 to $500,000, the fee is $300 plus $2 per thousand dollars above $100,000.

(3) For valuations above $500,000, the fee is $1,100 plus $1.50 per thousand dollars above $500,000.

(4) Minimum permit fee is $60

(5) 90-day extensions are $40.

Special Provisions:

(1) A copy of a signed contract is accepted in lieu of valuation by square footage.

(2) A double permit fee may be assessed if a permit is not obtained prior to starting work and shall not exceed $500.

(3) A reinspection permit is required when a second trip is made by the Inspection Department due to rejection, lockout, insufficient information as to location of building or structure, or any other cause for which the applicant is directly responsible. There is a fee of $20 for each re-inspection permit;

(4) FHA and Fannie Mae inspections are $150 plus $20 for each unit after the first in apartment complexes.

(5) Non-emergency inspections before and after hours are $150.

For other structures, including but not limited to signs, fences, swimming pools, etc., valuation is defined to mean the estimated cost to replace the structure in kind, based on current replacement costs at $3 per thousand. Minimum permit fee is $40.

The schedule of fees for demolition of a building or structure is as follows:

For structures through fifteen feet in height, the fee is $50. For structures above fifteen feet, the fee is $50 for the first fifteen feet, and $5 per five feet or part thereof above fifteen feet.

Commercial Occupancy:

(1) Temporary electrical service, sixty days, $25 permit fee.

(2) For any application for a certificate of occupancy, a fee of $40.

(3) A reinspection permit is required when an additional trip is made by the Inspection Division due to rejection, lockout, insufficient information as to location of building or structure, or any other cause directly attributable to the applicant. There is a fee of $20 for each reinspection permit.

(4) For a permit for the relocation of a building or structure to another lot, a $40 fee is charged; where the use of public streets or roads is required, there is charged a fee of $100 per day/per load minimum in transit from starting location to final location.

(5) A mobile home relocation permit fee is $25.00.

(6) Fire department inspection fee of $25 for permit-related inspections inside city limits.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Refunds for building permit fees are made for several reasons if the applicant withdraws his application.

NOTE: The increase in revenues from year to year is due to the growth of mostly residential and some commercial construction in the area. There was a sizeable increase in construction in 2006 that held steady throughout 2007 mainly due to rebuilding efforts after Hurricane Katrina. The decrease in 2008 is due to the demand stabilizing after the completion of most construction related to Hurricane Katrina. The decrease in 2009 is due to a decline in construction as a result of the recession.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution of 1974 Article VI, § 30	Code of Ordinances Title 8, Chapter 2 Ordinance 14495, 09/24/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature.

Local: **Title 8, Chapter 2 (Plumbing Code) of the Code of Ordinances** of the City of Baton Rouge and the Parish of East Baton Rouge requires any person who constructs, installs, extends, reconstructs, alters, repairs, or improves any plumbing system or does any plumbing work to obtain a permit before beginning such work. **Ordinance 14495** of September 24, 2008 amends the Code of Ordinances by adopting the most recent edition of the Louisiana State Plumbing Code.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works–Inspection Division.

Transmittal: Remitted to Finance Department–Revenue Division, usually daily.

Comments: Plumbing and gas permits are slightly **cyclical in nature**. The months of January and December are for the most part the lowest revenue collection months. At other times collections rise and fall and seem largely unpredictable.

PAYOR OF FEE:

Anyone who wishes to construct, install, extend, reconstruct, alter, repair, or improve any plumbing system or **do any plumbing work** must first obtain a permit to do such work. Application for a plumbing permit must be filed with the plumbing section of the Inspection Division by a licensed master plumber or his authorized representative before beginning the construction, reconstruction, alteration, or repair of any portion of the plumbing system of any building. The master plumber who desires to perform all types of plumbing work must obtain a type "A" work certificate. The master plumber may obtain a type "B" work certificate, which will restrict him to residences and small commercial establishments.

A permit is required for installation or replacement of all hot water heaters. In addition, a permit may be issued to any person owning his own home and living therein, for plumbing work to be done or installed in the said home, provided that the owner personally purchases all materials, performs all labor in connection with said work or installation, complies with all the rules and regulations contained in the Plumbing Code, obtains and pays for a permit to do said work and pays other required fees, and demonstrates to the satisfaction of the chief plumbing inspector that he understands the work that he proposes to execute.

COMPUTATION OF FEE:

A detailed schedule of these fees can be found at www.brgov.com/dept/dpw/inspections.

An inspection fee must be paid before plumbing and gas permits can be issued. Any person who commences any work on a plumbing system before obtaining the necessary permits shall be subject to a penalty of 100% of the usual permit fee in addition to the required permit fees. Any person who commences any work on a swimming pool before obtaining the necessary permits shall upon conviction be punished by a fine not exceeding $1,000, or by imprisonment not exceeding 30 days, or both.

All new plumbing work, and such portions of existing systems as may be affected by the new work, and any change must be inspected to ensure compliance with all requirements of the Plumbing Code and to assure that the installation and construction of the plumbing system is in accordance with the approved plans. An inspection fee must be paid prior to the issuance of permit.

Before issuance or renewal of a work certificate for any master plumber, the master plumber must deposit $100 with the Department of Finance. This deposit will be used to pay any reinspection fees or delinquent permit charges. Whenever any part of this deposit is used, the master plumber must make additional deposits in order to keep deposit at a sum of $100. This deposit shall be held for one year after the expiration of the master plumber certificate in order to cover any delinquent permits or inspection charges.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, § 30	Code of Ordinances Title 8, Chapter 5

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature.

Local: **Title 8, Chapter 5, Section 501 of the Code of Ordinances** of the City of Baton Rouge and the Parish of East Baton Rouge requires that no person shall move any building or structure without a permit for such work being issued. **Title 8, Chapter 5, Section 555** (House Moving) of the Code of Ordinances of the City of Baton Rouge and the Parish of East Baton Rouge requires any person who is engaged in business as a building mover to file an application with and secure a license from the building official prior to engaging in such business and each licensed building mover to obtain a permit prior to moving any building over, along, or across any highway, street, or alley.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works–Inspection Division.

Transmittal: Remitted to Revenue Division several times a month.

PAYOR OF FEE:

Any person who is engaged in business as a building mover must file an application with and secure a license from the building official prior to engaging in the operation of such business. A building mover is any person who moves or procures an agreement to move over, along, or across any highway, street, or alley, any structure designed, built, or occupied as a shelter for persons, animals, or property and used for residential, business, mercantile, storage, commercial, industrial, institutional, assembly, educational, or recreational purposes. Each person who desires to engage in such business must make application in writing to the building official and secure liability insurance covering all of his working operations, including loading buildings upon vehicles, in certain minimum amounts. House moving permits are issued to **licensed building movers** and must be obtained from the building official prior to the movement of any building over, along, or across any highway, street, or alley.

COMPUTATION OF FEE:

The original license fee is $150. Persons securing licenses after June 30 of any year pay a fee of **$75**. All such licenses expire on December 31 of the year in which issued and must be renewed on or before January 31 of the following year. **The annual renewal fee is $100**. All applications for **permits** shall be accompanied by cash or check payable to the city-parish in the sum of **$40**. The fee for the relocation of a building to another lot is **$100** per load per day where the use of public streets or roads is required. When required by the Chief of Inspection, the contractor shall pay the expense of any officers assigned to accompany the movement at the assigned rate.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Any person found in violation of this ordinance is subject to a fine of not more than $1,000, or imprisonment for not more than ten days, or both, at the discretion of the judge.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, § 30 Louisiana Revised Statutes 26:493	Ordinance 14472, 08/27/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature. **L.R.S. 26:493** authorizes the various subdivisions of the state to regulate, but not prohibit, the business of wholesaling, retailing, and dealing in alcoholic beverages as is necessary for the protection of public health, morals, safety, and peace.

Local: **Wine, Beer and Liquor Ordinance 14472** of August 27, 2008, states that the Alcoholic Beverage Control Board, with the consent of the Metropolitan Council member in whose district a special event is to be held, may grant a Special Event Permit to individuals or organizations for the purpose of serving beer and/or liquor in conjunction with the event, as long as the organization is not delinquent on any tax, license, or fee to the City-Parish, and, except for businesses located within the Downtown Development District, limiting the availability to individuals whose major business is not the sale of alcoholic beverages. The Special Event Permit may not be issued to include a Sunday. All businesses within the territorial limits of the Downtown Development District are eligible for a Special Event Permit regardless of whether or not their main business is the sale of alcoholic beverages.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Parish Attorney acts as collecting agent, deposits cash directly into the bank, and forwards a Cash Receipt form to the Finance Department for posting.

Transmittal: Revenues are recorded as Cash Receipt forms are received.

PAYOR OF FEE:

Those individuals or organizations that are not religious, charitable, non-profit, or fraternal, whose main business is not the sale of alcoholic beverages, and that wish to hold an event in which liquor is sold are required to obtain a permit and remit the appropriate fees.

COMPUTATION OF FEE:

The fee for a Special Events Liquor Permit (which includes wine and beer) is $300, or $100 for beer only.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

No more than twelve Special Events Permits may be issued to any location in any given year.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, § 30	Code of Ordinances Title 9, Chapter 9, § 422

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30 of the Louisiana Constitution** of 1974 authorizes a political subdivision to exercise the power of taxation under authority granted by the legislature for parish, municipal, and other local purposes strictly public in their nature.

Local: **Title 9, Chapter 9 § 422 of the Code of Ordinances** of the City of Baton Rouge and Parish of East Baton Rouge requires that 30 days subsequent to installation of an alarm in an existing home or occupation of a new home, every alarm user must obtain an alarm permit for each alarm system that she or he operates within the City-Parish. An alarm user is defined as any person, firm, company, partnership, or corporation possessing a functional alarm system to which law enforcement personnel may be required to respond.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Police Department–Alarm Enforcement Office (389-3805).

Transmittal: Remitted to the Finance Department–Revenue Division several times each week.

PAYOR OF FEE:

Every alarm user must obtain a permit for each alarm system that he or she operates within the City-Parish. Permits are automatically renewed, without action by the alarm user, if the alarm user did not have more than five false alarms during the permit period.

COMPUTATION OF FEE:

The permit fee is **$25**. There is no fee for renewals except that any applicant for renewal must have paid in full, at the time of the renewal, any and all penalties that may have been assessed during the previous calendar year exclusive of those penalties which may be under appeal. Penalties are assessed for excessive false alarms responded to, as follows: $10 for each over five; $25 for each false alarm over ten.

(2) Collections deposited here are for chauffeurs licenses collected at $15 each.

(3) This license is required for every transient merchant or temporary fixed location merchant who buys, sells, or trades secondhand property.

(4) Amounts credited to this account represent license fees paid by fence-installation companies. Each fence company pays $100 for its initial license and $50 per year thereafter for renewal.

(5) This is the issuance of an Annual Resident Parking Permit fee of $5.00 acquired through the DPW Inspection and Permit Office available to residents of Spanish Town.

(6) The purpose of this revenue account is for the collection of permit fees for infrequent occurrences of services provided by companies that do not have contracts with the City-Parish. In 2007, $25,673.60 was received from Gulf Land & Seismic, Inc. for a permit to conduct a 3-D seismic survey for the exploration of oil and gas reserves.

(7) Revenues deposited in this account represent license fees paid by sign contractors. Each sign contractor pays a yearly license fee of $50.

The spike in 2006 was primarily the result of FEMA reimbursements associated with Hurricane Katrina. In 2007, there was an increase of $1 million in supplemental pay and a one-time payment of $224,000 for tobacco tax. There were increases in supplemental pay in 2008, 2009, and 2010. Also in 2010, there was a Medicare drug subsidy rebate of over $1.3 million.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 48:193	Agreement between the Louisiana DOTD, Office of Engineering, and the Parish of East Baton Rouge, effective 07/01/09. Resolution 47851, 04/28/10

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 48:193** directs the Department of Transportation and Development to repair and keep in operating condition at its sole cost and expense all municipal roads or streets that form a continuation of the system of state highways. Further, this statute states that at the request of the governing authority of a municipality the work may be contracted out to the municipality, but all such maintenance costs must be borne by the state.

Local: **An agreement between the State of Louisiana, Department of Transportation and Development, Office of Engineering, and the Parish of East Baton Rouge effective July 1, 2010**, carries out the provisions set forth in L.R.S. 48:193. In this agreement, the City of Baton Rouge agrees to maintain the 260 traffic signal lights listed on the attachment to the agreement, for which maintenance the D.O.T.D. agrees to reimburse the City of Baton Rouge. This agreement is effective through June 30, 2011. **Resolution 47851**, dated April 28, 2010, authorizes the Mayor to sign the 2010-11 agreement with the state.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works–Engineering Division.

Transmittal: Recorded as remitted to the Finance Department–Accounting Division.

PAYOR OF FEE:

In the agreement, the City-Parish agrees to maintain the 260 traffic signal lights on the list attached to the agreement. In exchange for these maintenance obligations assumed by the City, the **Department of Transportation and Development agrees to reimburse the City-Parish at a fixed rate**.

COMPUTATION OF FEE:

The agreement of July 1, 2010, provides that the **municipality will be reimbursed** for 260 approved traffic light installations **at the rate of $2,440 per signal per year**. For each traffic signal added during the year, the maintenance costs are computed in a pro-rated basis for the number of months remaining in the year.

INTERPRETATION OF LEGAL AUTHORIZATION:

Federal: The **Civil Defense Act of 1950** provides for the responsibility for civil defense to be vested primarily in the several states and their political subdivisions, with the federal government providing necessary coordination, guidance, and support. Equipment that is determined by the Federal Office of Emergency Preparedness to be necessary to a civil defense organization will be financed in part by the federal government. The 1950 Act was amended by **Public Law 85-606** of August 8, 1958, which further provides for the federal government to pay one-half of the cost of necessary state and local civil defense personnel and administrative expenses. The **Federal Emergency Management Agency's Civil Preparedness Guide 1-3, Comprehensive Cooperative Agreement General Program Guidelines**, assists state and local officials on procedures to follow when receiving financial assistance and provides general information for emergency management programs for use by state and local governments in developing, maintaining, and improving emergency management capabilities. The **Robert T. Stafford Disaster Relief and Emergency Assistance Act** (Stafford Act) (Public Law 100-707) is an amended version of the Disaster Relief Act of 1974 and is designed to bring an orderly and systemic means of federal natural disaster assistance for state and local governments. In October 2000, the law was amended again by passing the **Disaster Mitigation Act of 2000** (Public Law 106-390) to revise the disaster assistance programs.

State: **L.R.S. 29:721-736** (the Louisiana Emergency Assistance and Disaster Act) provides for state and local civil defense and emergency preparedness agencies and the organization, powers, duties, functions, responsibilities, personnel, and funding thereof.

Local: **Ordinance 262** of August 12, 1953, establishes a local organization for civil defense in accordance with the State Civil Defense Plan and Program for the City of Baton Rouge. **Ordinance 8434** of June 10, 1987, amends Ordinance 262 so as to include the entire Parish of East Baton Rouge.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The State of Louisiana Military Department, Office of Homeland Security & Emergency Preparedness, receives these funds from the federal Office of Emergency Preparedness.

Transmittal: Remitted to Finance Department-Revenue Division.

PAYOR OF FEE:

Up to 50% of the cost of the equipment that is necessary to the civil defense program, as determined by the federal Office of Emergency Preparedness, is financed by the federal government and equally matched by the state from any source it determines is consistent with its laws. Such equipment does not include items that the local community utilizes in combating local disasters except when required in unusual quantities dictated by the requirements of the civil defense plans. In addition, the federal government is authorized to make financial contributions to the states not to exceed one-half of the total cost of necessary state and local civil defense personnel and administrative expenses.

COMPUTATION OF FEE:

The City-Parish is reimbursed up to a **maximum of 50% of the personnel and administrative costs** authorized under the FEMA Program. This reimbursement is based upon a formula. The federal government remits a lump sum to the state, of which two-thirds is allocated among participating parishes. The more

parishes there are that participate, the lower the amounts allocated to each one. The salaries of the Office of Homeland Security & Emergency Preparedness employees are authorized reimbursable costs. The personnel portion for the most part remains fixed, while the administrative portion of the reimbursable costs may vary each month. Upon approval by the federal government of a projected capital expenditure that may be used directly for civil defense, the City-Parish may purchase the item and submit the required documents to the federal government. The City-Parish is then reimbursed **up to 50% of the cost of the capital item**.

By the end of the first quarter of each federal fiscal year the state Office of Homeland Security & Emergency Preparedness advises the City-Parish of the amount of money allocated to East Baton Rouge Parish for that year. During the year, if additional amounts are available from program surplus, those additional amounts are distributed among the parishes.

42 U.S.C.§ 1751-1788 (National School Lunch Act)	Agreement between Louisiana Dept. of Education and U.S. Dept. of Agriculture	Agreement between City Police, Juvenile Services Detention Center, and Louisiana Dept. of Education, Bureau of Food and Nutrition Services

INTERPRETATION OF LEGAL AUTHORIZATION:

Federal: The objective of the **National School Lunch Act** (42 U.S.C. 1751-1788) is to safeguard the health and well-being of the nation's children and to encourage the domestic consumption of nutritious agricultural commodities and other food by assisting the states in providing an adequate supply of food and other facilities for the establishment, maintenance, operation, and expansion of non-profit school lunch programs.

State: An **agreement between the Louisiana Department of Education and the United States Department of Agriculture** provides for the implementation and regulation of a school lunch program in Louisiana.

Local: An **agreement between the Baton Rouge City Police, Juvenile Detention Center and the Louisiana Department of Education, Bureau of Food and Nutrition Services**, provides for participation of the Juvenile Detention Center in school breakfast and lunch programs. Effective January 1, 1994, the Department of Juvenile Services consolidated all juvenile functions and assumed control of the detention center.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Louisiana Department of Education receives the federal meal money from the United States Department of Agriculture.

Transmittal: The Department of Education remits the funds to the Department of Juvenile Services, which forwards it to the Finance Department.

PAYOR OF FEE:

The **Louisiana Department of Education** reimburses the City-Parish from federal funds for the cost of breakfasts and lunches for detainees at the Juvenile Detention Center. This is from the same federal free-meal program that exists in the schools to provide free breakfasts and lunches for children who cannot afford to pay.

COMPUTATION OF FEE:

The City-Parish is reimbursed for the number of meals served to eligible children, according to rates assigned by the Department of Education. As shown below, the current rates for children eligible for free meals are **$1.22 for breakfast** and **$2.46 for lunch**. There is no reimbursement for supper because it is considered to be part of the normal school day.

NOTE: In 2006 the reimbursements for July, October, November, and December were requested and received too late to be posted to the proper year and are reflected in 2007 revenues, thereby understating revenues in 2006 by $21,906.58 and overstating them in 2007 by the same amount. This is the main reason for the apparently large variances shown in 2007 & 2008. Additionally, the July 2008 School Food Service Reimbursement was not requested in a timely manner. The Juvenile Services Department requested an exception and the state reimbursed for that month in the amount of $4,959.15. This reimbursement was received in March 2009.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 48:193	Agreement between the Louisiana DOTD, Office of Engineering, and the Parish of East Baton Rouge

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 48:193** directs the Department of Highways (now the Department of Transportation and Development) to repair and keep in operating condition at its sole cost and expense all municipal roads or streets that form a continuation of the system of state highways. Further, this statute states that at the request of the governing authority of a municipality the work may be contracted out to the municipality, but all such maintenance costs must be paid by the state.

Local: **An agreement between the State of Louisiana, Department of Transportation and Development, Office of Engineering, and the Parish of East Baton Rouge effective July 1, 2010**, currently carries out the provisions set forth in L.R.S. 48:193. In this agreement, the DOTD acknowledges its obligation to bear the expense of keeping in operating condition the municipal roads and streets that form a continuation of the state highway system and contracts with the parish to perform necessary repair and maintenance functions. The parish agrees to mow grass and cut or otherwise control weeds, trees, or other vegetation around signs, guardrails, and bridge ends, and to be responsible for picking up litter within the designated, dedicated, or apparent rights-of-way on the U.S., Louisiana, and Interstate routes indicated on the list attached to the agreement. The parish is to be reimbursed by the DOTD at stated rates for a total stated amount. This agreement covers the period July 1, 2010, through June 30, 2011.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works–Engineering Division.

Transmittal: Recorded as remitted to the Finance Department–Accounting Division.

PAYOR OF FEE:

The **Department of Transportation and Development (DOTD) of the State of Louisiana** reimburses the Parish of East Baton Rouge for the cost of maintaining certain specified roads or streets that form a continuation of the system of state highways.

COMPUTATION OF FEE:

The agreement between the Department of Transportation and Development and the Parish of East Baton Rouge states the number of miles and the rate at which the Parish will be reimbursed. As of July 1, 2010, these were as follows:

48.36 miles of divided streets at **$500 per cycle, per mile**.
26.07 miles of interstate streets at **$875 per cycle, per mile.**
68.45 miles of undivided streets at **$250 per cycle, per mile**

The total amount to be reimbursed during the term of the 2010-2011 agreement is $521,490. Reimbursement is to be made on a semi-annual basis.

NOTE: Revenues are posted in the month they are collected. The amounts shown for January and February 2008 are the posting and reversal to accrue the October-December 2007 payment back to December 2007. Since the posting and reversal were not done in the same month, they do not net to zero in 2008 as they normally would. This also applies to amounts shown in the first quarter of 2010. Typically this revenue is received in two payments; however, the payment for 07/01/08-12/31/08 was received in July 2009 with the 01/01/09-06/30/09 payment. Because it was too late to accrue back to the prior year, 2009 appears to have a significant increase while 2008 & 2010 appear to have a significant decrease.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 47:332.2 B	Cooperative Endeavor Agreement between the State of Louisiana and the City-Parish of Baton Rouge, 04/06/98 Resolution 39197, 12/09/98 Resolution 41500, 12/12/01

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 47:332.2 B** provides the disposition of the state Hotel/Motel Sales Tax collected by the state and rebated to East Baton Rouge Parish. It allows the monies in the fund to be available for capital improvements at the Baton Rouge River Center (formerly the Riverside Centroplex), the Louisiana Art and Science Museum (formerly the Louisiana Arts and Science Center), Riverfront Promenade, and related projects in the Riverfront Development Plans of the City of Baton Rouge.

Local: **Resolution 39197** of December 9, 1998, authorizes the Mayor-President to execute a Cooperative Endeavor Agreement with the State of Louisiana in connection with the Louisiana Arts and Science Center/Planetarium in the amount of $6.8 million. This agreement states that the City-Parish will provide $3.4 million and the State of Louisiana will provide $3.4 million. **Resolution 41500** of December 12, 2001, authorizes the Mayor-President to execute a Cooperative Endeavor Agreement with the State of Louisiana in connection with the Riverside Centroplex Expansion and Street Realignment Project in the amount of $50.04 million. This agreement states that the City-Parish will provide $24.270 million and the State of Louisiana will provide $25.770 million.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Finance–Accounting Division.

Transmittal: The City-Parish receives a rebate of the .97% state Hotel-Motel tax. A portion of this rebate reimburses the General Fund for debt service payments made during the year on the City 2% bonds sold in 1998 and 2001 to finance the riverfront improvements. In 2010, the 2001 bond associated with the River Center/Centroplex was refunded. The rebate will now apply to the 1998 & 2010 B City 2% bonds.

PAYOR OF FEE:

Persons who rent a hotel or motel room in East Baton Rouge Parish pay, among other taxes, a .97% state hotel-motel tax, which is the source for this General Fund reimbursement.

COMPUTATION OF FEE:

The following is a summary of the Riverfront Improvement Bonds' annual payments:

The Hotel-Motel Tax rebate discussed in this section provides a portion of the funds needed for payment of debt service on these bonds. The remainder comes from the Occupancy Tax and the Interest & Penalties on Occupancy Tax (Account Nos. 001..414000 and 001..419400, respectively).

NOTE: In December 2007, an adjusting entry was made to realign the revenue sources of the Riverfront Improvements Debt Service for the City Sales Tax Bond Issue due to an over-collection of the Occupancy Tax. In 2008, the amount for the River Center and Planetarium were combined into one entry, which was *lower* than usual because occupancy tax distributions was higher. In 2009, the River Center and Planetarium were combined into one entry, which was *higher* than usual because there was a decrease in occupancy tax distributions. In 2010, the bond associated with the River Center portion was refunded, therefore requiring a lower debt service payment.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 26:492	Parish Ordinance, 08/13/46

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 26:492** authorizes any parish or municipality through its local governing body to impose a tax on beverages of low alcoholic content of not more than $1.50 per standard barrel of 31 gallons. The tax is based on the amount of these beverages sold and consumed within the parish or municipality.

Local: **Parish Ordinance of August 13, 1946**, levies a tax on all beer, porter, ale, fruit juices, and/or wine having an alcoholic content of not less than one-half of one percent or more than six percent by volume of $1.50 per standard barrel of 31 gallons or fractional part of such barrel sold for consumption in the Parish of East Baton Rouge.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Louisiana Department of Revenue and Taxation–Beverage and Tobacco Tax Section.

Transmittal: Remitted to Finance Department–Accounting Division quarterly.

Comments: Every wholesale dealer in beverages of low alcoholic content collects this tax from its customers and remits the amounts collected, along with an accounting thereof, to the state Department of Revenue by the 20th day of the month following collection.

DISTRIBUTION OF PROCEEDS:

The tax is remitted to the City-Parish less the cost of collection, which cost is retained by the State Collector of Revenue.

PAYOR OF FEE:

The tax is collected by all Louisiana wholesale dealers from **vendees in the Parish of East Baton Rouge** on each sale of beer, porter, ale, fruit juices, and/or wine having an alcoholic content of not less than one-half of one percent or more than six percent by volume.

COMPUTATION OF FEE:

Every wholesale dealer handling beverages of low alcoholic content upon which the tax has not been previously paid files, within 20 days after the expiration of each calendar month, with the Department of Revenue and Taxation of the State of Louisiana a statement under oath of the total amount of such beverages handled and the total amount sold during the preceding calendar month. The rate is **$1.50 per standard barrel of 31 gallons**, or the fractional part of such barrel, on beverages of low alcoholic content sold for consumption in the Parish of East Baton Rouge. The correct amount of tax is remitted to the Collector of Revenue along with the monthly report. The wholesaler is allowed a **2% discount for accurately reporting and timely remitting the taxes due**.

This tax has not been increased since 1946.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

There is a statutory limitation of **$1.50 per barrel**.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes Act 415, Regular Session 2008 22:345 22:347	N/A

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Act 415 of the 2008 Regular Session** redesignated provisions of Title 22 of the L.R.S of 1950 into a new format and number scheme without changing the substance of the provisions. **L.R.S. 22:345** (formerly 22:1583) requires a foreign or alien insurer, other than a life insurer, who carries on business in Louisiana to pay to the state treasurer two percent of fire insurance premiums collected by said insurer during the year ending December 31. **L.R.S. 22.347** (formerly 22:1585) requires that all monies collected under Section 345 be credited to a special fund for distribution to each parish governing authority. Further, these funds are to be allocated and distributed by each parish governing authority to each regularly constituted fire department of the municipality or district, or active volunteer fire department certified by the parish governing authority, based on the population within the area served by said fire departments.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: State Treasurer of Louisiana.

Transmittal: Remitted annually to City-Parish Treasurer.

DISTRIBUTION OF PROCEEDS:

The **state treasurer distributes** the 2% fire insurance rebate to each parish **on the basis of a determination of the established population** category of each parish as shown by the latest federal census or as determined by the Division of Business and Economic Research of Louisiana Tech University under the latest federal-state cooperative program for local population estimates. Those regularly paid fire departments of any incorporated municipality or fire and waterworks district in any unincorporated municipality or active volunteer fire departments first receive an annual sum based upon the population within the geographical area served by that fire department, as follows:

POPULATION	AMOUNT
1 - 2,500	$ 750
2,501 - 5,000	1,000
5,001 or more	1,250

Additional funds are distributed to each parish based on the following population formula:

POPULATION	AMT. PER CAPITA
24,000 or less	$0.34
24,001 - 55,000	.37
55,001 - 100,000	.40
100,001 - 250,000	.44
250,001 - 425,000	.47
425,001 & over	.50

Any balance that remains after making the distributions as stated above is allocated on an equal per capita basis until all of the total collected funds are utilized. If, however, the total amount of the two percent tax collected on fire insurance premiums is less than the amount required to fully implement the formulas above, the amount collected will be prorated equally among the formula categories by the state treasurer prior to distribution to each parish governing authority.

These funds will then in turn be allocated and distributed by the City-Parish to each regularly constituted fire department of the municipality or active volunteer fire department certified by the parish governing authority, based on the population within the area serviced by each fire department. In order to determine the amount to be paid to each department, the following formula must be applied:

(1) Total population serviced by all certified fire units of the parish divided into the total monies received by the parish equals the per capita available for distribution to certified local fire units.

(2) Total population serviced by each certified local fire unit in the parish multiplied by the per capita available as determined in (1) above equals the funds due each certified local fire unit in the parish.

The City-Parish Treasurer is required, within 30 days of the receipt of the money, to pay to the local fire departments the amounts due them.

PAYOR OF FEE:

Every foreign or alien insurer, other than a life insurer, carrying on business in the state must return to the state treasurer a just and true account of all premiums received from businesses in Louisiana that insure property of any nature or description against loss or damage by fire during the 12-month period ending December 31 of each year.

COMPUTATION OF FEE:

The amount collected by the state from the insurance companies is **2% of the amount of premiums received** to insure property of any nature or description against loss or damage by fire as shown by the required return. The portion of this tax to be allocated by the state to East Baton Rouge Parish is calculated according to the formulas described under DISTRIBUTION OF PROCEEDS above.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

This money must be used only for the purpose of **rendering more efficient and efficacious regular and/or volunteer fire departments**.

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article 7, § 26 Louisiana Revised Statutes 47:1703 Act 1037 of Regular Session, 2010 Legislature	N/A

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article 7, Section 26 of the Louisiana Constitution of 1974** states that a minimum of $90,000,000 will be allocated annually from the state revenue sharing fund. The revenue sharing fund will then be distributed to each parish on the basis of population and number of homesteads in each parish in proportion to population and number of homesteads throughout the state. These funds are distributed to the parishes to offset current losses due to the homestead exemption. **L.R.S. 47:1703** provides for a homestead exemption of $7,500 of the assessed valuation of each bona fide homestead. **Act 1037 of the Regular Session of the 2010 Legislature** provides the distribution allocation for the 2010-11 state fiscal year.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Finance Department—Accounting Division.

Transmittal: Remitted by the state in three installments during the year.

DISTRIBUTION OF PROCEEDS:

Louisiana Revenue Sharing funds are distributed by first priority to the tax recipient bodies within the parish to offset current losses due to the homestead exemption.

PAYOR OF FEE:

The homestead exemption law in Louisiana provides that $7,500 of assessed valuation on the home and residence of the taxpayer is exempt from the payment of certain state, parish, and special ad valorem property taxes and that such taxes will be paid out of the **Louisiana Revenue Sharing funds**.

COMPUTATION OF FEE:

The annual amount is equal to that percentage of 80% of the total ($90,000,000) which is equal to the **ratio** which the **population** of the parish bears to the total state population **plus** an amount equal to that percentage of 20% of the total fund which is equal to the **ratio** which the number of **homesteads** in the parish bears to the total number of homesteads in the state. An act is passed each year during the state legislative session which determines the distribution allocation.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Rates are as described above under COMPUTATION OF FEE.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VII, § 4 (E) Louisiana Revised Statutes 30:127 30:145	N/A

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VII, Section 4 (E)** of the Louisiana Constitution of 1974 provides that one-tenth of the royalties from mineral leases on state-owned land, lake and river beds, and other water bottoms belonging to the state or the title to which is in the public for mineral development are to be remitted to the governing authority of the parish in which severance or production occurs. L.R.S. 30:127 sets the minimum royalties to be stipulated in any mineral lease entered into by the State of Louisiana. L.R.S. 30:145 details the allocation of mineral royalties to parishes.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: State Mineral Board.

Transmittal: The State Mineral Board remits royalties collected to the state treasurer, who forwards the City-Parish portion to the Finance Department–Accounting Division quarterly (on the 20th day after the last day of every third month).

DISTRIBUTION OF PROCEEDS:

One-tenth of the royalties from mineral leases on state-owned land, lake and river beds, and other water bottoms belonging to the state or the title to which is in the public for mineral development is **remitted to the governing authority of the parish** in which severance or production occurs.

PAYOR OF FEE:

All lessees under mineral leases for state-owned land, lake and river beds, and other water bottoms belonging to the state or the title to which is in the public for mineral development are required as part of the lease agreement to pay royalties on mineral production to the state as lessor.

COMPUTATION OF FEE:

The minimum royalties stipulated to be paid to the state in any mineral lease agreement, other than a lease executed by or on behalf of a school board, shall be:

1) One-eighth of all oil and gas produced and saved;

2) One-eighth of the value per long ton of sulphur produced and saved, which shall yield not less than two dollars per long ton;

3) One-eighth of the value per ton for all potash produced and saved, which shall yield not less than ten cents per ton;

4) Five percent of all lignite produced and saved;

5) Five percent of the value per ton on a dry salt basis for all salt produced and saved, which shall yield not less than ten cents per ton;

6) One-eighth of all other minerals produced and saved.

The minimum royalties to be stipulated in any lease executed by or on behalf of any school board shall be:

1) One-sixth of all oil and gas produced and saved;

2) One-sixth of the value per long ton of sulphur produced and saved, which shall yield not less than two dollars per ton;

3) One-sixth of the value per ton for all potash produced and saved, which shall yield not less than ten cents per ton;

4) Five percent of all lignite produced and saved;

5) Five percent of the value per ton on a dry salt basis for all salt produced and saved, which shall yield not less than ten cents per ton;

6) One-sixth of all other minerals produced and saved.

NOTE: Large changes can occur from one year to the next because the prices of oil and gas are very volatile and can fluctuate greatly. However, the increase in the fourth quarter collections for 2007 is attributed to production from two new wells. The decreases that took place in 2009 & 2010 are simply related to a decrease in the production of several different fields.

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VII, § 4 Louisiana Revised Statutes 47:631, & 645 et seq. Act 864, 2006 Regular Session	N/A

INTERPRETATION OF LEGAL AUTHORIZATION:

State: As amended by **Act 864 of the 2006 Regular Session, Article VII, Section 4 of the Louisiana Constitution of 1974** provides for the imposition of a severance tax on natural resources severed from the soil or water. It also provides that effective July 1, 2007, one-fifth of the severance tax on all natural resources other than sulphur, lignite, or timber shall be remitted to the governing authority of the parish in which severance or production occurs. The initial maximum amount remitted to the parish in which severance or production occurs shall not exceed eight hundred fifty thousand ($850,000) dollars. The maximum amount remitted shall be increased each July first, beginning in 2008, by an amount equal to the average annual increase in the Consumer Price Index for all urban consumers, as published by the United States Department of Labor, for the previous calendar year, as calculated and adopted by the Revenue Estimating Conference. Effective April 1, 2012, as approved by voters on November 2, 2010 and amended by **Act 541 of the 2009 Regular Session, Article VII, Section 4 of the Louisiana Constitution of 1974,** the annual maximum amount to be remitted to a parish governing authority will increase from eight hundred fifty thousand dollars to one million eight hundred fifty thousand dollars for the first fiscal year of implementation, which amount would increase to two million eight hundred fifty thousand dollars for the following and subsequent fiscal years; and to also provide for an annual adjustment of the maximum amounts in accordance with the consumer price index. **L.R.S. 47:631, et seq.**, contain the provisions for a general severance tax on natural resources in the State of Louisiana. These statutes provide for imposition of the tax on all natural resources severed from the soil or water, including all forms of timber, including pulp woods, turpentine, and other forest products; minerals such as oil, gas, natural gasoline, distilled condensate, casing-head gasoline, sulphur, salt, coal, lignite, and ores; also marble, stone, gravel, sand, shells, and other natural deposits; and the salt content in brine. They also provide for the rate of the tax to be collected by the state on severance of the various types of resources and for the allocation of the amounts collected between the state and the parishes in which the severance or production occurs.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Louisiana Department of Revenue and Taxation.

Transmittal: Remitted to state treasurer, who in turn remits to City-Parish Finance Department–Accounting Division. The timber severance tax and the general severance tax are remitted to the parish quarterly.

DISTRIBUTION OF PROCEEDS:

Currently, one-fifth of the severance tax on all natural resources other than sulphur, lignite, or timber shall be remitted to the governing authority of the parish in which severance or production occurs. The initial maximum amount remitted to the parish in which severance or production occurs shall not exceed eight hundred fifty thousand ($850,000) dollars. The maximum amount remitted shall be increased each July first, beginning in 2008, by an amount equal to the average annual increase in the Consumer Price Index for all urban consumers, as published by the United States Department of Labor, for the previous calendar year, as calculated and adopted by the Revenue Estimating Conference annually.

PAYOR OF FEE:

The severance tax is paid to the State of Louisiana by the **owner of natural resources** at the time of severance.

COMPUTATION OF FEE:

The percentages of the taxes collected by the state that are remitted to the parish are listed above under DISTRIBUTION OF PROCEEDS.

The computation of the taxes to be collected by the State of Louisiana from the owners of the resources being severed from the soil or water is based on the type and quantity of the products or resources severed. For rates currently in effect on each type of natural resource, see L.R.S. 47:633.

(1) The sum of one million dollars annually shall be credited to Louisiana State University and Agricultural and Mechanical College to be withdrawn and used by the University.

(2) To the municipalities of Louisiana which are now or which hereafter are incorporated as municipal corporations. These funds shall be allocated, distributed, and paid to such municipalities on the basis of the population of each as shown by the federal census, and such allocation, distribution, and payment shall be made in accordance with the following schedule:

- (a) Where the population is 1,000 or less, the municipality shall receive $4.65 per inhabitant.
- (b) Where the population is 1,001 to 2,500, inclusive, the municipality shall receive $4.40 for each inhabitant.
- (c) Where the population is from 2,501 to 10,000, inclusive, the municipality shall receive $4.25 for each inhabitant.
- (d) Where the population is from 10,001 to 25,000, inclusive, the municipality shall receive $4.00 for each inhabitant.
- (e) Where the population is from 25,001 to 100,000, inclusive, the municipality shall receive $3.50 for each inhabitant.
- (f) Where the population is above 100,000, the municipality shall receive $2.50 per inhabitant.

(3) In the event that the avails of eight-twentieths of one cent per cigarette tax imposed, less that amount allocated to Louisiana State University and less that amount retained by the collector under this Chapter, should exceed the amount allocated to the several municipalities under the distribution formula, such surplus shall be allocated, distributed, and paid as follows:

(a) The parishes of Cameron, Plaquemines, St. Bernard, St. Charles, and St. John the Baptist, the sum of $1.50 for each inhabitant of each such parish as shown by federal census.

(b) The balance of such surplus shall constitute a fund to be used exclusively for the purpose of increasing the per capita allocation, distribution, and payment to the municipalities in the various categories, beginning with those receiving the smallest per capita allocation.

(c) In addition to the amount, percentages, and allocations above set forth that completely allocates 37.5% of the avails of eight-twentieth of one cent per cigarette tax, cities of over 100,000 population shall receive the further sum of 50¢ for each inhabitant, which amount shall be paid out of the remaining 62.5% of the avails of eight-twentieth of one cent per cigarette tax.

(4) Any remaining amounts of these taxes collected by the state are deposited into the state general fund.

THREE-CENT PORTION

The three-cent portion is distributed in accordance with L.R.S. 47:843(E) as follows:

(1) To pay the cost of collecting the tax.

(2) Of the amount remaining after paying the cost of collecting, 50% to the City of New Orleans, and 50% to all other municipalities and parishes with no municipalities on an equal per capita basis.

PAYOR OF FEE:

Every person who sells, uses, consumes, handles, or distributes cigars, cigarettes, and smoking tobacco in the state pays the excise tax to the State of Louisiana.

COMPUTATION OF FEE:

A. **Cigars**

1. Upon cigars invoiced by the manufacturer at $120 per thousand or less, the tax is 8% of the invoice price.
2. Upon cigars invoiced by the manufacturer at more than $120 per thousand, the tax is 20% of the invoice price.

B. **Cigarettes**

The tax is one cent per cigarette. This 34-cent-per-pack of cigarettes is broken into two dispositions to the City-Parish: (1) eight cents and (2) three cents. The other twenty-three cents is retained by the state.

C. **Smoking Tobacco**

The tax is 33% of the invoice price.

The amounts appropriated each year have been substantially less than the amounts actually collected.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

L.R.S. 47:857 provides that the collector of tobacco tax revenues for the State of Louisiana may promulgate rules and regulations providing for the refund to the dealer of the cost of stamps affixed to goods which by reason of damage become unfit for sale and are destroyed by the dealer or returned to the manufacturer or jobber.

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 33:2002, et seq. 33:2218, et seq. 18:55-59, et seq. 13:1874, et seq. 13:10.3 33:7392 13:2591 Act 664, 2008 Regular Session Attorney General Opinion 94-265	*Plan of Government* Section 8.01(b) Statement 24 of the Governmental Accounting Standards Board

INTERPRETATION OF LEGAL AUTHORIZATION:

State: (1) State Supplemental Pay for Employees:

L.R.S. 33:2002 states that, in addition to the compensation paid by any municipality, parish, or fire protection district maintaining a fire department to the employees of such department, certain employees shall be paid extra compensation by the state. **L.R.S. 33:2218** states that, in addition to the compensation paid by any municipality to any municipal police officer, certain qualified full-time police officers are to be paid extra compensation by the state. **Attorney General Opinion 94-265** interpreted L.R.S. 33:2218.2 to include investigators and the director of the Alcohol Beverage Control Board.

(2) State Pay for Registrar of Voters Employees:

L.R.S. 18:55 provides salary ranges and pay schedules for registrars of voters. **L.R.S. 18:56** states that salaries provided by law for the registrar, the chief deputy, and any other unclassified employees may be supplemented by the parish governing authority. **L.R.S. 18:59** provides for the compensation of deputies, confidential assistants, and other permanent office employees and details how much of those salaries are to be paid by the state and how much by the parish.

(3) Judicial Supplemental Pay for Judges:

L.R.S. 13:10.3 created the Judges' Supplemental Compensation Fund to be used solely and exclusively for salary supplements to judges and commissioners, for related costs of state or municipal retirement funds, and for necessary and associated administrative expenses. **L.R.S. 13:1874** states that, in addition to the compensation and fees payable to the city court judges in this state, each city court judge shall receive a supplemental salary payable by the state. **L.R.S. 13:1874.1** sets the maximum compensation for City Court judges from both municipal and state sources at a level no greater than that received by district judges. In addition, **L.R.S. 13:1875** provides for the annual compensation of City Court judges to be set by the Metropolitan Council.

(4) Municipal Employees' Retirement System:

L.R.S. 33:7392 states that each sheriff and ex officio tax collector shall deduct one-fourth of one percent of the aggregate amount of the tax shown to be collected by the tax roll of each respective parish excepting Orleans Parish, which money each respective sheriff shall turn over to the Municipal Employees' Retirement System of Louisiana. The board of trustees shall annually apportion and pay to the Employees' Retirement System of the City of Baton Rouge and Parish of East Baton Rouge a percentage of taxes remitted by the Sheriff of East Baton Rouge to the Employees' Retirement System for the fiscal year.

(5) State Pay for Justices of the Peace:

L.R.S. 13:2591 states that every justice of the peace and every constable for each justice of the peace court in the state shall be paid by the state an additional salary equal to the amount paid justices of the peace and constables by their respective parishes, in no event to exceed one hundred dollars per month, provided funds are available and appropriated by the Legislature.

Local: **Section 8.01(b)** of *The Plan of Government* requires the Director of Finance to maintain accounting systems for the City-Parish in accordance with the best recognized practices in governmental accounting. In the United States, these standards are determined and promulgated by the nationally recognized Governmental Accounting Standards Board (GASB). **Statement 24** of the GASB defines on-behalf payments for fringe benefits and salaries as direct payments made by one entity (the paying entity or paying government) to a third-party recipient for the employees of another, legally separate entity (the employer entity or employer government). Statement 24 further states that an employer government should recognize revenue and expenditures or expenses for on-behalf payments for fringe benefits and salaries. The employer government should recognize revenue equal to the amounts that third-party recipients of the payments have received and that are receivable at year-end for the current fiscal year.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector:

(1) Upon receipt of warrants drawn by the mayor or parish official of the respective municipalities or parishes, the **Director of the State Department of Public Safety** prepares individual checks to **each eligible employee**.
(2) The **Commissioner of Elections** includes payments for **registrars of voters and their employees** in his annual budget.
(3) **City Court judges** are paid monthly on their own warrant.
(4) The amounts for the **Municipal Employees' Retirement System** are collected by the **Sheriff of East Baton Rouge Parish** (Contact Octave Anthaume, 389-4817).
(5) Upon receipt of warrants drawn by the mayor or parish official of the respective municipalities or parishes, the **Director of the State Department of Public Safety** prepares individual checks to **each eligible law-enforcement employee**.

Transmittal:

(1) The Director of the **State Department of Public Safety** delivers the checks to individual employees by mail or other such means.
(2) For the Registrar of Voter employees, monies are paid to each person by the **Commissioner of Elections**.
(3) City Court judges are paid directly from the Judges' Supplemental Compensation Fund by the **state**.
(4) The **East Baton Rouge Sheriff's Office** remits funds to the **Municipal Employees' Retirement System** of Louisiana. The Board of Trustees of that System then annually apportions and remits funds directly to the Employees' Retirement System of the City of Baton Rouge and Parish of East Baton Rouge. The Finance Department–Accounting Division prepares a journal entry at the end of each year to recognize revenue and expenditures for these payments.
(5) The Director of the **State Department of Public Safety** delivers the checks to individual employees by mail or other such means.

PAYOR OF FEE:

(1) The **Department of Public Safety of the State of Louisiana** pays the supplemental pay to fire and police employees.
(2) The **Commissioner of Elections of the State of Louisiana** is responsible for employees of the Registrar of Voters' office.
(3) The state **Judges' Supplemental Compensation Fund** provides funding for City Court judges' judicial supplemental pay.
(4) Funds are remitted directly to the Employees' Retirement System of the City of Baton Rouge and Parish of East Baton Rouge from the **Municipal Employees' Retirement System of Louisiana**.
(5) **The Department of Public Safety of the State of Louisiana** pays the supplemental pay to justices of the peace and ward constables.

COMPUTATION OF FEE:

(1) **State Supplemental Pay:** L.R.S. 33:2002 (A) and L.R.S. 33:2218.2 (A) provide that state supplemental compensation is to be set at **$425** per month for each eligible employee who has completed one year of service. **Act 664 of the 2008 Regular Session** increased this amount to **$500** per month, this Act will become effective on July 1, 2009.
(2) **Registrar of Voters and Employees:** Pay for the Registrar of Voters, the Chief Deputy Registrar, and the Confidential Assistant is determined by salary schedules set forth in L.R.S. 18:55, et seq. The ranges of those schedules are determined by the population of the parish. Other employees of that office are paid according to state Civil Service scales.

(3) **Each City Court Judge** will be paid **$43,260** in 2011 from the Judges' Supplemental Compensation Fund.

(4) **Municipal Employees' Retirement System:** The amount is arrived at by dividing the number of employees who are members of the Employees' Retirement System of the City of Baton Rouge and Parish of East Baton Rouge, excluding policemen and firemen, by the total number of employees of all other municipalities in the Parish of East Baton Rouge plus the members of said system. The percentage derived from that calculation is applied to the amount turned over by the E.B.R. Sheriff's Office.

(5) **Justices of the Peace and Constables** are paid an amount equal to the compensation paid by each respective parish, so long as that amount does not exceed $100 per month. The amount paid was $50 per month until July 1, 1998, at which time the amount paid by the state was increased to $75 per month. In July 2007 the amount increased to **$100** per month.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

(1) **State Supplemental Pay:** See the COMPUTATION OF FEE section.

(2) **Registrar of Voters:** L.R.S. 18:55 states that no registrar shall receive an annual compensation in an amount which is less that the amount received as of December 31, 1977. L.R.S. 18:59 includes chief deputy registrars and confidential assistants.

(3) **City Court Judges:** L.R.S. 13:1874.1 states that the salary of a judge of a city court shall in no case exceed the salary of a district court judge of the judicial district in which the city court is located.

(4) **Municipal Employees' Retirement System:** Not applicable.

(5) **Justices of the Peace and Ward Constables:** Not applicable.

NOTE: Effective in 1996, GASB issued Statement 24 which requires the City-Parish to record in its financial system on-behalf payments made by the State of Louisiana for salaries and/or fringe benefits of City-Parish employees. Payments to individual employees are made throughout the year; however, the City-Parish records these revenues and expenditures only quarterly, as required by GASB Statement 24. Pursuant to ACT 96 of the 2005 Regular Session of the Louisiana State Legislature, supplemental pay amounts for justices of the peace and ward constables shall be remitted to the parishes by the Louisiana Department of Public Safety and Corrections on a monthly basis, rather than quarterly.

Intergovernmental Revenues	Parish	002 . . 436101	Federal Gov't.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
31 United States Code, Chapter 69, Title 31	N/A	N/A

INTERPRETATION OF LEGAL AUTHORIZATION:

Federal: **31 U.S.C., Title 31, Chapter 69**, recognizes that the inability of local governments to collect property taxes on federally-owned land can create a financial impact and authorizes annual payments by the Bureau of Land Management to local governments to offset losses in property taxes due to nontaxable federal lands within their boundaries. Payments are calculated according to the number of acres of federal land, with limitations involving the population of the locality and the percentage of the fully authorized amount that is actually appropriated.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Finance Department–Accounting Division

Transmittal: Recorded as received.

PAYOR OF FEE:

The **Bureau of Land Management** of the Department of the Interior of the federal government administers this fee and calculates the amount each year.

COMPUTATION OF FEE:

Payment in lieu of Taxes–Federal Government: The amount paid is computed according to a Bureau of Land Management formula. The calculation is made by applying a per-acre amount to the number of acres of non-taxable federal land in EBR Parish, with a limitation imposed by the population of the parish. The rate is adjusted each year according to the CPI, and a proration factor is applied.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

The 2010 payment was limited to $3,228,000 (based on population).

OTHER INTERGOVERNMENTAL REVENUES

Certain revenue accounts have collection histories so erratic or totals so small that it was not considered reasonable to research and describe legal authorizations, procedures, etc., for them. Since they do, however, make up part of the General Fund, charts of their revenues for the past four years are included below:

2010	218.1	23,344,967	22,790,693

In 2005, the City of Central was formed from a previously unincorporated area of the parish. The City-Parish entered into an agreement with the Central Transition District to provide certain city services until the new city is able to provide them for itself, and revenues of over $1.9 million were received for those services in that year. In 2006 and 2007, over $4.5 million was received in each year from the City of Central. The Central Transition District was dissolved as of February 29, 2008, so no further revenues will be forthcoming from that source. Increases in 2009 and 2010 are mostly due to the implementation of traffic safety fees collected from red light cameras as well as accounting for in-house projects in indirect cost calculations.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 13:1898 13:2002 B	*Plan of Government* Section 11.04 City Court *En Banc* Order, 9/1/09

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 13:1898** provides that the Clerk of City Court shall collect all fines, forfeitures, penalties, and costs, and that all funds so collected, excluding costs, shall be paid into the city treasury. The statute also authorizes the Clerk of City Court to collect a fee for processing payments made by credit cards, not to exceed 5% of the amount of taxes, penalties, and interest being paid. **L.R.S. 13:2002 B** provides that costs of court in civil proceedings as established by the Baton Rouge City Court judges sitting en banc shall be paid into the City General Fund.

Local: **Section 11.04** of *The Plan of Government* grants the court full power to make and promulgate its own rules of court, including the right to set and collect civil fees. The **City Court *En Banc* Order effective September 1, 2009**, sets the latest amounts for filing fees in City Court.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Clerk of City Court

Transmittal: The fees charged for filing various pleadings are deposited into a suspense account and later disbursed to a number of agencies and accounts, including this City-Parish revenue account. The portion to be credited to this account is not included in revenue until the disbursement is done, and, depending on the number of City Court employees available to work on disbursing the funds, there may be a sizeable backlog of funds in the suspense account at any given time.

PAYOR OF FEE:

Any person who files a suit in City Court is required to pay an advance deposit to cover filing, docketing, issuing of citation, serving of citation, and judgment costs. The final judgment or compromise agreement states which party ultimately bears these costs.

COMPUTATION OF FEE:

See list of City Court civil fees on file in the Finance Department–Budgeting Division.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

The Civil Fee 2, effective January 1, 2002, is an additional $4.50 on the fee for filing a new civil suit. It is recorded in a separate account and is to be appropriated for capital needs at City Court.

NOTE: Beginning in January 1, 2002, the cost for filing certain pleadings increased by $4.50; this additional amount is segregated in this account for capital purchases for City Court. The increase in revenues in 2008 was due to the volume of civil filings for the city, which increased by 1,023. In addition, funds from this fee are received by City Court immediately when a suit is filed rather than being disbursed after the suit has been closed.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 13:1872–1902** contains general provisions for city courts. **L.R.S. 13:1898** provides in part that the Clerk of City Court is to collect fines, forfeitures, penalties, and costs, and all funds so collected shall be paid into the city treasury when the prosecution is on behalf of the city. **L.R.S. 13:1899** provides that in all criminal matters, including traffic violation cases, in addition to the fine and other penalty that may be legally imposed against every defendant who is convicted or who forfeits his bond, the judge may assess costs of court in an amount not to exceed $30.00. **L.R.S. 32:393 F (1)** states that, for each conviction or forfeiture of bail in cases of traffic violations, a fee of $2.00 is to be added to the fine of the person convicted; and that this fee is to be retained by the court to cover the cost of preparing and submitting an abstract of the court report, which abstract is required by this statute to be sent to the Commissioner of Public Safety and Corrections in all cases of convictions of traffic violations except parking convictions.

Local: **Code of Ordinances Title 11, Sec. 401**, makes the city judges "responsible for the adjudication of parking infractions and the assessment and actual collection of monetary penalties therefor." Effective January 1, 1999, all funds collected as court costs, fines, penalties or other assessments are to be deposited into the General Fund as established by **Resolution 38937**, adopted September 9, 1998. The ***En Banc Order*** effective **August 15, 2009**, sets the most recent Criminal/Traffic Court Cost Collection and Distribution Schedule.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Clerk of City Court

Transmittal: Remitted to the Department of Finance–Revenue Division daily.

PAYOR OF FEE:

Any persons convicted of a criminal, traffic, or parking violation.

COMPUTATION OF FEE:

Court costs are assessed at the discretion of the sentencing judge and established by en banc orders. City Court *En Banc Order* effective August 15, 2009, sets the most recent court costs. These include:

Criminal violations	$ 20.50
Reckless driving, hit & run, DWI	22.50
Traffic violations except DWI, reckless driving, hit & run	23.00
Parking infractions except meter & mobility impaired	10.00
Traffic violations except parking, an additional	2.00
Parking meter infractions	1.00

NOTE: The overall increase in collections can be attributed to an increase in the fee for interpreter charges. Also, there was new suspense account set up in 2010 for revenues collected on cases that are not yet built into the case management system. Upon receipt of an affidavit from the City Prosecutor's office, the case will be built and revenues moved into this account. The negative amount in December was from charges being moved to reflect these changes.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 13:1898 C	*Plan of Government* Section 11.04 City Court *En Banc* Order, 09/01/09

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 13:1898 C** provides that the Clerk of City Court or the Marshal may accept payment by credit card for all fines, forfeitures, penalties, and costs and collect a fee for processing the payments in an amount reasonably related to the expense incurred by the clerk in processing the credit card payments.

Local: **Section 11.04** of *The Plan of Government* grants the court full power to make and promulgate its own rules of court, including the right to set and collect civil fees. The **City Court *En Banc* Order** effective September 1, 2009, is the most recent order setting out the 5% fee for credit card payments.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Clerk of City Court

Transmittal: Remitted to the Department of Finance–Revenue Division daily.

PAYOR OF FEE:

Any person who pays a fine, forfeiture, penalty, and/or court costs by credit card.

COMPUTATION OF FEE:

The fee is **5% of the payment**.

NOTE: Increases in revenues for the years shown are due to an increase in the volume of fines paid with credit cards since the inception of the online ticket payment system and the automated telephone payment system introduced in December 2003. In October 2007, the increase is also attributed to the Court's acceptance of the American Express card. The trend has continued as the volume of transactions has increased.

NOTE: Twelve months of collections are reflected in 2007. The decrease in 2008 and part of the increase in 2009 is from one month from the Sheriff's Office that was paid late. The remainder of the increase in 2009 is from the collection of other payments for service provided in past years. The decrease in 2010 is attributed to some months of services not collected. The Sheriff's Office has not remitted payment for May and August in 2010. District Court has not remitted payment for August thru November in 2010.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
OMB Circular A-87	N/A	Annual Budget Process Ordinance 14682, 06/10/09

INTERPRETATION OF LEGAL AUTHORIZATION:

Federal: **OMB Circular A-87** sets forth the policies and procedures in preparing the cost allocation plan to be applied to federal programs.

Local: Fiscal management fees for special revenue funds, inventory, and the auction facility are addressed during the **annual budget process**. Fiscal Management Fees for In-House Projects is based on **Ordinance 14682** of June 10, 2009.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Finance–Accounting Division.

Transmittal: Recorded periodically by the Accounting Division.

PAYOR OF FEE:

Fiscal Management Fees: A majority of the **grants** for which the City-Parish has been designated as the fiscal manager as well as a majority of **special funds** are charged a fiscal management fee (also referred to as grant administration fee or indirect cost). See the chart below. Grants for capital equipment and police overtime are generally excluded from the assessment of the fee.

Fiscal Management Fees—Inventory: **Purchasers of goods at the DPW Warehouse** pay this fee.

Fiscal Management Fees—Auction Facility: Those **departments and agencies contributing surplus inventory for sale at public auction** pay a percentage of gross receipts, which is used for maintenance of the auction facility, payment of auctioneer fees, and for inventory storage costs.

Fiscal Management Fees—In-House Projects: Those **non-General Fund departments and projects that require services provided by DPW.**

COMPUTATION OF FEE:

Various General Fund departments provide support services to other departments, agencies, and programs. These include personnel services; purchasing services; legal services of the parish attorney; financial services, such as accounting, auditing, and budgeting; management information services; and building maintenance. Maximus, Inc., conducts annual studies to determine the allocation of these services and the proper rate or amounts to be charged therefor. These consultants then provide two cost allocation plans. For fiscal management fee charges in 2010, the two plans are:

(A) a plan based on actual expenditures for the fiscal year ending December 31, 2008; and

(B) a plan based on beginning budgeted expenditures for the year ending December 31, 2009.

Plan A above is prepared in accordance with the policies and procedures contained in OMB Circular A-87 and must be approved by the U.S. Department of Housing and Urban Development. It is then used to determine the rate to be charged to federal grants and programs in 2010. Plan B, also known as the Full-Cost Plan, is used to determine actual amounts to be appropriated in all special (non-grant) funds for 2010.

An administrative charge of 2.0% is assessed on goods purchased at the DPW Warehouse.

Departments and agencies contributing surplus inventory for sale at public auction are assessed a fee of 5% to 10% of gross receipts (percentage depends on actual auction expenses and facility needs).

Ordinance 14682 of June 10, 2009 requires cost to be calculated based on the usage of the wage rate corresponding to Step 9 of the employee's classification, an administrative overhead rate of 120% of the wage rate, and the use of FEMA's equipment rates.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Upon audit of the grants concerned, if indirect costs are determined not to be allowable or to be in excess of the proper amount to be charged, the Accounting Division will make the proper adjustments to credit the grant for the unallowable portion.

Limitations vary according to grant regulations.

NOTE: An administrative charge is assessed for goods purchased at the warehouse to cover possible spoilage. This revenue accounts for the difference between that administrative charge and the actual shrinkage in inventories. In December 2007 and 2010, an adjustment was made to write off obsolete inventory. The revenue in 2008 increased due to an adjustment to the final DPW warehouse inventory. The year-end inventory adjustment for 2009 was less than in 2010 and this caused the decrease in revenue.

NOTE: The auction facility was constructed for storing and safeguarding equipment until it is sold at public auction, with participating departments and agencies paying a percentage of gross proceeds for storage and maintenance costs at the facility. In 2007, two auctions were held. In 2008, two auctions were held; these auctions did not have many vehicles or other items for sale causing the decrease in revenues. In 2009, two auctions were held. Because of budget constraints, many departments are postponing replacement of equipment and vehicles. This resulted in fewer items to be sold. One auction was held in 2010.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 33:1324	Contract between the City-Parish and EBRP School Board, 03/31/66 Contract between the City-Parish and Cities of Baker and Zachary, 08/03/60 Contract between the City-Parish and City of Baker School Board, undated Contract between the City-Parish and Zachary Community School Board, 05/08/03 Resolutions 28101, 11/23/88 41217, 08/22/01

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:1324** authorizes any parish, municipality, or political subdivision of the state, or any combination thereof, to make agreements between or among themselves to engage jointly in the performance of such activity or exercise such power as may be necessary for the completion of an undertaking.

Local: **Contracts and agreements between the City-Parish Government and the East Baton Rouge Parish School Board (03/31/66), the City of Baker School Board (undated), and the Zachary Community School Board (05/08/03)**, authorize the City-Parish Director of Finance to collect, along with the collection of the sales tax levied by the City-Parish, the sales and use tax levied by the School Boards. This contract further states that the School Boards will pay a charge to the City-Parish for the cost of administering, collecting, and enforcing collection of the School Board's sales and use tax. **A contract and agreement between the City-Parish and the Cities of Baker and Zachary dated August 3, 1960**, provides that Baker and Zachary pay the City-Parish for their proportionate share of the consolidated form of tax return. **Resolutions 28101** of November 23, 1988 (Sewer Sales Tax Fund), and **41217** of August 22, 2001 (Parish Street Maintenance Fund), specify that the "reasonable and necessary expenses of collection and administration" will be deducted from those sales tax revenues dedicated to the repair of city and parish roads and sewers.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Finance–Revenue Division collects the sales taxes from which these collection charges are deducted.

Transmittal: Revenues are recorded monthly by the Department of Finance–Accounting Division.

PAYOR OF FEE:

The School Boards and the Cities of Baker and Zachary pay their pro rata share of the cost of collection of the sales and use tax. The **Parish Sewer Sales Tax Fund** and the **Parish Street Maintenance Fund** (through 06/30/97) are also assessed for their pro rata share of the cost of collection.

COMPUTATION OF FEE:

Each month's sales and use tax is sent to the respective taxing authorities by wire transfer in four installments. The first installment is due on the 20th of the month in which the tax is received by the Revenue Division, the second on the 25th of the same month, the third on the last day of the month, and the fourth on the 10th of the following month. From the fourth installment a percentage is deducted from the month's tax as estimated collection costs. The actual percentage for 2007, .94%; for 2008, 1.03%; 2009, 1.10% and for 2010, 1.11%. The estimated collection cost for 2011 is 1.18%. The percentage assessed is adjusted each year. At the end of each year, when the actual costs are calculated, the amounts already charged are adjusted to reflect the actual costs.

The collection cost percentage is assessed against general sales and use taxes, penalties and interest, and audit collections. The sales taxes assessed against vehicle sales are paid directly to the State Vehicle Commissioner and are excluded from the assessment.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Prior to 2010, collection charges were assessed to all taxing districts with the exception of collections for the Green Light portion of the ½ cent road tax. Beginning January 1, 2010, these charges will be collected from all districts.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	L.R.S. 33:4574.1 (D) L.R.S. 33:4574.1.1 (L) L.R.S. 33:9039	Ordinances 9024, 12/13/89 9430, 05/13/92 Resolutions 36969, 06/26/96 36970, 06/26/96 39218, 01/13/99 42867, 10/22/03

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:4574.1 (D)** authorized the governing authority of any parish to form a tourist commission and to levy an occupancy tax to provide funds for its operation, retaining a reasonable sum for a collection fee. **L.R.S. 33:4574.1.1 (L)** authorized the Baton Rouge Area Convention and Visitors Bureau to levy and collect 4% tax on the occupancy of hotel rooms, motel rooms, and overnight camping facilities within East Baton Rouge Parish. One-percent of the proceeds from this tax are to be used for capital improvements and expansion of the Baton Rouge River Center. **L.R.S. 33:9039** created the Capitol House Taxing District as a special taxing district that is able to levy and collect tax on the occupancy of hotel rooms, motel rooms, and overnight camping facilities within the district.

Local: **Ordinance 9024** of December 13, 1989, as amended by **Ordinance 9430** of May 13, 1992, provided that the Finance Department may deduct from the 3% hotel-motel tax authorized at that time a collection fee of $500 per month to defray the costs of collecting the tax, maintaining the necessary records, and forwarding the proceeds to the Baton Rouge Convention and Visitors Commission. **Resolutions 36969 and 36970** of June 26, 1996, re-created the Commission as a political subdivision of the State of Louisiana and authorized the execution of agreements that, among other provisions, allow the Director of Finance to continue to deduct this collection fee. **Resolution 39218** of January 13, 1999, amended the Intergovernmental Agreement authorized by Resolution 36970 to make provisions for an additional 1% tax; the collection fee was left at $500 per month. **Resolution 42867** of October 22, 2003 authorized the mayor to contract with the Capitol House Taxing District for the collection of the hotel-motel occupancy tax levied by the district and allows a collection fee of $500.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The hotel/motel operators collect the occupancy tax from their patrons and forward it to the Finance Department–Revenue Division monthly.

Transmittal: This charge is deducted and recorded by the Finance Department–Accounting Division monthly when the proceeds of the tax are received.

PAYOR OF FEE:

A 4% tax is levied upon the occupancy of hotel and motel rooms located within the City-Parish. The tax is paid by the **person who is entitled to occupancy of the hotel or motel room** to the owner, operator, manager, or controller of the hotel at the time the rent or fee for occupancy is paid which owner, operator, etc., is required to collect this tax and remit the same to the Director of Finance each month. The Department of Finance then deducts the collection fee from the monies received.

COMPUTATION OF FEE:

The monthly collection fee is set at **$500** for the occupancy tax collected for the BR Area Convention & Visitors Bureau, and, beginning in 2006, **$500** for the occupancy tax collected for the Capitol House Economic Development District.

NOTE: Amounts are shown in the months actually received by the City-Parish. The increase in 2007 is due to a new taxing district in the city, the Capitol House Economic Development District. Collections for this district began in September 2006. Four months of collection charges for 2006 and all twelve months in 2007 have been posted to 2007. The decrease in 2008 was a result of revenue collections stabilizing after the delayed collection of those charges.

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 14:71	Resolution 24399, 09/26/85 Ordinance 9733, 10/27/93

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 14:71** defines issuing a worthless check as the issuing in exchange for anything of value, with intent to defraud, of any check, draft, or order for the payment of money upon any bank or other depository, knowing at the time of the issuing that the offender has not sufficient credit with the bank or other depository for the payment of such check, draft, or order in full upon its presentation.

Local: **Resolution 24399** of September 26, 1985, as amended by **Ordinance 9733** of October 27, 1993, authorizes the Department of Finance to charge $15.00 for each NSF check tendered to the City-Parish government, to cover administrative costs for handling such checks.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The City-Parish department/agency that initially received the check.

Transmittal: Remitted to the Finance Department daily.

PAYOR OF FEE:

Whoever issues a worthless check must pay the NSF check fee.

COMPUTATION OF FEE:

The fee is $15.00 for each check returned to the City-Parish because of insufficient funds.

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **City Ordinance 3839** of December 21, 1977, granted to National Concrete Industries, Inc., a franchise to construct and maintain benches for a period of ten years at approved locations and stops on bus routes in the City of Baton Rouge and to use and employ same for advertising, providing for a charge for such franchise and for other terms and conditions relating thereto. **Resolution 26424** adopted July 8, 1987, excluded all properties, streets, roads, rights-of-way, etc., adjacent to BREC parks from any future contracts or franchises for concrete benches or other fixtures with advertisements on them. **Ordinance 8508** of October 14, 1987, renewed the franchise for another ten years at approved locations in the City of Baton Rouge, providing for a charge for such franchise and for other terms and conditions relating thereto. **Ordinance 11050** of December 10, 1997, renewed the franchise for a period of five years at approved locations and provided for a charge for such franchise and other terms and conditions relating thereto. **An Agreement between National Concrete Industries and the City-Parish** was signed January 1, 1998, giving National Concrete Industries the right to place bus benches in appropriate places and to employ the backs of said benches for advertising purposes. **Ordinance 12547** of January 8, 2003, renewed the franchise for one year at approved locations and provided for a charge for such franchise and other terms and conditions relating thereto. **An Agreement between National Concrete Industries and the City-Parish** was signed January 15, 2003, covering the period January 1, 2003, through December 31, 2003. **Ordinance 12813** of November 25, 2003, renewed the franchise for five years at approved locations and provided for a charge for such franchise and other terms and conditions relating thereto. **An Agreement between National Concrete Industries and the City-Parish** was signed January 1, 2004, covering the period January 1, 2004, through December 31, 2008. **Resolution 46608** adopted November 12, 2008, continued the previous agreement and renewed the franchise to construct and maintain benches for a period of five years, beginning January 1, 2009, and ending December 31, 2013 adhering to the terms and conditions in **Ordinance 12813** of November 25, 2003.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: City-Parish Finance Department–Revenue Division.

Transmittal: Recorded as received.

PAYOR OF FEE:

National Concrete Industries, Inc., the company awarded the franchise for the benches in question, pays this fee to the City-Parish for the rights granted to it.

COMPUTATION OF FEE:

Beginning January 1, 1998: The franchise fee increased from $1.00 per bench per month to **10% of gross revenues**; this rate was continued in the agreement of January 1, 2004, and in Ordinance 12813 and Resolution 44608. A new agreement was signed in January, 2009 that extended the franchise agreement with National Concrete to December 31, 2013. The terms and conditions of the new agreement were the same as the prior agreements.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Beginning with the 1/15/03 contract, if the amount due is not paid on or before the 10th day of the month, interest is assessed at the rate of 1¼% per month, or fractional part thereof, on the unpaid amount due. In addition, there is assessed a penalty equivalent to 5% per month, or fractional part thereof, not to exceed 25% in aggregate of the amount due, when such amount is not paid on or before the 10th day of the month.

The revenues reflected in the chart above are revenues earned during the calendar year. However, due to the payment schedule, the revenues reflected in the monthly collection chart represent amounts actually collected, which may include revenues pertaining to the prior year.

National Concrete Industries paid the charges for August through December 2006 too late to be recorded in the proper year, and they are shown in 2007 with the applicable interest & penalties. This explains the apparent increase in 2007 and decrease in 2008. The payment for December 2007 was posted in error to 2008, so 2008 has 13 months of revenue posted.

The 2009 revenue decreased because of a decrease in National Concrete's gross revenues.

The revenue increase in 2010 can be attributed to an increase in customers advertising their services with National Concrete.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Act 10 of the Regular Session, 2005	Intergovernmental Agreement, 07/11/05 Amendment to the Intergovernmental Agreement, 02/20/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Act 10** of the 2005 Regular Session provides for the continued collection of the 2% sales and use tax revenue to fund the provision of essential public services within the City of Central pursuant to the intergovernmental agreement described below. Additionally, it creates the Central Transition District as a taxing district to provide monies for essential public services within the City of Central.

Local: The **Intergovernmental Agreement** among the City-Parish, the Planning Commission, the Central Transition District, and the City of Central, effective July 11, 2005, states that the District shall pay to the City-Parish the proceeds of the 2% sales and use tax levied by the District, less amounts determined by the District to be necessary for the payment of certain expenses. However; the District is to remit to the City-Parish no less than 90% of the District's 2% sales and use tax for any month. In return, the City-Parish will continue to provide all services provided within Central prior to its incorporation. The purpose of this agreement is to assist in a smooth transition of government services. On February 29, 2008, the agreement officially ended, since the City of Central took over the responsibility for its own city services. The **Amendment to the Intergovernmental Agreement** went into effect February 20, 2008. The amendment allowed the City of Central until October 1, 2008, to pay for services rendered in January and February of that year. If timely payments were not made, the City-Parish had the option of withholding any balance owed to the City-Parish from sales and use tax disbursements until any amounts owed were paid in full.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The City-Parish Finance Department–Revenue Division collects all sales and use tax for East Baton Rouge Parish.

Transmittal: A report is transmitted monthly to Finance–Accounting for posting to this account.

PAYOR OF FEE:

The Central Transition District.

COMPUTATION OF FEE:

No less than 90% of the District's 2% sales and use tax.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 33:4727	Unified Development Code Chapter 3, Section 3.3

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:4727** states that the local legislative body may provide for the appointment of a Metropolitan Board of Adjustment for the purpose of hearing and deciding appeals on restrictions and regulations of local zoning provisions or decisions of the Building Official.

Local: **Chapter 3, Section 3.3 of the Unified Development Code** establishes a Board of Adjustment in accordance with L.R.S. 33:4727 and provides for a fee to pay for the advertising and other costs of appeal. Any person appealing to the Board for permission to vary the zoning provisions or any decision of the Building Official must pay a fee at the time of filing such appeal.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works–Inspection Division.

Transmittal: Remitted to the Department of Finance–Revenue Division usually daily.

PAYOR OF FEE:

Appeals to the Board of Adjustment may be taken by any person aggrieved by any decision of the Building Official. Such appeal must be taken by filing a notice of appeal and paying a fee. In addition, if a sign giving notice of the required public hearing is not posted on the affected property in a timely manner, a re-inspection fee must be paid.

COMPUTATION OF FEE:

Any person applying to the Board of Adjustment or taking an appeal to the Board must pay a fee of **$45.00** at the time of making said application or appeal to pay for the advertising and other costs of such application or appeal. Although rarely charged anymore, the re-inspection fee when required is **$20.00**.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	N/A	*En Banc* Order, City Court, 05/01/90 Ordinance 9646, 9647, 06/23/93

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: The **City Court *En Banc* Order of May 1, 1990**, defined eligibility criteria, terms of participation and guidelines for the Pretrial Diversion Program and set forth the fees originally charged for participation in the program. **Ordinances 9646 and 9647**, adopted June 23, 1993, transferred oversight of this program from City Court to the Parish Attorney's office. Budget Supplement 5598 attached to Ordinance 9646 stated that revenue generated by participant fees would be deposited into the General Fund.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Clerk of City Court.

Transmittal: Remitted to the Department of Finance–Revenue Division daily.

PAYOR OF FEE:

Any criminal defendant in City Court accepted for participation in the Pretrial Diversion Program is required to pay the program fee. **A program participant who enrolls in a class** sponsored by the Pretrial Diversion Program must pay for that class.

COMPUTATION OF FEE:

The basic program fee is **$150**. If the defendant is charged with a second offense at the same time, the fee is **$200**; and **$250** for three offenses, which is the maximum fee. The fee may be reduced for indigent defendants. Participants in Defensive Driving, Chemical Abuse Awareness, and Responsible Thinking classes pay **$50** per class. The Anger Control Training class fee is **$55**. There is **no charge** for the Domestic Violence Offender Program. In addition to a **$75** fee to the Louisiana Crime Lab, the fee for possession of marijuana is **$400** and an underage DUI is **$750**. Beginning in 2003, in underage alcohol cases, $75 of this fee goes to the Constable's Office for evidence testing. A fee of **$60** goes to City Court as an administrative tracking fee. A fee of **$360** is collected from all adult DWI defendants who complete pretrial diversion. These fees were established by administrative action of the Parish Attorney's office.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 26:493	Ordinance 14472, 08/27/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 26:493** provides that the various subdivisions of the state may regulate, but not prohibit, except by referendum vote, the business of wholesaling, retailing, and dealing in alcoholic beverages. No parish or municipality shall, in the exercise of its police power, regulate the business of selling such beverages more than is necessary for the protection of the public health, morals, safety, and peace.

Local: **Ordinance 14472** (the Wine, Beer, and Liquor Ordinance) adopted August 27, 2008, provides that all applicants for Class A, B, & R beer/liquor permits for new businesses must file a statement of intent disclosing the proposed location of the new business. This begins the various notification and approval procedures necessary before a permit is granted.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Parish Attorney acts as collecting agent, deposits funds directly into the bank, and forwards the deposit slips to Finance–Revenue.

Transmittal: Receipts are recorded as deposit slips are received.

PAYOR OF FEE:

Any person applying for a Class A, B, or R permit for new businesses must file a statement of intent and pay the related fee. The statement of intent must be submitted to the Alcoholic Beverage Control Board, disclosing the proposed location of the establishment.

COMPUTATION OF FEE:

The fee to file a statement of intent is **$564**.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 47:2121 Act 819 of the 2008 Regular Session	Resolution 36873, 05/22/96 Ordinance 14344, 03/12/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 47:2121** provides that an adjudication of property to a political subdivision for nonpayment of taxes shall be deemed a tax sale. **L.R.S. 47:2121** authorizes the political subdivision to sell the abandoned property. **Act 819** of the Regular Session of the 2008 Legislature transfers the responsibility of adjudication of property from the state to the parish where the property is located.

Local: **Resolution 36873 of May 22, 1996**, authorizes City-Parish participation in a local services agreement with other taxing bodies to provide for distribution of proceeds and payment of property taxes, charges, and liens from the proceeds of the sale of adjudicated surplus property. **Ordinance 14344 of March 12, 2008,** establishes a more uniform procedure for the sale of adjudicated property. This ordinance states that all applications and property will be subject to a $500 deposit and that the fee for an extension shall be $100.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Parish Attorney–Administration/ Property Section.

Transmittal: Transmitted as received to Finance–Accounting.

PAYOR OF FEE:

Anyone wishing to purchase abandoned property must submit a written request to the Property Section of the Parish Attorney's Office. The request must describe the property in question and give the address of the property and the name of the owner of the property at the time of adjudication. A fee must also be included with this letter of request.

COMPUTATION OF FEE:

Beginning with the passage of **Ordinance 14344** in 2008, the amount to be collected from a prospective buyer is a **$500** deposit, which covers the initial application fee, the appraisal fee, and advertisement fees. The estimated cost for the appraisal fee portion of this deposit is as follows: **$150 for a vacant subdivision lot**; **$250 for a subdivision lot with improvements**; and **$350 for acreage.** In addition to the initial application fee, the applicant must pay **$5 for each certified letter** that must be sent.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

If the tax debtor redeems the property before the sale of the property by the parish, the adjudication fee is not refunded. However, if the Metropolitan Council adopts an ordinance authorizing the sale of the property to a higher bidder, the adjudication fee is refunded to the unsuccessful bidder.

FEDERAL	STATE	LOCAL
N/A	N/A	Code of Ordinances, Title 7 Unified Development Code Ordinances 13846, 12/05/06 14254, 11/28/07

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Title 7** of the Code of Ordinances (The Unified Development Code) of the City of Baton Rouge and Parish of East Baton Rouge provides that any proposed amendment to the zoning laws must be advertised in the official journal of the City-Parish. An additional advertisement must be inserted in block ad form in a newspaper of general circulation published in the City-Parish three times not less than ten days prior to the date set for the public hearing on the proposed amendment, with the cost of such additional block advertisement being borne by the applicants for the proposed amendment. In 1997, Title 7 of the Code of Ordinances was incorporated into the Unified Development Code and printed as a separate volume. **Ordinance 13846** of December 5, 2006, requires the Planning Commission to advertise the hearing and provide 15 days notice prior to the hearing to landowners within 150 feet of the boundaries of the land for which the Land Development Application has been requested. **Ordinance 14254** of November 28, 2007, amends the Application Fee Schedule effective January 1, 2008.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: City-Parish Planning Commission.

Transmittal: Remitted to the Finance Department–Revenue Division several times a month.

PAYOR OF FEE:

Any citizen who petitions the Planning Commission for a change or amendment to the zoning laws must pay costs. Before the Commission will consider any such proposed amendment, the amendment must be advertised in accordance with law in the official journal of the City-Parish. An additional advertisement must be inserted in block ad form not less than two columns wide in a newspaper of general circulation published in the City-Parish three times not less than ten days prior to the date set for the public hearing on the proposed amendment. **The cost for such additional block advertisement must be borne by the applicant** for the proposed amendment.

COMPUTATION OF FEE:

The rezoning processing fee, which includes the cost of the block advertisement, is computed by using the acreage of the property in question. The minimum fee is **$375** for any tract up to and including one acre. For every acre thereafter, the fee increases **$75.** The complete Application Fee Schedule is available at http://www.brgov.com/dept/planning/pdf/apps/appfee.pdf.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

If a rezoning request is withdrawn by the applicant prior to the public hearing, any fees paid will be refunded when requested in writing.

NOTE: Rezoning fees are based partially on number of acres being rezoned. Total acreage rezoned in 2007 was 4,681.705 acres; in 2008 it was 2,192.537 acres; in 2009 it was 904.03 acres; and in 2010 it was 420.63 acres. The revenue increased in 2009 due to projects for several large Planned Unit Developments. There were no similarly large tracts rezoned in 2010.

FEDERAL	STATE	LOCAL
N/A	N/A	Code of Ordinances, Title 7 Unified Development Code Ordinances 7445, 02/22/84 14254, 11/28/07

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Title 7** of the Code of Ordinances (The Unified Development Code), amended by **Ordinance 7445** states that a fee to cover the cost of processing a subdivision request shall be paid to the Planning Commission by the subdivider or his engineer, the developer, or the property owner, and that a fee schedule shall be adopted by the Planning Commission. In 1997, Title 7 was incorporated into the Unified Development Code and printed as a separate volume. **Ordinance 14254** adopted a new Application Fee Schedule effective January 1, 2008.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: City-Parish Planning Commission

Transmittal: Remitted to the Finance Department–Revenue Division several times a month.

PAYOR OF FEE:

If a request is accepted for processing, **the subdivider or his engineer, the developer, or the property owner** submits a processing fee to the office of the Planning Commission.

COMPUTATION OF FEE:

A fee schedule is adopted by the Planning Commission to cover the cost of processing requests. The current Application Fee Schedule is available at http://www.brgov.com/dept/planning/pdf/apps/appfee.pdf.

NOTE: The decrease in 2008 was the result of the incorporation of the City of Central, after which the planning and zoning activities of that city were no longer the responsibilities of the City-Parish Planning Commission. In addition, there was an overall decrease in requests for new subdivisions and the concomitant planning activities. Revenue decreased further in 2009 due to the national recession and its continued effect on the development of new subdivisions.

FEDERAL	STATE	LOCAL
N/A	N/A	Code of Ordinances, Title 7 Unified Development Code Ordinance 13846, 12/05/06

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Title 7** of the Code of Ordinances (The Unified Development Code) of the City of Baton Rouge and Parish of East Baton Rouge provides that any proposed amendment to the zoning laws must be advertised in the official journal of the City-Parish. An additional advertisement must be inserted in block ad form in a newspaper of general circulation published in the City-Parish three times not less than ten days prior to the date set for the public hearing on the proposed amendment, with the cost of such additional block advertisement being borne by the applicants for the proposed amendment. In 1997, Title 7 of the Code of Ordinances was incorporated into the Unified Development Code and printed as a separate volume. **Ordinance 13846** of December 5, 2006, requires the Planning Commission to send, by regular mail, a supplemental notice of the public hearing at least 15 days prior to the hearing to landowners within 150 feet of the boundaries of the land for which the Land Development Application has been requested.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: City-Parish Planning Commission

Transmittal: Finance-Revenue Division

PAYOR OF FEE:

Anyone petitioning the Planning and Zoning Commission **for a change or amendment to the current planning and zoning laws** is required to submit the legal notice to the Office of the Planning Commission with a separate check for their advertising cost.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	N/A	Unified Development Code, Chapter 15

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Chapter 15 of the Unified Development Code** establishes elevation requirements for all homes, buildings, and structures within the city and parish and stipulates which individuals must pay flood determination fees. In addition, it sets forth procedures for requesting a variance from these requirements. **Section 21** of Chapter 15 addresses the procedure and fee for a flood determination form, while **Section 12** details the variance procedure and associated fee.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works—Inspection Division.

Transmittal: Remitted to the Finance Department—Revenue Division at least weekly.

PAYOR OF FEE:

Any person in specified areas of the city or parish who is planning new residential or commercial construction, or substantial improvements, must pay the fee in order to get a flood zone determination, which is a prerequisite to receiving an official certificate of elevation from a surveyor. **Any person in specified areas of the city or parish who owns a mobile home park, a subdivision for manufactured homes, or a private lot on which a manufactured home will be placed** must pay the fee in order to get a flood zone determination, which is a prerequisite to receiving an official certificate of elevation from a surveyor. A map detailing the affected areas is available for review at the Inspection Division Office. **Any person requesting a variance** from the requirements of this ordinance must pay a fee with his or her application (although this fee was not collected until 2002).

COMPUTATION OF FEE:

The fee is **$15.00** for a flood determination form. The fee for a variance request is **$25.00**.

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Title 8, Chapter 1 (Building Code), Part 1, Section 8:2**, of the Code of Ordinances provides for both commercial and residential plan review fees. **Ordinances 13453 and 13863** set new rates for these fees, and **Ordinance 14496** of September 24, 2008 removed the second-tier fee for additions and rehabilitations of less than 400 square feet, so that all additions and rehabilitations to residential dwellings now require a plan review fee of $60.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works–Inspection Division.

Transmittal: Remitted to Finance Department–Revenue Division at least weekly.

PAYOR OF FEE:

Any person who wishes to construct any building or structure in the City-Parish, or alter or remodel any building or structure to change the bearing walls, beams, supports, or roof thereof, must obtain a permit for such work. The application for such permit must be accompanied by detailed plans to be reviewed by the Department of Public Works Inspection Division and by a plan review fee.

COMPUTATION OF FEE:

The commercial plan review fee is $0.04 per square foot with a minimum of $70. The residential plan review fee is $60 for each single-family residential unit (including duplexes) and for additions/rehabilitations of any size. All fees are payable before plans are reviewed.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	N/A	Code of Ordinances Title 9, § 9.413, § 9.423 Ordinance 11072, 02/11/98

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: A false alarm is defined by the **Code of Ordinances § 9:413** as "the activation of an alarm system under circumstances where no police emergency exists at the alarm site and which activation results in a response by a law enforcement agency." In 1988, the Baton Rouge Police Department began collecting a fee for responding to false alarms. Pursuant to the **Code of Ordinances § 9:423**, no fee is charged for the first five false alarms responded to by the Police Department each permit year (June through May). For every false alarm after the fifth, an alarm system user must pay a fee to the city. **Ordinance 11072** of February 11, 1998, effective June 1, 1998, increased the fee for every false alarm after the tenth.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Baton Rouge Police Department

Transmittal: Remitted to Revenue Division–Finance Department.

PAYOR OF FEE:

Alarm system users whose alarm systems generate false alarms responded to by the Baton Rouge Police Department are required to pay a false alarm fee to the City of Baton Rouge after the fifth false alarm in any permit year.

COMPUTATION OF FEE:

A fee of **$10** is charged **for the sixth through the tenth false alarm** in any permit year and a fee of **$25 for each false alarm after the tenth**.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 15:542, 15:544	N/A

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 15:542 (D)** requires that every convicted sex offender register annually with the sheriff and with the police department and pay a registration fee of sixty dollars to help defray the costs of maintaining the record of the sex offender. He shall pay such fee upon the initial registration and on each annual registration update. **L.R.S. 15.544** creates three tiers regarding duration of registration, based on the offense as well as the prior record of the offender. A tier 3 offender must maintain his registration for life, while a tier 2 offender must register annually for twenty-five years. All other convicted offenders must maintain their registration for fifteen years from the date of his initial registration. However, under certain circumstances, offenders on all tiers may be required to register for life.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Baton Rouge Police Department.

Transmittal: Remitted to Revenue Division–Finance Department.

PAYOR OF FEE:

Convicted sex offenders are required to pay annually upon registration.

COMPUTATION OF FEE:

NOTE: This revenue account was set up in response to statutory amendments that became effective in mid-2002. Increases in 2007 are due to the Police Department's active enforcing of registration requirements and the influx of new residents. Negative amounts in December of each year reflect corrections to posting errors occurring earlier in the year. Since recent legislation increases the number of years that offenders must maintain their registration, revenues are expected to increase over time.

FEDERAL	STATE	LOCAL
N/A	N/A	Code of Ordinances, Title 11, Chapter 5, §11:54 Ordinance 14099, 08/08/07 Ordinance 14191, 10/10/07 Contract with ATS, 09/17/07

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Title 11 (Traffic Code) of the Code of Ordinances** of the City of Baton Rouge and the Parish of East Baton Rouge provides for the enforcement of street traffic regulations in the city and all of the state vehicle laws applicable to street traffic in the city by the Traffic Division of the Police Department. **Ordinance 14099**, adopted 8/8/07, established §11:54 of Chapter 5, relative to electronic enforcement of traffic violations, specifically red-light running. This section defines applicable terms, imposes a civil penalty for violations, and provides procedures for the enforcement of said violations. In addition, it also allows for an administrative adjudication hearing to contest a penalty, addresses the effect of liability, requires the establishment of an account in which to deposit these fees, and specifies how the fees are to be spent. **Ordinance 14191**, adopted October 10, 2007, amends §11:54 of Chapter 5. This ordinance establishes the procedures for an administrative adjudication hearing. The **contract with American Traffic Solutions, Inc. (ATS),** dated September 17, 2007, provides for the installation, maintenance, and operation of the traffic cameras.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: American Traffic Solutions, Inc. (ATS), on behalf of the City-Parish

Transmittal: Wired daily into City-Parish Consolidated Cash account.

Comment: The City-Parish has contracted with American Traffic Solutions (ATS), as the provider and owner of the traffic-camera system, to collect the fees that are remitted in conjunction with these violations. ATS is paid 35% of actual revenues collected on first notices (timely payments), and 45% of collections on any additional notices, including reminder notices or collection notices (untimely payments). ATS wires the gross amount collected to the City-Parish, which is then responsible for paying the fees due ATS based on collections from the preceding month, within 45 days of submission. For additional details, please see the full contract stored electronically in Finance – Budgeting.

In accordance with Ordinance 14099, Section 6, funds collected from traffic safety fees must be expended first for the costs of the system. After satisfying this requirement, remaining funds may be used for the following, including but not limited to: traffic or pedestrian public safety programs, intersection safety improvements, driver education, police officers dedicated to traffic safety, or projects or programs subject to the joint written determination of the Mayor and the Director of DPW, but only if such expenditures are public-safety related.

PAYOR OF FEE:

The owner of a vehicle that proceeds into an intersection, as indicated by its crossing the white stop bar at a system location, **when the traffic control signal** for that vehicle's direction of travel **is emitting a steady red signal,** which owner is then mailed a detailed notice of violation.

COMPUTATION OF FEE:

A **civil penalty of $117.00** will be imposed on the owner of the vehicle photographed. For a second or subsequent violation by the same vehicle during any twelve-month period, the amount of the civil penalty assessed to the owner shall be **$167.00**. In addition, a late fee of $35.00 will be assessed for any payments postmarked between one and fifty-nine days past the due date, and $50.00 for payments postmarked sixty or more days past the due date on the notice of violation.

N/A	N/A	Resolution 36147, 08/23/95

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Resolution 36147** adopted on August 23, 1995, authorizes the Prison Medical Division of the Department of Emergency Medical Services to impose charges for medical and dental services provided to inmates at the East Baton Rouge Parish Prison under specified circumstances and conditions.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: E.B.R.P. Sheriff, who charges inmates' commissary accounts at the prison.

Transmittal: Check sent from Sheriff's Prison Inmate Account to E.M.S. for deposit in the General Fund once a year. It is usually remitted between the end of the Sheriff's fiscal year (June 30) and December 31 of each year.

PAYOR OF FEE:

Any inmate who requests medical or dental services while in Parish Prison. However, medical services are provided whether the inmate is able to pay the fee or not.

COMPUTATION OF FEE:

Physician evaluation	$ 12.00
Dentist evaluation	$ 14.00
Psychiatrist/social worker evaluation	$ 12.00
Sick call evaluation	$ 7.00
Prescription fee	$ 5.00

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

No fee may be charged for the following services:

A. Medical examination at initial booking, and physician referral resulting therefrom.

B. Any evaluation or treatment as a direct result of a reported altercation causing injury or any other reported trauma.

C. Any follow-up service for existing chronic illness including, but not limited to, diabetes, hypertension, cancer, and high-risk pregnancies.

D. Any examination or procedure made at the request of the medical staff.

E. Any federal inmates for medical, dental, and mental health services.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 33:1556	N/A

INTERPRETATION OF LEGAL AUTHORIZATION:

State: L.R.S. 33:1556 provides that the coroner shall charge certain fees for various services rendered.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Coroner's Office

Transmittal: Transmitted weekly to the Finance Department—Revenue Division.

Comments: From June 2000 through the end of 2006, revenues were not deposited into these City-Parish accounts, since the Coroner's Office had been allowed to retain all revenues collected. Beginning in 2007, four separate revenue accounts were created to receive the various fees. The new accounts are shown below. During the period July through November 2009, the Coroner's Office collected its fees but did not remit those fees to the City-Parish. In December of that year, the retained revenue was remitted to the Finance Department and was posted to the appropriate revenue accounts.

PAYOR OF FEE:

Insurance companies, funeral homes, or any other commercial entity requesting autopsy, toxicology, coroner's reports, and/or cremation permits will pay a fee for this service.

The payor for the Coroner's Emergency Certificate is the evaluated patient's parish of residence.

COMPUTATION OF FEE:

The following is a list of charges:

Autopsy Report *(With coroner's report and toxicology report)*	$65
Autopsy Report *(Without coroner's report or toxicology report)*	$35
If no autopsy is performed:	
Coroner's Report	$15
Toxicology Report	$15
Cremation Permit	$50
Coroner's Emergency Certificate	$100

FEDERAL	STATE	LOCAL
N/A	Children's Code Art. 781.1 (A)	Various Juvenile Court Orders

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Children's Code Art. 781.1(A)** states that, when the court suspends a sentence and instead places a child or his parent on supervised probation or parole, the court must order payment of a monthly supervision fee.

Local: Juvenile Court judges may order a defendant to submit to a drug test or pay the Juvenile Services Supervision fee.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Juvenile Services.

Transmittal: Transmitted to the Finance Department once a month.

PAYOR OF FEE:

Any juvenile ordered by the Juvenile Court to submit to a drug screen may be charged a fee for the test. **Any juvenile or his parents ordered by the Juvenile Court** to pay the supervision fee must do so.

COMPUTATION OF FEE:

The standard fee for drug screens is **$10**, but the amount charged may vary according to the person's ability to pay. The standard supervision fee is **not less than $10 nor more than $100 per month**.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

The supervision fee must be used by the supervising agency to defray the costs of supervision.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	N/A	Code of Ordinances Title 11, Chapter 28 § 11:430-433

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Sections 11:430 through 11:433 of Chapter 28 of Title 11** of the Code of Ordinances of the City of Baton Rouge and the Parish of East Baton Rouge authorize the Department of Public Works to establish parking meter zones, define Zones A and B, and set rates to be charged for parking at parking meters in the two zones. These ordinances require that every person who, during the hours indicated on the meter, parks a vehicle in any parking space next to which a parking meter has been installed must deposit a coin or coins of United States currency of the appropriate denomination to place said meter in operation.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Finance–Revenue Division.

Transmittal: Deposits are made daily.

PAYOR OF FEE:

The owner, operator, manager, or driver of any vehicle parked in any space alongside of or next to which there is located a parking meter must deposit in the meter the fee indicated in the legend on the meter.

Zone A is bounded on the north by the State Capitol, on the east by Interstate 110, on the south by Government Street, and on the west by the Mississippi River. Zone B, consists of all areas not included in the boundaries of Zone A. At the present time, the revenue collected on four streets within Zone A (South side of North Blvd. between River Road and St. Ferdinand St., St. Louis St. between Government St. and North Blvd., St. Ferdinand St. between Government St. and North Blvd., and Louisiana Ave. between St. Louis St. and St. Ferdinand St.) are deposited in the Parking Garage Enterprise Fund (407..442001). Fees from parking meters in any other areas of Zone A and in Zone B are the fees recorded in this General Fund revenue account.

COMPUTATION OF FEE:

The parking meter rates are as follows:

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 33:4766	Code of Ordinances Title 12, Chapter 5 § 12:355

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:4766** provides means of collecting weed cutting charges in addition to the traditional method of placing a lien on the property in question, by authorizing municipalities to add the unpaid charges incurred for cutting and removing grass and weeds to the annual ad valorem tax bill.

Local: **Title 12, Chapter 5** of the Code of Ordinances sets out the procedure by which the City-Parish may cut the weeds on private property when the property owner fails to do so and bill the owner for the cost involved.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: DPW Complaint Resolution/Parish Attorney.

Transmittal: Recorded by Revenue Division as collected.

PAYOR OF FEE:

The **owner, or his agent or other person in control of any lot, place or area** within a recognized subdivision of the City-Parish is required to cut, destroy, or remove weeds, grass, deleterious or unhealthy growths, or other obnoxious matter growing, lying, or located in or upon any such lot, place, or area, or any sidewalk abutting it, at least three times a year. If the owner or agent fails to cut the weeds after being requested to do so by the DPW Complaint Resolution section, DPW may have the work done and bill the property owner for the work. If the charges are not paid, a lien is placed on the property. The City-Parish may also collect the charges by means of a lawsuit against the property owner personally or by assessing the charge as a tax against the property.

COMPUTATION OF FEE:

The owners of the property on which weeds are cut are assessed the actual costs involved in cutting the weeds plus administrative costs.

FEDERAL	STATE	LOCAL
N/A	N/A	Resolutions 32117, 02/26/92 32262, 03/25/92 33923, 05/12/93 34608, 12/08/93 43110, 03/10/04

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Resolution 32117** of February 26, 1992, refers to an agreement between the City and the U.S.S. KIDD whereby the U.S.S. KIDD is responsible for maintaining the Baton Rouge City Dock and for scheduling and coordinating the use of that facility. It provides for docking fees for the year 1992 and states that the purpose of those fees is to reimburse the U.S.S. KIDD for expenses incurred in performing duties related to the dock. **Resolution 32262** of March 25, 1992, authorized the Mayor-President to enter into an agreement with the U.S.S. KIDD to perform limited maintenance on the dock in return for docking fees established by Resolution 32117. **Resolutions 33923** of May 12, 1993, and **34608** of December 8, 1993, authorize the U.S.S. KIDD to continue collecting the docking fees for 1993, 1994, and all subsequent years. **Resolution 43110** of March 10, 2004, authorized the Mayor-President to enter into an agreement with the U.S.S. KIDD to perform limited maintenance on the Baton Rouge City Dock in return for docking fees for various vessels collected by the U.S.S. KIDD.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: U.S.S. KIDD.

Transmittal: Payments are transmitted to the Finance Department, Revenue Division, as received by the U.S.S. KIDD.

Comments: The Delta Queen Steamboat Company and the RiverBarge Excursion Company are billed monthly for fees incurred. Other ships pay each time they make use of the dock.

DISTRIBUTION OF PROCEEDS:

An amount is included in the City-Parish annual operating budget estimating docking fees to be collected that year; those fees are paid to the U.S.S. KIDD in return for their maintaining the dock. Beginning in 2004, the U.S.S. KIDD has been paid the amount of the actual fees collected or $6,140 per year, whichever is greater.

PAYOR OF FEE:

Vessels using the Baton Rouge City Dock must pay this docking fee.

COMPUTATION OF FEE:

Authorized fees are:

Mississippi Queen	$ 100.00 per visit
Delta Queen	100.00 per visit
American Queen	100.00 per visit
River Barge Excursion	50.00 per visit

Docking fees for other vessels are determined on a case-by-case basis by the Administration. The charge is approximately $1.00 per foot, and the fees cannot be changed without approval of the Administration.

NOTE: Riverboat excursions decreased mainly because of Hurricane Katrina. The large negative amount shown in October 2007 represents a correction of a posting error that occurred in August of that year. The River Barge Excursion was the only docking in 2009, and there were none in 2010.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Finance Department–Revenue Division.

Transmittal: Recorded as received.

PAYOR OF FEE:

Individuals and groups wishing to rent space in one of the community centers for a special event must pay a fee for such rental. In addition, **groups and programs occupying space in a community center on an ongoing basis** pay for a portion of the utility usage at that center. For example, Metro Health operates a clinic in the Leo S. Butler Center and pays $800 per month to the Center. Donations to the centers are also accounted for in these revenue accounts. **Participants in certain programs**, particularly summer camps, may be charged a fee to help defray the cost of hosting the camp.

COMPUTATION OF FEE:

Amounts of fees charged vary by community center. Lists of rates charged by each are available in the Budgeting Division.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

While these funds are not legally restricted, it has been the policy of the City-Parish to allow them to be utilized on program enhancements or capital equipment at the centers.

NOTE: In September 2008, Hurricane Gustav damaged the roof of the center, rendering many areas unusable and forcing the cancellation of events for the remainder of the year. The revenue in 2009 decreased because of NSF checks being written off; without that write-off, the decrease would have been only 14%. The large percentage increase in 2010 is misleading, since it is partly due to the NSF write-off in the previous year. Even with the actual increase in 2010, revenues are considerably below those of 2007, due in part to the loss of a monthly tenant (an Earl K. Long clinic).

NOTE: Like the Jewel J. Newman Center and the Martin Luther King, Jr., Center, the Delmont Center offers a summer camp. Unlike the other two, Delmont deposits its camp fees into its Rent/Utilities/Donations account.

OTHER CHARGES FOR SERVICES

Certain revenue accounts have collection histories so erratic or totals so small that it was not considered reasonable to research and describe legal authorizations, procedures, etc., for them. Since they do, however, make up part of the General Fund, charts of their revenues for the past four years are included below.

NOTE: (1) Act 942 of the 2003 regular session of the Legislature amended R.S. 15:85.1 to provide for a $15 fee to be assessed in connection with every criminal bond posted. For City Court cases, $2 of that amount is to be remitted to the Clerk of City Court and $7 to the City Prosecutor. Amounts deposited in 2009 represent all collections since 2003. As of 2/23/11, City Court, the D.A., and the Sheriff's Office are still trying to work out a procedure for remitting these amounts.

(2) DWI sobriety tests are videotaped, and the CD's are used at trial. A defense attorney can purchase a copy of the client's CD for $10.

(3) This credit in December of each year results from the closing out of the court costs escrow account (001..240011). The December 2009 amount ($26,079.60) was credited in error to the Contingent Receipts account.

(4) This charge may be imposed on any person who is subpoenaed to appear before the ABC Board. The subpoena cost may be waived at the discretion of the Board.

(5) This fee was earned by the Baton Rouge Police Department for assisting the City Constable's office in serving bench warrants. The Police Department no longer serves warrants but occasionally still collects fees on previously outstanding warrants.

(6) Chapter 5, §11:54(4) f of the Code of Ordinances sets an administrative fee of $50 for any person who requests an adjudication hearing and either is found liable or does not appear for the hearing. This fee has usually been lumped together with Traffic Safety Fees and deposited into account 001..441508.

2010	218.1	2,261,756	1,904,724

On average, approximately 78% of total General Fund collections in this category come from City Court Traffic Fines. Fluctuations are related mainly to the number of tickets issued in a given year and, to a lesser extent, to the number of tickets processed by the court, tickets dismissed, fines suspended, and other court actions. Collections increased substantially in 2006 due largely to the increase in various City Court fines that resulted at least in part from the sudden increase in population because of the influx of Hurricane Katrina evacuees.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 13:1872-1902** contains general provisions for city courts. **L.R.S. 13:2002** states that fines, forfeitures, costs, and penalties imposed in criminal prosecutions by the City Court of Baton Rouge are to be paid into the City General Fund. **L.R.S. 15:571.11 L (3)** provides that, as of June 22, 1993, proceeds of bond forfeitures would be divided equally among the prosecutor, the court, the law enforcement agency involved, and the indigent defender program. **L.R.S. 15:571.11 O** allows the payment of fines by credit card.

Local: **Section 11.04 of *The Plan of Government*** of the City of Baton Rouge and the Parish of East Baton Rouge creates a City Court of the City of Baton Rouge, which has jurisdiction over the territorial area of the City of Baton Rouge. The criminal jurisdiction of the City Court includes cases involving the violation of any city or parochial ordinance and is limited to offenses not punishable by imprisonment at hard labor.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Clerk of City Court.

Transmittal: Remitted daily to Finance Department–Revenue Division.

DISTRIBUTION OF PROCEEDS:

From 6/22/93 through 12/31/98, bond forfeitures were distributed 25% each to the City General Fund, the City Court Judicial Expense Fund, the City Constable Court Costs Fund, and the indigent defender program. Beginning 1/1/99 the City Court Judicial Expense Fund was eliminated, and its portion is deposited into the General Fund.

PAYOR OF FEE:

Criminal fines may be imposed by the City Court judges on **persons convicted of criminal offenses** in the City Court of Baton Rouge. Persons who post bonds **but fail to appear in court** forfeit the amount posted.

COMPUTATION OF FEE:

The City Court criminal fines are set at the discretion of the judges of City Court, within the limitations of state statutes and local ordinances.

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 32:41 15:571.11 (O)	Code of Ordinances, Title 11 *En Banc* Order of City Court, effective 01/11/11

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 32:41** gives local municipal authorities the power to adopt ordinances regulating traffic on highways other than state-maintained highways within their corporate limits. They may also adopt ordinances regulating traffic on state-maintained highways within their corporate limits as long as such ordinances do not establish regulations different from or in addition to the provisions of this statute, unless such additions or supplements are approved in writing by the Department of Public Safety. In addition, this statute allows the municipal ordinance to provide for such penalties as are consistent with the authority granted by the local municipal charter or state statute under which the municipal government operates. **L.R.S. 15:571 O** allows payment of fines by credit card.

Local: **Title 11 (Traffic Code) of the Code of Ordinances** of the City of Baton Rouge and the Parish of East Baton Rouge provides for the enforcement of street traffic regulations in the city and all of the state vehicle laws applicable to street traffic in the city by the Traffic Division of the Police Department. The ***en banc* order of January 11, 2011**, provides the most recent fines schedule for traffic violations.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Clerk of City Court.

Transmittal: Remitted daily to Finance Department–Accounting Division.

PAYOR OF FEE:

Every driver of any type of vehicle, as well as certain non-motorized traffic, is required to obey the traffic ordinances of the city and the state. **Drivers found guilty of violating a traffic ordinance** may be sentenced to pay a fine.

COMPUTATION OF FEE:

The City Court *en banc* order effective January 11, 2011, set forth a schedule of fines to be imposed for traffic infractions unless otherwise specifically ordered by the assigned judge, which schedule is on file in the Budgeting Division of the Finance Department.

NOTE: Fluctuations in revenues from traffic fines result in part from number of tickets issued. Other factors that influence collections are the fact that the amounts of the standard fines for each offense are changed from time to time by order of the City Court judges, and the fact that the judges may impose or suspend the fine in any given case. Traffic cases filed and terminated, including DWI and parking cases, were as follows:

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 32:41** gives local municipal authorities the power to adopt ordinances regulating traffic on highways other than state-maintained highways within their corporate limits. They may also adopt ordinances regulating traffic on state-maintained highways within their corporate limits as long as such ordinances do not establish regulations different from or in addition to the provisions of this statute, unless such additions or supplements are approved in writing by the Department of Public Safety. In addition, this statute allows the municipal ordinance to provide for such penalties as are consistent with the authority granted by the local municipal charter or state statute under which the municipal government operates. **L.R.S. 32:42** confers the same powers on local parochial authorities for the regulation of traffic on public roads within their territorial limits but outside corporate limits of any municipality.

Local: **Title 11 (Traffic Code) of the Code of Ordinances** of the City of Baton Rouge and the Parish of East Baton Rouge provides for the enforcement of local and state traffic regulations. Chapter 28, §11:401 (a) provides that the city police chief is responsible for the enforcement of parking laws inside the corporate limits of the city of Baton Rouge, and that the EBRP Sheriff is responsible for the enforcement of parking laws and ordinances in all areas of the parish, including the corporate limits of a municipality. Chapter 28, §11:401 (c) provides that the Clerk of City Court is responsible for the collection of all monetary penalties imposed under this ordinance except those imposed following an adjudicatory hearing before a Justice of the Peace. The ***en banc* order of September 15, 2009**, provides the most recent fines schedule. **Ordinance 15036** of **11/23/10** amended Chapter 28, §11:401 to eliminate all responsibility of parish parking fines.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Clerk of City Court.

Transmittal: Remitted daily to Finance Department–Accounting Division.

DISTRIBUTION OF PROCEEDS:

This account was set up to receive the 40% of fines from parking tickets issued by the Sheriff. The remaining 60% is sent to the Sheriff's Office.

PAYOR OF FEE:

Every driver of any type of vehicle, as well as certain non-motorized traffic, is required to obey the traffic ordinances of the city and the state. **Drivers found guilty of a parking violation** must pay a fine.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Title 26 of the Louisiana Revised Statutes** is the state Alcoholic Beverage Control Law, which regulates all aspects of alcoholic beverages and their manufacture, sale, dispensing, consumption, etc., in the state.

Local: **Title 1, § 1:150, of the Code of Ordinances**, provides for the creation of the parish Alcoholic Beverage Control Board for the purpose of regulating all premises licensed or permitted to sell or serve wine, beer, or liquor and specifies the procedures for the various Board actions, including denial, revocation, or suspension of a liquor permit. **Section 1:152** grants to the ABC Board the authority to levy any fine for certain specified causes, including violation of any ordinance that regulates the sale or distribution or processing of alcoholic beverages or that regulates premises licensed to sell, distribute, or process alcoholic beverages. **Ordinance 14472**, adopted August 27, 2008, is the current **Wine, Beer, and Liquor Ordinance**. This is the ordinance that regulates the sale, dispensing, and consumption of alcoholic beverages. **The ABC Board Order** of 3/19/92, as amended, establishes and sets out the **Fines Schedule** for the imposition and collection of fines and penalties to be assessed against applicants, permit holders, or licensees who are found guilty of violations of the Wine, Beer, and Liquor Ordinance.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Parish Attorney's Office.

Transmittal: Deposited daily, with cash receipt form sent to Finance Department–Revenue Division.

PAYOR OF FEE:

Any person found guilty by the ABC Board of a violation of the Wine, Beer, and Liquor Ordinance may be ordered to pay a fine.

COMPUTATION OF FEE:

See the Fines Schedule at http://www.brgov.com/dept/parishattorney/pdf/RulesProceduresFines.pdf
In addition, if a fine is not paid within the prescribed time, penalties and subpoena costs may be assessed.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 33:425 39:1271	*The Plan of Government* § 8.02

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:425** provides that the treasurer of the local government shall receive, safely keep, and pay out according to law all monies belonging to the municipality and perform all other duties that may be prescribed by ordinance. **L.R.S. 39:1271** provides that any municipality, parish, school board, police jury, and any and all other political subdivisions of the state must invest in certain specified federal and bank securities such monies in any general or specific fund of the respective subdivision as they, in their discretion, may determine to be available for investment.

Local: **Section 8.02 of *The Plan of Government*** provides for a Parish and City Treasurer who shall have custody of all funds belonging to the parish, the city, and districts, and shall deposit the same in such banks as may be designated by the Metropolitan Council, on such conditions as are provided by law for the deposit of public money.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Council Administrator–Treasurer.

Transmittal: Remitted to and recorded quarterly by Finance Department–Accounting Division.

DISTRIBUTION OF PROCEEDS:

Each quarter, the Financial Accounting Information System (FAIS) computes the average daily balance of all fund types affected by each investment and distributes earnings based upon this balance. Different rates are used for mature investments and for those investments that are still accruing interest. The computations made by the FAIS are checked for accuracy by Accounting Division personnel.

The interest earned in the City Court Receipts Suspense Fund and the City Court Appearance Bond Fund is added to interest earned in the City General Fund. Interest earned by the Sales Tax Suspense Fund is distributed to the City and Parish General Funds, the Sewer Sales Tax Fund, and the Parish Street Maintenance Fund based upon actual sales tax collections in each of the funds in the previous years. Beginning January 1, 2001, interest earned on amounts held in escrow for enterprise zone rebates in the Sales Tax Suspense Fund are distributed only to the City and Parish General Fund.

PAYOR OF FEE:

The City-Parish is required by law to invest in United States bonds, treasury notes or certificates, or time certificates of deposit of state banks organized under the laws of Louisiana and national banks having their principal office in the state of Louisiana such monies in any general or special fund of the City-Parish as might constitute a surplus or the expenditure of which is deemed inadvisable by the City-Parish at the time. Interest on the investments is paid by the institutions in which the funds are invested.

Interest earnings are earned when investments mature and depend on the amount invested, type of investment, and term of the investment. Quarterly accruals are recorded for interest earned during the year.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	N/A	By Contract or Agreement

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: Individual lease **contracts and agreements** can be executed between the City of Baton Rouge and the various lessees for rental of land, batture lands, and real estate. "Batture" refers to certain portions of the bed of the Mississippi River that are uncovered at time of low water but are covered annually at time of ordinary high water.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: City-Parish Finance Department–Revenue Division.

Transmittal: Timing and frequency of payments depend on the individual lease contracts.

PAYOR OF FEE:

Any individual or company that leases land, batture land, or real estate belonging to the City-Parish pays this fee.

COMPUTATION OF FEE:

The amount paid by the Ingram Barge Company for rental of batture land has been $1,631.25 per month since 2002, and that rate will continue unless a new contract is signed. The batture land being leased comprises 2.88 acres on the Mississippi River known as the "Old Ferry Landing Site."

NOTE: Only eleven months of revenue were posted in 2007. The January 2009 payment was posted in 2008, so those collections for 2008 are overstated by $1,631 and those for 2009 are understated by the same amount. In January 2010, deferred revenue from 2009 was posted. This is the cause of the increase.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	N/A	Lease agreements with various lessees

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: A lease agreement with the Public Defender's Office provides for the renting of space in the Attorneys' Building at 300 Louisiana Avenue from January 1, 2006, through December 31, 2008. The City-Parish also receives rent payments from the Office of the Parish Attorney–Gaming Enforcement Division for space occupied at the Court Plaza Building at 10500 Coursey Boulevard and from the Office of Community Development for rental of space in the Attorneys' Building. A lease agreement dated May 1, 2009, with the EBRP Sheriff's Office provides for the renting of space by the Sheriff's Office in the City-Parish Emergency Operations Center for 10 years at an annual rental of $14,097. Rental payments are due June 30 of each year for the preceding 12 months.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Finance–Accounting Division.

Transmittal: Recorded as received.

PAYOR OF FEE:

On October 1, 1994, the Office of the Parish Attorney–Gaming Enforcement Division began paying for the right to rent 2,160 square feet of space in the Court Plaza building at 10500 Coursey Boulevard. Beginning 1997, the City-Parish purchased the Attorneys' Building and began receiving rent from the Public Defender's Office and the Office of Community Development. Beginning May 15, 2009, the EBR Sheriff's Office has leased 1,261 square feet of space in the Emergency Operations Center, with the possibility of an additional 100 square feet to house its computer servers.

COMPUTATION OF FEE:

From 1996 through 2000, Office of the Parish Attorney—Gaming Division paid $1,297.50 per month; in 2001 the rent was reduced to $118.33 when the space requirements of that office decreased. Beginning in 2003 the space and rent were again reduced. Beginning in 2008, rent was increased to $1,400 per year.

Effective January 1, 2006, through December 31, 2008, the Public Defender's Office has rented space in the Attorneys' Building for an amount that is adjusted annually by the percentage change in the Consumer Price Index--All Urban Consumers (CPI-U). The 2007 rate was $12,236.40 per month, which increased to $12,763.29 per month in 2008, $12,900.36 in 2009, and $13,137.73 in 2010. See a copy of the lease on file in the Budgeting Division. As of February 2010, no new lease has been signed for 2011, and the space is being rented on a month-to-month basis.

Effective June 8, 1997, the Office of Community Development has rented space at the Attorneys' Building at a monthly charge of $6,758.33.

Effective June 15, 2009, the East Baton Rouge Parish Sheriff's Office rented space in the Emergency Operations Center building; rental rate is $14,097 per year. See a copy of the lease on file in the Budgeting Division.

LEGAL AUTHORIZATION

STATE	FEDERAL	LOCAL
N/A	U.S. Department of Labor	N/A

INTERPRETATION OF LEGAL AUTHORIZATION:

Federal: The **U. S. Department of Labor** granted approval of the rental agreement for the Training Center Facility on Plank Road effective October 1, 1980, for a period of 5.6 years at a rate of $10 per square foot per year. This rate was reduced in January 1991 to $2 per square foot per year to fund building maintenance and repairs being provided by the Department of Public Works.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Finance Department–Accounting Division collects the revenue through journal entries charging special and grant funds for the amount of rent based on the square footage occupied by each component.

PAYOR OF FEE:

The Office of Social Services and WIA grant programs, along with the sewer special funds, occupy some 27,000 square feet of space and are charged an amount of rent based on the square footage that each component occupies compared to the total square footage available. The remaining space in the building is occupied by General Fund programs.

COMPUTATION OF FEE:

Rental of the premises is charged to the various programs at a rate of $2.00 per square foot (as of 01/1991).

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Depending on the availability of funds in the various grant programs, a ceiling may be imposed on the maximum rent that can be charged.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 30:151–153	N/A

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 30:151** and **152** provide that every levee district, drainage district, road district, school district, school board, or other board, commission, parish, municipality, state university, state college, state penal or charitable institution or agency, unit, or institution of the state or subdivision thereof is authorized to lease its land for the development and production of minerals. **L.R.S. 30:153** provides that any agency, unit, or institution of the state described above may by resolution direct the State Mineral Board to lease its land. The bonus money, if any, received for the lease will be transmitted by the State Mineral Board to the agency. After execution of the original lease, all rights and authority in connection therewith will be vested in the agency to the same extent as if the agency had itself leased the land.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Finance Department–Revenue Division.

Transmittal: Recorded as received by Finance Department, but payments are reviewed by the Parish Attorney's office to ensure compliance with the terms of each lease.

PAYOR OF FEE:

The following leases were in effect as of March 2011:

State Lease #9192, dated January 19, 1981, leased to **Millie Loggins Fehlman** (**assignees are Hilcorp Energy II, L.P. and Samson Petroleum Company - payments by Hilcorp Energy Company, and Sampson Petroleum Company**), 44.50 acres in the Comite Field. A portion of the lease has terminated, and the only portion remaining in effect is that within the Cobb unit.

State Lease #18482, dated February 9, 2005, leased to **Alpine Exploration Companies, Inc.** (**Lamar Oil & Gas, Inc.,** is assignee of 84% interest, and operator of the lease the other 16% has been assigned to Angel Oil, L.L.C., and others, but the City-Parish has not recognized the assignment, with the consequence that the City-Parish still recognizes Alpine Exploration Companies, Inc., as the owner of the 16% interest), 21.36 acres of South Sewage Treatment Plant. **Lamar Oil & Gas should pay 100% of royalty payments.**

Lease dated May 30, 1977, streets and rights-of-way for **Oak Cluster Subdivision and Oak Cluster Drive**, originally granted to **Amoco Production Company and now owned by Hilcorp Energy Company**. The City-Parish acquired ownership of this property subject to the pre-existing lease. The property is now in the Tommy J. Strain No. 1 unit.

State Lease #20137, dated August 12, 2009, leased to Mark A. O'Neal & Associates, Inc., 0.918 acres, in Section 44, T5S, R1W.

State Lease #20138, dated August 12, 2009, leased to Mark A. O'Neal & Associates, Inc., 1.84 acres in Section 44, T5S, R1W.

State Lease #20243, dated January 13, 2010, leased to BP America Production Company, 31 acres, approximately, in the Comite Field.

State Lease #20244, dated January 13, 2010, leased to BP America Production Company, 24 acres, approximately, in the Comite Field.

State Lease #20245, dated January 13, 2010, lease to BP America Production Company, 37 acres, approximately, in the Comite Field.

State Lease #20347, dated May 12, 2010, leased to BP America Production Company, 26 acres, in T5S, R2E and T6S, R2E.

Unleased working interest in the 18,000' TUSC RA SUA-Strain #1 well in the Comite Field (**Hilcorp Energy Company** is now operator).

Unleased working interest in the **Port Hudson Field** (**operator is BP America Production Company**).

The terms of the various leases provide for revenues to the parish at the amounts and rates for **bonuses, annual rentals, semiannual shut-in payments, and royalties** listed below. A bonus is an amount paid in cash at the inception of the lease and usually consists of the first year's rental payment plus an additional amount of up to one year's rental as actual bonus. Rental payments are made to keep the lease in effect until production is achieved. Shut-in payments are made when there is a well capable of producing gas in paying quantities but gas is not being used or marketed because of a lack of a reasonable market or marketing facilities or governmental restrictions. In such cases the well is shut in, and the lease is kept in effect by semiannual payments to the lessor. Royalties are calculated as a percentage of the value of actual production.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	N/A	Promissory Notes, 11/05/97 Promissory Note, 09/05/01 Promissory Note, 09/28/10

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Two promissory notes** entered into on November 5, 1997, between the City of Baton Rouge and the Greater Baton Rouge Airport District state that the city had issued $19,325,000 in Public Improvement Sales Tax Revenue Bonds, Series 1997, for the purpose of financing a portion ($14,946,000) of the costs of construction of certain improvements and renovations at Ryan Airport (1997 Terminal Improvement Project). The Airport District agreed to repay that amount in monthly installments of principal plus interest at the rates per annum equal to the interest rates payable by the city from time to time on the 1997 bonds. **One promissory note, in the amount of $7,649,000**, was to be repaid from passenger facility charges (PFC's) imposed by the airport; **the other, in the amount of $7,297,000**, was to be repaid from landing fees, terminal rent, parking lot, and other revenues derived from the operation of Ryan Airport. The PFC note was refunded in 2001 (see next paragraph).

On September 5, 2001, the Greater Baton Rouge Airport District entered into a **promissory note** with the City of Baton Rouge, for the principal amount of **$5,400,000**. This note states that the city had issued its Public Improvement Sales Tax Revenue Bonds, Series 2001A, one purpose of which was to provide sufficient funds to the Airport District to enable it to refinance its repayment obligations under the promissory note dated November 5, 1997, in the original principal amount of $7,649,000 (referenced in the preceding paragraph). The Airport District agreed to pay the City of Baton Rouge $5,400,000 of principal plus interest at the rates per annum equal to the interest rates payable by the City from time to time on the 2001A bonds.

On September 28, 2010, the Greater Baton Rouge Airport District amended the **promissory note** dated September 5, 2001, with the City of Baton Rouge, for the principal amount of **$3,840,000**. This note states that the city had issued its Public Improvement Sales Tax Revenue Bonds, Series 2010B, one purpose of which was to provide sufficient funds to the Airport District to enable it to refinance its repayment obligations under the promissory note dated September 05, 2001, in the original principal amount of $5,400,000 (referenced in the preceding paragraph). The Airport District agreed to pay the City of Baton Rouge $3,840,000 of principal plus interest at the rates per annum equal to the interest rates payable by the City from time to time on the 2010B bonds

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Finance–Accounting Division.

Transmittal: Rental payments on the Intergovernmental Contract dated 2/13/80 are recorded on interest payment due dates of March 15 and September 15. At the end of each year an accrual is done for that year's portion of the payment due the following March. Payments on the 1997 note were recorded monthly. Payments on the 2001 note were recorded on February 1, August 1, and December 31. The payments for the 2010 will continue to be recorded on February 1, August 1, and December 31.

PAYOR OF FEE:

The **Greater Baton Rouge Airport District** pays the city through monies derived from landing fees, terminal rent, parking lot revenues, passenger facility charges, and all other rents and revenues not required to pay the cost of operation and development of the airport.

COMPUTATION OF FEE:

NOTE: * Airport obligation payments on the 1997 Airport Terminal Improvement Project bonds are offset by a pro-rata share of interest earnings on the reserve in the related debt service fund. The 1997 Note 1 (PFC's) was defeased in 2001 with the proceeds of the sale of bonds in that year; the 2001 obligation was incurred to repay those bonds. The 2001 note was amended in 2010. This refinanced the Airport's obligation under the 2001 note.

** The reserve requirement for the City Sales Tax Bonds was reduced as of August 1, 2005. Because the reserves were originally funded by multiple sources, the various accounting funds were given their pro rata share of the reserve fund credit. The pro rata share for the 1997 bonds was $12,050.

FEDERAL	STATE	LOCAL
N/A	L.R.S. 33:4341 (B)	Resolution 32309, 04/06/92 Act of Credit Sale, 05/12/92

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:4341 (B)** provides that any municipality or any other political subdivision in, and including, the Parish of East Baton Rouge may sell any revenue-producing utility or any other property or equipment owned by it, in connection with the operation, management, financing, or refinancing thereof, to any other public entity in, and including, the Parish of East Baton Rouge, Louisiana.

Local: **Council Resolution 32309 (E.B.R. Sewerage Commission Resolution 717)** of April 6, 1992, authorizes the sale of an undivided interest in the sewerage system owned by the Sewerage Commission to the City of Baton Rouge and the refunding of certain certificates and bonds. **The Act of Credit Sale between the City of Baton Rouge, State of Louisiana, and East Baton Rouge Sewerage Commission**, dated May 12, 1992, is the actual sale document.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Finance–Accounting Division.

Transmittal: Recorded on interest payment due dates of June 30 and December 31.

PAYOR OF FEE:

The **East Baton Rouge Sewerage Commission** makes these payments to the City of Baton Rouge.

In 1992, the City of Baton Rouge issued $85,000,000 in Public Improvement Sales Tax Revenue Bonds, Series 1992A, to provide funds to finance the acquisition of an undivided interest in the sewerage system owned and/or operated by the E.B.R. Sewerage Commission. The Commission used the proceeds to refund certain bonds and certificates of indebtedness. The Commission then, through the above-mentioned Act of Credit Sale, repurchased the undivided interest in the sewerage system and is required to make payments to the City semi-annually during the period 1992-2011. These payments offset the impact that the scheduled debt service payments on the bonds have on the General Fund. The 1992A bonds were refunded in 1998 (1998A City Sales Tax Revenue Bonds).

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:1974** provides that any fire department of a parish, municipality, or fire protection district, and any volunteer fire department, shall have the authority to charge any person causing or contributing to a discharge of a hazardous or nonhazardous material or substance the extraordinary expenses associated with undertaking any remedial actions necessary to contain, abate, clean up, restore, or remove the discharge, or fighting a fire, if such extraordinary expenses were incurred due to the presence of a material or substance which has been discharged. In addition, the governing authority of any such fire department may charge an owner of immovable property onto or into which a hazardous material or substance has been discharged for the extraordinary expenses associated with cleanup or firefighting if the property owner's negligence in complying with applicable laws, regulations, and fire codes with respect to the material or substance discharged was a cause in fact of such expenses.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Office of the Parish Attorney.

Transmittal: Recorded as received by the Finance Department—Accounting Division.

PAYOR OF FEE:

Any company or person causing or contributing to a hazardous material incident or an owner of immovable property onto or into which a hazardous or nonhazardous material or substance has been discharged which is not in compliance with the applicable laws, regulations, and fire codes, if the property owner's negligence was a cause of the extraordinary expenses incurred in cleanup or firefighting.

COMPUTATION OF FEE:

The amount charged for each emergency operations recovery is the actual amount of any extraordinary expenses incurred due to the presence of the hazardous material or substance.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	N/A	*The Plan of Government* § 8.01

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Section 8.01 of *The Plan of Government*** requires the Department of Finance to keep records and maintain accounting systems for the Parish, the City, and districts in accordance with the best recognized practices in governmental accounting.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Most contingent receipts are collected by the Revenue Division of the City-Parish Finance Department. Some, however, are collected by the Inspection Division of the Department of Public Works, the Police Department, or the Planning Commission and are then transmitted to the Finance Department.

Transmittal: Remitted to and recorded several times a week by the Finance Department–Revenue Division.

PAYOR OF FEE:

Contingent receipts include such things as commissions from pay telephones; appraisal fees for the sale of public property; forfeiture of air conditioning and heating, electrical, and plumbing examination fees from those applicants who fail the examination for licenses in such trades; and other such miscellaneous receipts, often of a non-recurring nature.

COMPUTATION OF FEE:

The examination fees which are forfeited if the applicant fails to pass the examination are $100 per examination. Commissions from pay telephones are receipts from BellSouth and vary from month to month and location to location. Most other contingent receipts are variable in nature.

NOTE: This account is often used to hold revenues temporarily when the source or purpose of the check is not immediately known. Later, after investigation has determined the nature of the revenue, that amount is transferred into the proper account. Most of the negative amounts in the above chart are the result of such transfers out of this account and into the appropriate one.

In February 2007, a check was received for $19,134.41 represented a refund of a duplicate payment. In September 2008, a check for $8,410.61 was received from Siemens Water Tech Corp. and deposited into this account; in December of that year, it was determined that the check represented a refund of a duplicate payment from the Sewer Operations Fund, and the amount was moved into the correct account. In 2009, $10,002.41 was received from the U.S Army Corps of Engineers as a return of advance funds. In December 2009, $26,130.97 should have been credited to the revenue Legal Cost-Sales Tax, however was incorrectly charged to this revenue. In 2010, the revenue increased due to several large checks received. Journal entries crediting $6,908.36 and $6,306.99 were posted by Accounting in connection with the reconciliation of the consolidated cash account. A credit card rebate was received for $9,842.76 related to the volume of spending on purchasing cards. $33,824.63 was a reimbursement for overpayment of rent. $36,399.71 was received from the U.S. Army Corps of Engineers as a return of advance funds.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	N/A	Resolution 36031, 07/26/95

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: Metropolitan Council **Resolution 36031** of July 26, 1995, created this revenue to receive the proceeds of vending-machine sales at Juvenile Services and authorized their expenditure for items such as food, clothing, school supplies, and tickets to movies and sporting events for children certified as needy. Expenditures are limited to $50 for any single item or function.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Juvenile Services.

Transmittal: Remitted as received to Finance Department–Revenue Division.

DISTRIBUTION OF PROCEEDS:

An appropriation is included in the annual operating budget for the Probation and Family Services Division of Juvenile Services, funded from estimated vending machine commissions.

PAYOR OF FEE:

The **vending machine companies** pay a commission on items sold from their machines located in the Juvenile Court / Juvenile Services buildings.

COMPUTATION OF FEE:

Until October 2005, the commission paid by the soft drink and snack vendors was 5% of total vending machine sales. The commission is now 10%.

N/A	Louisiana Revised Statutes 40:563 33:4765, 4766	Code of Ordinances Title 8A Title 12, § 12:520–526

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 40:563** provides that, whenever any municipality finds that there exist within it dwellings that are unfit for human habitation due to dilapidation, defects increasing the hazards of fires, accidents, and other calamities, or other conditions rendering the dwellings unsafe, unsanitary, dangerous, or detrimental to health, safety, or morals, it may exercise its police powers to remedy or eliminate those conditions. **L.R.S. 33:4765** provides that, if after notice and hearing the owner fails to remove or demolish the dwelling, the municipality may have the dwelling removed or demolished. **L.R.S. 33:4766** provides that the municipality has a privilege and lien. The city may assess the amount as a tax against the property in question, to be enforced and collected as any ordinary property tax lien. In addition, the city has a cause of action against the property owner personally for the costs incurred in the demolition.

Local: **Title 8A of the Code of Ordinances** of the City of Baton Rouge and Parish of East Baton Rouge provides minimum standards for existing buildings. **Title 12, § 12:520–526** grants the Metropolitan Council the authority to condemn any building or structure within the City-Parish when it is in a dilapidated and dangerous condition.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Finance–Revenue Division.

Transmittal: Recorded several times a month by the Accounting Division.

PAYOR OF FEE:

If after notice and hearing the Building Official determines that a dwelling is in such a condition as to be dangerous or injurious to the health or safety of the public, he may issue and have served upon the owner an order requiring him to repair, alter, or improve the dwelling or, at the option of the owner, to remove or demolish the dwelling. If the owner fails to comply with this order within the time prescribed, the Building Official may have the dwelling repaired or improved; or, if improvements cannot be made at a reasonable cost in relation to the value of the dwelling, the Building Official may have the dwelling removed or demolished and bill the building owner for the cost of such removal or demolition.

COMPUTATION OF FEE:

When the City demolishes a building, it bills the owner for **the cost of the demolition**. The owner may arrange to pay the bill in installments instead of in a lump sum.

NOTE: In 2007, it was discovered that payment for certain liens that should have been credited to the Community Development fund had been instead posted to this General Fund account, and those amounts were moved to the proper account. The condemnation lien revenues moved consisted of one payment of $89,506.45, originally credited to this account in 2001, as well as 36 smaller payments totaling $144,849.95 that had been received over a period of years beginning in 1995. If it had not been for these two large negative amounts, total collections in this account for 2007 would have been $164,415.25, and the decrease in 2008 would have been only 24.61%. In December 2010, a payment of $45,275 was received for the commendation of the former Hollywood Elementary school.

INTERPRETATION OF LEGAL AUTHORIZATION:

Federal: **Title 21, United States Code (USC)**, Section 881 (e) and **Title 19, USC** 1616, as made applicable by 21 USC 881 (D), and other statutes, authorizes the Attorney General to transfer forfeited property to any federal agency or to any state or local law enforcement agency that directly participated in the acts leading to the seizure or forfeiture.

State: **L.R.S. 40:2602–2616** establishes the types of conduct that give rise to forfeiture, the properties subject to forfeiture, the requirements of forfeiture proceedings, and judicial disposition of the seized property.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: City of Baton Rouge Police Department.

Transmittal: Transmitted upon receipt to Finance Department–Revenue Division.

COMPUTATION OF FEE:

Any federal, state, or local law enforcement agency that participates in the acts leading to a seizure or forfeiture may file a request for an equitable transfer of the property. Once seized property has been sold at public sale, the interests of anyone holding a bona fide security interest and the expenses for the proceedings of forfeiture and sale are satisfied. Thereafter, the remaining funds are distributed as follows:

(1) Sixty percent to the law enforcement agency or agencies making the seizure (*it is this portion that is accounted for in this revenue item*);

(2) Twenty percent to the Criminal Court Fund; and

(3) Twenty percent to the district attorney's office that employs the attorneys who handled the forfeiture action for the state.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 15:824 46:1906	N/A

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 15:824** states that, when an individual has been committed to the State Department of Public Safety and Corrections for confinement but, because of lack of state facilities or otherwise, the individual is held after a final sentence in a parish institution, the State Department of Public Safety and Corrections must pay the parish governing authority, on a monthly basis, for keeping and feeding such prisoner. **L.R.S. 46:1906** refers specifically to juveniles and states that the State Department of Public Safety and Corrections must pay the local governing authority for feeding and maintaining each child who is adjudicated delinquent or in need of supervision and committed to the State Department and who is held in a local institution or facility due to the inability of the Department to place the child, the same daily amount as is paid by the Department for keeping and feeding individuals committed to the Department and confined in local or parish jails. These amounts are to be paid on a monthly basis.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Juvenile Services.

Transmittal: Remitted as received to the Finance Department.

PAYOR OF FEE:

The **Louisiana Department of Public Safety and Corrections** pays the City-Parish for keeping and feeding state prisoners in the Juvenile Detention Center. **Other parishes** pay for keeping and feeding juveniles from those parishes; but, since vacancies are rare, this is an infrequent occurrence.

COMPUTATION OF FEE:

Payment is currently computed at **$24.39 per juvenile per day** for state prisoners requiring a non-secure environment and **$105.43 per juvenile per day** for state prisoners requiring a secure environment. The reimbursement rate for secure environment is adjusted yearly in accordance with changes in the CPI. When a child from another parish is housed, the other parish is charged **$105.43 per day** (but this situation is very rare because extra beds are seldom available).

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

The rate for state prisoners is set by R.S. 15:824.

NOTE: In addition to reimbursement from the state, this account also receives payments from other parishes for housing juveniles from those parishes. These juveniles can be accepted only if the Center has vacancies.

In 2006, reimbursements were not requested from the state in a timely manner. Reimbursements for the remainder of the year were not requested until 2007 and had to be reflected in 2007 revenues. As a result, 2007 revenues are overstated by $83,280.

Revenues actually earned in the years shown above are as follows:

According to Juvenile Services officials, the actual 78% increase in 2007 resulted from the facts that (1) state detainees were remaining in the parish facility for longer periods of time, and (2) the method of tracking the number of detainees was changed.

OTHER MISCELLANEOUS REVENUES

Certain revenue accounts have collection histories so erratic or totals so small that it was not considered reasonable to research and describe legal authorizations, procedures, etc., for them. Since they do, however, make up part of the General Fund, charts of their revenues for the past four years are included below. In the interests of saving space, some charts have been shortened to exclude months in which there were no revenue collections in any of the four years.

NOTE: (1) When a special assessment is levied, interest is earned on the amount received. The negative amount in 2010 was a journal entry completed to reconcile this revenue. The correction should have posted in 2009; however, the journal entry was completed after the books were closed.

(2) The amount received in 2009 and 2010 represents restitution in a case of employee theft.

(3) These assessments are infrequent. Revenue was recorded for two assessments in 2009. The amount for 2010 should have posted in 2009; however, the journal entry was completed after the books were closed. The revenue was posted incorrectly to Interest Earnings on Assessments-Paving. The journal entry in 2010 was to reconcile and move the revenue to the correct account.

(4) In 2006, DPW began offering classes to teach customers about the various codes (plumbing, electrical, etc.) and charging a fee for those classes. The code-class fees totaled $17,050 in 2007, $0 in 2008, and $2,210 in 2009, and $0 in 2010. Revenue from the sale of scrap metal is also credited to this revenue.

(5) This account was created to receive the proceeds of the sale of abandoned or impounded bicycles. The Police department is no longer impounding non-registered bicycles. It does impound abandoned bicycles; however, most of them are in poor condition and are donated to non-profit organizations. In some years, no auctions are held and no revenues collected.

(6) The 2007 contributions are from casinos as well as from tourist commissions in surrounding parishes. The City-Parish has intergovernmental agreements with these other entities that will bring in tournament sponsorship contributions totaling $395,000 over the period 2006 through 2012. $25,000 in 2008 is from Hollywood Casino. In 2009, $25,000 came from the Belle of Baton Rouge Casino, $50,000 from Hollywood Casino, and $9,000 from other parishes for the Bowling Congress. In 2010, $25,000 came from the Belle of Baton Rouge Casino, $5,000 from other parishes, and $2,000 from the LA Restaurant Association BR Chapter for the Bowling Congress.

(7) The largest donations each year have been from Cox Communications for the operation of Metro 21 TV ($30,000 per year). The Planning Commission sponsors Stormwater Workshops and receives payments that are deposited into this account; in 2007, those Planning Commission amounts totaled $9,880. In 2010, $17,960.99 was received from AT&T's Public, Educational and Governmental ("PEG") programming fees.

(8) Since 2008 these funds have been deposited into Fund 337 (Capital Improvement Fund).

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	N/A	Code of Ordinances Title I,§ 710 *The Plan of Government* §4.08

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Section 710 of Title I of the Code of Ordinances** of the City of Baton Rouge and Parish of East Baton Rouge provides for the sale of buildings or immovable property owned by the city and/or parish. **Section 4.08 of *The Plan of Government*** authorizes the purchasing agent to sell materials, supplies, and equipment with the approval of the Mayor-President.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Purchasing Division

Transmittal: Recorded as received by Finance Department–Accounting Division.

DISTRIBUTION OF PROCEEDS:

Gross revenues are distributed to the fund from which the equipment was purchased. Prior to November 1994, expenses of the sale were recorded first, and only the net proceeds were recognized as revenues.

PAYOR OF FEE:

Most items are sold at an annual or bi-annual auction. **Any person desiring to purchase a building or tract of land owned by the City-Parish** must first apply to the Planning Commission, which submits its recommendation thereon to the Metropolitan Council, after which the Council may authorize the purchasing agent to advertise for bids. Bids received are submitted to the Metropolitan Council, which then makes a decision on acceptance. No buildings or immovable property belonging to the city or parish may be sold except pursuant to a resolution or ordinance of the Metropolitan Council authorizing the Mayor-President to execute the sale.

Any person desiring to purchase materials, supplies, or equipment may obtain a bid package from the purchasing agent and go through the competitive bidding process.

COMPUTATION OF FEE:

The sale of fixed assets belonging to the city and/or parish is made to the highest responsible bidder who has bid in accordance with the required conditions and procedures. All assets must be advertised prior to being sold.

NOTE: Revenues in this account are erratic and depend entirely on what property is put up for sale during a given year. The negative amount in December 2008 were payments to other governmental agencies for items sold at the City-Parish auctions.

Much of the revenue in these accounts comes from auctioning off surplus equipment. In 2007, there were two auctions, netting $220,965 and $217,276 for the General Fund. In 2008, there were two auctions as well, netting $247,408.48 and $267,842.52 for the General Fund. In 2009, there were two auctions as well, netting $76,139.31 and $179,445.03 for the General Fund. In 2010, there was only one auction which netted $209,488.84 for the General Fund.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Act 48 of the Third Extraordinary Session of the Legislature, 1994 Act 819 of the Regular Session of the Legislature, 2008	Resolution 36873, 05/22/96 Ordinance 14344, 03/12/08

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Act 48** of the Third Extraordinary Session of the 1994 Legislature transfers the responsibility of adjudication of property from the state to the parish where the property is located. **Act 819** of the Regular Session of the Legislature of 2008 repealed previous statutes concerning the payment and collection of property taxes, tax sales, and adjudicated property; and established Part IV of Revised Statute 47 to address these matters. The Parish Attorney's Office has advised that, since the City-Parish is a home-rule charter jurisdiction, it is not required to have any enabling legislation from the state in order to draft legislation regarding the disposition of adjudicated property.

Local: **Resolution 36873** of May 22, 1996, authorizes City-Parish participation in a local services agreement with other taxing bodies to provide for distribution of proceeds and payment of property taxes, charges, and liens from the proceeds of the sale of adjudicated surplus property. **Ordinance 14344** of March 12, 2008, provided uniform procedures for the sale of adjudicated property in the parish.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Parish Attorney–Administration/ Property Section.

Transmittal: Transmitted as received to Finance–Accounting.

PAYOR OF FEE:

Every purchaser of adjudicated property pays the agreed-upon price to the City-Parish. After taxes and lien payments are subtracted from the purchase price, any amount remaining is considered proceeds of the sale.

COMPUTATION OF FEE:

Property is sold to the highest bidder for a price approved by the Metro Council. **Any amount remaining from the purchase price after taxes are paid and liens satisfied** constitutes the proceeds from the sale.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 13: 3049(B)(1)(a)** states that jurors in criminal cases may demand and receive from the parish treasury compensation and an allowance for mileage necessarily traveled going to and from the courthouse. **L.R.S. 13: 3049(B)(1)(b)** provides that the compensation shall be $25 per day, and the mileage allowance shall be not less than $0.16 per mile. **L.R.S. 13: 3049(B)(1)(e)(i)** states that the compensation of jurors in criminal matters shall be paid from costs of court collected from every criminal defendant who is convicted after trial or who pleads guilty or no contest, or who forfeits bond in each district or parish court or in any court exercising juvenile jurisdiction, which shall be assessed as a part of the costs of court to be collected in such cases. The district judges shall adopt a schedule of costs and all of such costs shall be placed in a special fund that shall be maintained and be administered by the governing authority, and the governing authority shall pay out of said fund the compensation for jurors in criminal matters. **L.R.S. 13: 3049(B)(2)(a)** provides that jurors in civil cases may demand and receive $25 per day, plus a mileage allowance of $0.16 per mile. The party requesting a jury in a civil matter must pay a deposit to cover the costs of the jury.

Local: A 19th Judicial District Court ***En Banc* order** effective September 22, 2003, increased the court costs for all criminal offenses by $15 for felonies, $10 for misdemeanors, and $5 for traffic offenses. By ***En Banc* order** effective September 1, 2004, the court increased these fees again by the same amounts.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: 19th Judicial District Court (Criminal Fees); Clerk of Court (Civil Fees)

Transmittal: Remitted to the Finance Department.

PAYOR OF FEE:

Criminal Fee: Every defendant who is convicted after trial or who pleads guilty or no contest, or who forfeits bond in the 19th Judicial District Court, will have this fee assessed as a part of the costs of court to be collected in such cases.

Civil Fee: The party requesting a jury trial in a civil case pays a deposit and/or posts a bond. The cost of the jury may be ultimately borne by the other party, depending on the outcome of the case or on the terms of a settlement.

COMPUTATION OF FEE:

Court costs assessed to pay jurors in criminal cases are $30 for felonies; $20 for misdemeanors; and $10 for traffic offenses. The amount assessed in civil cases is the amount actually required to pay the jurors.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Amounts collected in this fund may be used only to pay the fees of jurors in criminal and civil trials in the 19th Judicial District Court.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	La. Revised Statutes 13:1899	Resolution 24125, 08/07/85 *En Banc* Orders - City Court 07/24/85 09/03/99, effective 10/01/99 08/06/02 08/25/09, effective 08/15/09

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 13:1899 (C)** provides that, in all criminal matters, including traffic violation cases, the City Court judges are to assess the sum of $15.00 in court costs in addition to the fine or other penalty that may be legally imposed. The proceeds are deposited into a special account under the control of the City Constable and used to defray operational expenses of the office.

Local: A City Court ***En Banc* order** dated July 24, 1985, mandated that an account designated "City Constable's Court Cost Fund" be established, and that all funds derived from court costs be deposited in a separate account. **Resolution 24125**, passed by the Metropolitan Council on August 7, 1985, established the fund and stated that there should be a cost assessed by the City Court judge in all criminal matters, including traffic violations, wherein an individual pleads guilty or is convicted. An ***En Banc* order** dated September 3, 1999, set a rate of $15 for constable court costs for all criminal and traffic violations, excluding parking infractions, effective October 1, 1999. An ***En Banc* order** dated August 6, 2002, continued the $15 rate. An ***En Banc* order** dated August 25,2009, effective **August 15, 2009**, continued the $15 rate and provided the current Criminal/Traffic Court Cost Collection and Distribution Schedule.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Clerk of City Court.

Transmittal: Remitted daily to the Finance Department–Revenue Division.

PAYOR OF FEE:

An individual who pleads guilty or is convicted in a criminal matter or traffic violation (excluding parking violations) in City Court is assessed court costs. **Any person who bonds out of the city jail** is charged a bond processing fee.

COMPUTATION OF FEE:

In all criminal and traffic cases (excluding parking violations) in City Court the judge assesses **$15** (increased in 1999 from $10) as additional costs of court. The fee for bonds processed at the jail is **$15**.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

The City Constable court cost revenues may be used only in accordance with the priorities listed in Resolution 24125, Section 4. This fund must be closed out at the end of each year and any surplus monies transferred to the City General Fund. The court cost imposed is limited by statute to $15.

N/A	La. Code of Criminal Procedure Art. 887H L.R.S. 15:571.11(L)(3)	Resolution 24125, 08/07/85 *En Banc* Order - City Court 07/24/85

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.S.A.–C.Cr.P. 887H** provides that a person convicted of a misdemeanor or ordinance of a local government may be assessed additional reasonable costs to cover amounts expended by the constable or certain other officials in the execution of a bench warrant. **L.R.S. 15:571.11(L)(3)** provides that, as of June 22, 1993, proceeds of bond forfeitures in city and municipal courts would be divided equally among the prosecutor, the court, the law enforcement agency involved, and the indigent defender program.

Local: A City Court ***En Banc* order** dated July 24, 1985, mandated that an account designated "City Constable's Court Cost Fund" be established, and that all funds derived from court costs be deposited in a separate account. **Resolution 24125**, passed by the Metropolitan Council on August 7, 1985, established the "City Constable's Court Cost Fund."

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Clerk of City Court, except for the Service of Eviction Notices Fee, which is collected by the City Constable's Office.

Transmittal: Remitted daily to the Finance Department–Revenue Division.

PAYOR OF FEE:

Any convicted person on whom a bench warrant was served by the constable may be assessed the reasonable costs expended by the constable in the execution of the bench warrant. **Any person ordered to attend a City Court school** must pay the School Security Fee. **Any person charged with possession of alcohol** may be charged an Evidence Testing fee. **Any person requesting service of an eviction notice** must pay the Eviction Notice fee. **Any person who posts a monetary bond and subsequently fails to appear in court on the appointed date** may have a bond forfeiture judgment rendered against him.

COMPUTATION OF FEE:

When the defendant is arrested pursuant to a bench warrant, **an additional $75 may be assessed**; if no arrest was made, the bench warrant clearance fee is **$50**. The School Security Fee is **$5**. The Evidence Testing fee is **$50**. The fee for serving an eviction notice is **$20**. **Twenty-five percent of any forfeited City Court bond** is paid into this fund.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

The School Security Fee may be used only to pay overtime to employees of the City Constable's Office who provide security to the City Court building after regular hours and on weekends when the court's various schools (Anger Management, Defensive Driving, etc.) are in session.

NOTE: This revenue decreased in 2008 because fewer bonds were being granted. The decrease continued in 2009. City Court officials state that more offenders are being released on their own recognizance, so that no bond is ever posted, and that more challenges are being made to the validity of bond forfeiture judgments. City Court officials suggest that the increase in 2010 may be attributable partly to procedure changes resulting from legislative changes that made it possible to defend legal challenges to the forfeitures. It should be noted that the amount collected in 2010 is still much smaller than amounts collected in 2007 or 2008.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article 6, Section 19** of the Louisiana Constitution of 1974 authorizes the creation of special districts; defines the power of such districts; and grants to those special districts such rights, powers, and authorities as it deems proper, including but not limited to the power of taxation. **Article 7, Section 18 (D)** authorizes each assessor to determine the fair market value of all property subject to taxation within his or her parish. **Article 7, Section 20(A)**, as amended by **Act 929** of the 2004 Legislature, provides for a homestead exemption of $7,500. **L.R.S. 33:7721, et seq.**, outlines the creation, purpose, and powers of mosquito abatement districts. **L.R.S. 47:2051** designates the sheriffs of the several parishes to be ex-officio tax collectors who collect all parish and district taxes and have the same power to enforce the collection of parish taxes as of state taxes.

Local: **Parish Ordinance 5275** of January 10, 1979, created the East Baton Rouge Parish Mosquito Abatement and Rodent Control District. **Resolution 41880** of July 24, 2002, called a special election to authorize the continuation of the 1.23-mill existing tax for a period of 10 years beginning in 2004; the renewal was approved by voters. **Resolution 45182** of November 21, 2006, called a special election to authorize an additional 1.00-mill tax for a period of 10 years beginning in 2007; this additional tax was approved by the voters. Below is a summary detail of the annual authorization for the property tax mill:

* In 2008 East Baton Rouge Parish was reassessed and all property tax millage rates were adjusted.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Sheriff of East Baton Rouge Parish (Contact: Octave Anthaume, Tax Director at 389-4817).

Transmittal: Transmitted monthly to the Finance Department–Revenue Division.

Comments: Collections are cyclical in nature. Due to tax payment deadline of December 31, the majority of collections are made in late November and December of each year.

PAYOR OF FEE:

Owners of all taxable property, real and personal, within the limits of East Baton Rouge Parish Mosquito Abatement District pay this tax.

COMPUTATION OF FEE:

Since 2000, **1.14 mills** on the dollar of assessed valuation of all taxable property, real and personal, within the limits of East Baton Rouge Parish Mosquito Abatement District. As the result of high costs associated with combating West Nile virus and other mosquito-borne diseases, an increase to **1.23 mills** was approved beginning with the 2004 tax year. In 2006, an **additional 1.00 mill** was approved beginning with the 2007 tax year. This continued through in 2008 until it was lowered to **1.15 mills** with **an additional .94 mills** in the same year. In 2009 the original millage remained at **1.15 mills**; however the additional millage was lowered to **.30** mills. In 2010, the rates remained at **1.15 mills** and **.30 mills.**

Homeowners are allowed a $7,500 exemption on this property tax. Details of assessment rates can be found under the "General Property Tax" item in the General Fund section of this book.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

This tax millage is levied to pay the expenses of purchasing, maintaining, and operating machinery, facilities, and equipment necessary or useful in the eradication, abatement, or control of mosquitoes, other arthropods of public health importance, and rodents, and maintaining an adequate administrative staff for a mosquito and rodent abatement district.

The election held November 3, 1992, approved the continuation of the tax to commence with the tax collection for 1994. In accordance with **Article VII, Section 23**, of the Constitution of the State of Louisiana, all property subject to taxation is reappraised and valued at intervals of not more than four years. The City-Parish is then required to adjust property tax millages in a reassessment year to an amount that generates the same taxes as the year preceding reassessment. The Metropolitan Council by a two-thirds vote can increase the millage in the reassessment year to the millage rate which is not in excess of the maximum authorized millage rate authorized in the preceding year. Any new tax levies or tax renewals that become effective in the year of reappraisal are not subject to the millage adjustment requirement. The 2000 millage rate was decreased from 1.18 mills to 1.14 mills in accordance with **Ordinance 11805** of August 9, 2000, as a result of reassessment of property in the parish. The 2004 millage rate was increased from 1.14 mills to 1.23 mills, and a 1-mill increase was authorized beginning with the 2007 tax year. The 2008 millage rate was decreased from 2.23 mills to 2.09 mills in accordance with **Ordinance 14552** of July 23, 2008, as a result of reassessment of property in the parish. These rates include the initial and the additional millages.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article 6, §19 Article 7, §18(D) Article 7, §20(A) Louisiana Revised Statutes 47:2051	*The Plan of Government* §11:03 Resolutions 36139, 08/09/95; 44194, 06/08/05 Ordinances 13851, 12/13/06; 14263, 12/12/07; 14462, 08/13/08; 14554, 11/25/08; 14831; 12/09/09; 15035, 11/23/10

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article 6, Section 19** of the Louisiana Constitution of 1974 authorizes the creation of special districts; defines the power of such districts; and grants to those special districts such rights, powers, and authorities as it deems proper, including but not limited to the power of taxation. **Article 7, Section 18 (D)** of the Louisiana Constitution of 1974 authorizes each assessor to determine the fair market value of all property subject to taxation within his or her parish. **Article 7, Section 20 (A)** of the Louisiana Constitution of 1974 provides for a homestead exemption of $7,500 for certain ad valorem taxes levied and collectible for the calendar year 1982 and thereafter. **L.R.S. 47:2051** designates the sheriffs of the several parishes to be ex-officio tax collectors who collect all parish and district taxes and have the same power to enforce the collection of parish taxes as of state taxes.

Local: **Section 11.03** of *The Plan of Government* states that there shall continue to be a parish library for East Baton Rouge Parish with such branches and other services as may be established by the Board of Control. The Board of Control consists of the Mayor-President, ex-officio, and five citizens of the parish appointed by the Metropolitan Council for 5 years. The Board of Control shall have the powers and duties conferred by the general laws of the State Boards of Control of Parish Public Libraries. **Resolution 36139** adopted August 9, 1995, authorized the levy of a special tax of 11.10 mills on the dollar of assessed valuation on all property subject to taxation in East Baton Rouge Parish annually for a period of ten years, beginning with the tax collection year 1996, for the purpose of acquiring, constructing, improving, maintaining, and operating the public library of the Parish of East Baton Rouge and its branches, with the proceeds of said tax to be administered by the East Baton Rouge Parish Library Board of Control. The rate for the four years prior to 1996 was 8.33 mills. **Resolution 44194** of June 8, 2005, called a special election to authorize the continuation of the levy and collection of the special ad valorem tax of 11.10 mills on the dollar of assessed valuation of all property subject to taxation in EBRP annually for a period of ten years, beginning with the tax collection year 2006 and extending through 2015. **Ordinance 13851** of December 13, 2006 continued the property tax millage rate of 11.10 for 2007. **Ordinance 14263** of December 12, 2007, continued the rate of 11.10 mills for the parish for 2008. **Ordinance 14462** of August 13, 2008, continued the current rate, and **Ordinance 14554** of November 25, 2008, continued it for 2009. **Ordinance 14831** of December 09, 2009, continued the current rate for 2010. **Ordinance 15035** of November 23, 2010, continued the rate of 11.10 mills for 2011.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Sheriff of East Baton Rouge Parish (contact Octave Anthaume at 389-4817).

Transmittal: Transmitted monthly to the Finance Department–Revenue Division.

Comments: Collections are cyclical in nature. Due to tax payment deadline of December 31, the great majority of collections are made in late November and December of each year.

PAYOR OF FEE:

Owners of all taxable property, real and personal, within the limits of EBR Parish pay this tax.

COMPUTATION OF FEE:

The 2010 rate continues at **11.10 mills** on the dollar of assessed valuation of all taxable property, real and personal, within the Parish of East Baton Rouge. Homeowners are allowed a $7,500 exemption on this property tax. Details of assessment rates can be found under the "General Property Tax" item in the General Fund section of this book.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

This tax millage is levied to pay the expenses of acquiring, constructing, improving, maintaining, and operating the public library system of the Parish of East Baton Rouge.

In accordance with **Article VII, Section 23**, of the Constitution of the State of Louisiana, all property subject to taxation must be reappraised and valued at intervals of not more than four years. The City-Parish is then required to adjust property tax millages in a reassessment year to an amount that generates the same taxes as the year preceding reassessment. The Metropolitan Council by a two-thirds vote can increase the millage in the reassessment year to the millage rate which is not in excess of the maximum authorized millage rate authorized in the preceding year. Any new tax levies, or tax renewals that become effective in the year of reappraisal, are not subject to the millage adjustment requirement. Since the first year of the current tax levy was the reappraisal year, this district was not subject to these provisions.

NOTE: The 2008 apparent increase resulted in part from the fact that the copiers were non-operational for half the year in 2007, decreasing collections for that year. In 2008, the Library entered into a new print management contract. The revenue decreased in 2009 because of less use of the copier. Patrons are now printing more from the public computers, which allows each patron to print up to 20 pages free. This trend continued in 2010.

NOTE: In 2009, revenue decreased because fines were disabled while the new computer system was being installed. Invoices for long-overdue items were also held. In 2010, two services were started to help patrons return items more promptly. A free web-based service called Library Elf emails patrons in advance when items are due or have become overdue. The library also started a fine amnesty service called Waive-It-Wednesdays. Items could be returned the last Wednesday of each month and no fines would accrue. This practice was discontinued in 2011.

N/A	Louisiana Constitution, 1974 Article 6, §19 Article 7, §18(D) Article 7, §20(A) Louisiana Revised Statutes 47:2051	Resolutions 40628, 10/25/00; 43758, 11/23/04 48226, 10/13/10 Ordinances 13851, 12/13/06; 14263, 12/12/07; 14452, 07/23/08; 14456, 08/13/08; 14554, 11/25/08; 14831, 12/09/09; 15035, 11/23/10

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article 6, Section 19** of the Louisiana Constitution of 1974 authorizes the creation of special districts; defines the power of such districts; and grants to those special districts such rights, powers, and authorities as it deems proper, including but not limited to the power of taxation. **Article 7, Section 18 (D)** of the Louisiana Constitution of 1974 authorizes each assessor to determine the fair market value of all property subject to taxation within his or her parish. **Article 7, Section 20 (A)** of the Louisiana Constitution of 1974, as amended by **Act 844** of the 1980 Legislature, provides for a homestead exemption of $7,500 for all ad valorem property taxes levied and collectible for the calendar year 1982 and thereafter. **L.R.S. 47:2051** designates the sheriffs of the several parishes to be ex-officio tax collectors who collect all parish and district taxes and have the same power to enforce the collection of parish taxes as of state taxes.

Local: **Resolution 40628** of October 25, 2000, ratified the results of the special election held on October 7, 2000, for the purpose of authorizing the renewal of the levy and collection of a special ad valorem tax of ten mills on real property in the Downtown Development District for a period of five years commencing with 2002, and annually thereafter. **Resolution 43758** of November 23, 2004, ratified the results of the special election held on November 2, 2004, for the purpose of authorizing the renewal of the levy and collection of a special ad valorem tax of ten mills on real property in the Downtown Development District for a period of five years commencing with 2007, and annually thereafter to and including the year 2011. **Resolution 48226** of October 13, 2010, ratified the results of the special election held on October 2, 2010, for the purpose of authorizing the renewal of the levy and collection of a special ad valorem tax of ten mills on real property in the Downtown Development District for a period of five years commencing with 2012 and annually thereafter to and including the year 2016. **Ordinance 15035** of November 23, 2010, continued the millage rate of ten mills for the year 2011.

* In 2008, East Baton Rouge Parish was reassessed and all property tax millage rates were adjusted.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Sheriff of East Baton Rouge Parish (contact Octave Anthaume at 389-4817).

Transmittal: Transmitted monthly to the Finance Department–Revenue Division.

Comments: Collections are cyclical in nature. Due to tax payment deadline of December 31, the great majority of collections are made in late November and December of each year.

PAYOR OF FEE:

Owners of all taxable real property within the Downtown Development District pay this tax.

COMPUTATION OF FEE:

10.00 mills on the dollar of assessed valuation of all taxable real property within the Downtown Development District. Homeowners are allowed a $7,500 exemption on property tax. Details of assessment rates can be found under the "General Property Tax" item in the General Fund section of this book.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

The proceeds of this tax must be used to provide funding for planning, development, management, operations and improvement purposes within the boundaries of the Downtown Development District.

In accordance with **Article VII, Section 23**, of the Constitution of the State of Louisiana, all property subject to taxation must be reappraised and valued at intervals of not more than four years. The City-Parish is then required to adjust property tax millages in a reassessment year to a rate that generates the same dollar amount of taxes as in the year preceding reassessment. The Metropolitan Council by a two-thirds vote can increase the millage in the reassessment year to the millage rate which is not in excess of the maximum authorized millage rate authorized in the preceding year. Any new tax levies or tax renewals which become effective in the year of reappraisal are not subject to the millage adjustment requirement. The 2004 millage rate was decreased due to reassessment.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:4861**, known as the "Charitable Raffles, Bingo and Keno Licensing Law," creates the Office of Charitable Gaming in the Department of Revenue; provides for the functions, duties, and responsibilities of the division; establishes requirements for issuance of a license by that Office; and provides for licensing and regulation by parish and municipal governing authorities.

Local: **Ordinance 8140** of April 23, 1986, assesses each organization licensed to conduct games of chance 5% of its gross receipts as a fee for the funding of an investigative team to examine the operation of games of chance. **Ordinance 8514** of October 28, 1987, provides for licenses and fees for electronic bingo machines by the distributor. **Ordinance 8633** of April 13, 1988, provides for a rebate to each licensed organization, on a pro rata basis, of funds collected in excess of the total operational cost of the Bingo Enforcement Unit. **Ordinance 9585** of February 24, 1993, provides for the licensing and regulation by the Gaming Enforcement Division of charitable bingo within the City-Parish for 1993. It also changes the rebate provisions (see below under REFUND PROCEDURE). **Ordinance 11826** of August 23, 2000, decreases the regulatory fee to 1.5% of gross bingo receipts and net pull tab receipts on a monthly basis effective September 1, 2000. **Ordinance 14100** of August 8, 2007, continues the 1.5% regulatory fee on gross bingo receipts and pull tab net receipts and assesses a 5% fee on electronic video bingo gross profits.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Gaming Enforcement Division.

Transmittal: Transmitted to the Department of Finance as received.

Comment: This special revenue fund was established January 1, 1990. Before that date the bingo (gaming) fees were accounted for in the General Fund.

PAYOR OF FEE:

All bona fide non-profit **veterans', charitable, educational, or religious organizations licensed to conduct the specific kind of game of chance known as bingo** pay this fee.

COMPUTATION OF FEE:

Each organization licensed to conduct games of chance pays the regulatory fee of 1.5% of gross bingo receipts and net pull tab receipts. Distributors of video bingo machines pay a regulatory fee of 5% on their gross profits after prizes are awarded.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

At the end of each year surplus funds from this regulatory fee in excess of 3 months' operating expenses of the Gaming Enforcement Division must be refunded to the gaming organizations on a pro-rata basis. Gaming fees may be used only to regulate and/or supervise charitable gaming.

NOTE: In 2007, several additional bingo halls opened. The newer ones are smaller "bingo parlors" that cater to customers who play the video bingo machines. In explaining the large increase in 2008, the Gaming Enforcement Director stated that the number of bingo halls had been increasing, and more people had become aware of the video bingo machines. The negative amounts shown as rebates result from the necessity to return to the bingo organizations all surplus funds in excess of three months' operating expenses. Without this requirement, the annual percentage increases in this revenue would have been 28.59% in 2007 and 68.79% in 2008.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 13:1910 (A)** authorizes the imposition of a service charge of up to ten dollars per filing in all civil cases. All monies collected in accordance with this section shall be forwarded to the court and placed in an account dedicated exclusively to the acquisition, leasing, construction, equipping, and maintenance of new and existing city courts and for the maintenance and payment of any bond indebtedness on any such existing facilities. Additionally, **item (B) of §1910** authorizes the collection of a fee of ten dollars for each proceeding where a fine is imposed, or court costs are ordered to be paid.

Local: **Resolution 44414** of October 12, 2005, authorizes the establishment of a special account designated "City Court Judicial Building Fund" into which funds collected in accordance with L.R.S. 13:1910 will be deposited. The City Court judges originally decided to impose this fee only on civil cases only. **Resolution 46547**, adopted October 22, 2008, authorizes the imposition of the fee in traffic cases as well, to begin January 1, 2009, as provided in City Court's ***En Banc* order dated November 18, 2008**. City Court ***En Banc* order of January 20, 2009,** ratified the fees previously imposed on civil and traffic cases.

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 33:361 3:2731 3:2772	*Code of Ordinances* Title 14, §14:201, 202

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:361** vests a municipality with all powers, rights, privileges, immunities, authorities, and duties in accordance with all constitutional and statutory provisions. A municipality is authorized to exercise any power and perform any function necessary, requisite, or proper for the management of its affairs not denied by law. This includes the power to levy and collect taxes and assume indebtedness. **L.R.S. 3:2731** provides for the regulation of dogs by local authorities and for the utilization of the proceeds of dog and cat license fees and fines for the operation of the local animal control program. **L.R.S. 3:2772** limits the amount that may be charged for license fees to no more than $10 for each altered dog or cat and no more than $20 for each unaltered dog or cat.

Local: **Title 14 §14:201 and 202** of the Code of Ordinances establish the regulations, requirements, and charges for animal licenses at the local level.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Animal Control and Rescue Center (contact Hilton Cole at 774-7700).

Transmittal: Collections are deposited in the bank by the Animal Control and Rescue Center three times a week, and a copy of the deposit slip is sent to the Finance Dept.–Revenue Division.

DISTRIBUTION OF PROCEEDS:

L.R.S. 3:2734 provides that the proceeds of this license fee go first toward payment of necessary costs of collection and the costs of operating dog pounds. Any remaining funds are to be deposited to the credit of the parish school fund.

PAYOR OF FEE:

Any owner or commercial establishment of animals regulated by the aforementioned laws pays this fee.

COMPUTATION OF FEE:

The license fee is **$7** per year for each altered dog or cat and **$14** for each unaltered dog or cat. License tags are given out on consignment by the Animal Control and Rescue Center to veterinarians. Periodically, each veterinarian remits to the center the fees collected, less an 8% vendor fee that is retained by the veterinarian for his or her services. Persons failing to obtain a license within the yearly period specified are subjected to a fine of **$50**.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

L.R.S. 3:2772 limits the amount that may be charged for license fees to no more than **$10** for each altered dog or cat and no more than **$20** for each unaltered dog or cat.

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 33:361 3:2731 3:2778 Act 108 of the 2010 Regular Legislative session	*Code of Ordinances*, Title 14, §112, §205–207.1, §214 Ordinance 14706, 06/24/09

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:361** vests a municipality with all powers, rights, privileges, immunities, authorities, and duties possessed in accordance with all constitutional and statutory provisions. A municipality is further authorized to exercise any power and perform any function necessary, requisite, or proper for the management of its affairs not denied by law. This includes the power to levy and collect taxes to assume indebtedness as provided by law. **L.R.S. 3:2731** provides that the governing body of the parish may adopt ordinances regulating dogs; enforce said ordinances; and use the proceeds of dog and cat license fees and fines for the operation of the animal control program. **L.R.S. 3:2778** provides for the setting of fees and fines sufficient for the operation of an animal control program. **Act 108** of the 2010 Regular Legislative Session repealed and reenacted certain statutes relative to the regulation by local authorities of dogs; provided for the adoption of ordinances; provided for the imposition of fees and fines; and repealed certain other provisions of animal-control statutes, including the requirement that license fees be credited to parish school funds.

Local: **Title 14** of the Code of Ordinances contains the ordinances dealing with animals in East Baton Rouge Parish. **Section 14:112** authorizes the Animal Control and Rescue Center to enter into a contract with a licensed veterinarian for professional veterinary services. **Sections 14:205 and 14:206** provide the procedures for impounding animals, and **Section 14:207** details amounts to be paid for redemption of impounded animals. **Section 14:207.1** contains the procedures and fees involved in adoption of animals. **Section 14:214** provides for animal establishment permits and specifies the fee therefor. **Ordinance 14706** dated **June 6, 2009,** amends Title 14, of the Code of Ordinances, so as to change the name of the shelter from "Animal Control Center" to "Animal Control and Rescue Center."

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Animal Control and Rescue Center (contact Hilton Cole at 774-7700).

Transmittal: Collections are deposited in the bank by the Animal Control and Rescue Center three times a week. A copy of the deposit slip is sent to the Finance Department–Revenue Division.

PAYOR OF FEE:

Any pet owner or livestock owner whose animal is impounded must pay impoundment and board fees to secure the animal's release. Animal establishments (e.g., pet shops) pay an animal inspection and permit fee. Persons wishing to adopt an animal pay an adoption fee, which includes having the animal spayed or neutered, licensing and vaccinating the animal, and providing deworming treatments to the animals.

COMPUTATION OF FEE:

Any person who interferes with any officer or agent of the animal control center in the performance of any duty shall, upon conviction by a court of competent jurisdiction, be deemed guilty of a misdemeanor and may be fined any amount up to **$500 or imprisoned, or both** fined and imprisoned, in the discretion of the court.

The owner of a dog at large that severely bites, mauls, or disfigures any person shall, upon conviction by a court of competent jurisdiction, be deemed guilty of a misdemeanor and shall be fined no less than **$500, or 30 days, or both** fined and imprisoned, in the discretion of the court.

N/A	N/A	Intergovernmental Agreements with City of Central, eff. 01/01/09 L.S.U., 03/01/09, as amended

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Intergovernmental Agreement** among City-Parish, Animal Control Center for the City-Parish, and the City of Central for Animal Control Services, effective January 1, 2009, thru December 31, 2010, provides for services to be provided by the East Baton Rouge Parish Animal Control Center to the City of Central, along with the payment therefor. An **Intergovernmental Agreement** with Louisiana State University, effective March 1, 2009, as amended, provided that the Animal Control Center would furnish support to the L.S.U. Veterinary School teaching program.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Animal Control and Rescue Center (contact Hilton Cole at 774-7700).

Transmittal: Receipts are deposited in the bank by the Animal Control and Rescue Center three times a week, and a copy of the deposit slip is sent to the Finance Dept.–Revenue Division.

PAYOR OF FEE:

The cities of **Baker, Zachary, and Central** pay for animal-control services provided to those areas. Louisiana State University pays for support furnished to its veterinary student-teaching program.

COMPUTATION OF FEE:

Beginning in 2009, the cities of Baker, Zachary, and Central pay for animal-control services based on a cost per-capita calculated annually. Prior to that the cities were paying a rate agreed upon by the City-Parish Administration. Louisiana State University pays a set contractual amount which is renewed each year. Collections can vary depending on when payments are collected.

NOTE: In January 2010, an accrual in the amount of $2,700 was posted incorrectly as $27,000. It was corrected in September 2010. The City-Parish anticipates entering into a cooperative endeavor agreement transferring responsibility of animal adoption and sheltering services to the Companion Animal Alliance as of August 1, 2011. At that time, a portion of this revenue from the LSU contract will no longer be recorded as City-Parish revenue as it is related to said services.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
United States Code Title 21, Section 881 (e) Title 19, Section 1616a Title 21, Section 881 (d)	N/A	N/A

INTERPRETATION OF LEGAL AUTHORIZATION:

Federal: Title 21, U.S.C., Section 881 (e) and Title 19, U.S.C., Section 1616a., as made applicable by Title 21, U.S.C., Section 881 (d), and other statutes, authorize the Attorney General of the United States to transfer forfeited property seized in a narcotics investigation to any federal agency or to any state or local law enforcement agency that directly participated in the acts leading to the seizure or forfeiture.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: City of Baton Rouge Police Department

Transmittal: Transmitted upon receipt to the Finance Department—Accounting Division.

COMPUTATION OF FEE:

Any federal, state, or local law enforcement agency that participates in the acts leading to a seizure or forfeiture in a narcotics case may file a request for an equitable transfer of the property. Once seized property has been sold at public sale, the claims of anyone holding a bona fide security interest and the expenses for the proceedings of forfeiture and sale are satisfied. Thereafter, the remaining funds are generally distributed based upon the degree of direct participation of the state or local agency in the law enforcement effort resulting in the forfeiture. Normally, this is determined by comparing the number of hours expended by the agents involved. There are instances when a state or local agency may receive more than their normal participation-based percentage, and these are outlined in a U.S. Department of Justice circular entitled "A Guide to Equitable Sharing of Federally Forfeited Property for State and Local Law Enforcement Agencies" on file in the Budgeting Division.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

These funds are dedicated for use by the Baton Rouge Police Department.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Revised Statutes 33:9101–9110 Act 758, 1997 Legislature Act 531, 2009 Legislature	Ordinances 8148, 05/14/86; 8274, 11/12/86; 9216, 12/12/90; 9565, 12/09/92 Resolution 25932, 02/11/87 Resolutions of the EBRP Communications District, 03/17/00; 11/10/05

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 33:9101-9106** authorizes the creation of a communications district by any parish for the purpose of establishing a local emergency telephone service. It defines the powers of such a district and provides for a board of commissioners to govern the district. This statute also provides for a uniform emergency number (911); defines the methods for using such a number; and authorizes the levy of a telephone service charge when so voted by the voters of the district. **Act 758** of the 1997 Legislature expands L.R.S. 33:9102(B) to include both landline telephone exchange services and cellular telephone services which have access to and can utilize a 911 emergency telephone system. **Act 531** of the 2009 Legislature enacts R.S. 33:9109.1, which adds a service charge to prepaid wireless telecommunication services and provides for the administration and distribution of these funds.

Local: **Ordinance 8148** adopted May 14, 1986, established the Communications District. This ordinance specifies that the District be governed by a board of commissioners, which will include the Chiefs of the Police and Fire Departments; the Mayors of Baker and Zachary; the administrator of Emergency Medical Services; the Sheriff; and the head of the Louisiana State Police. These commissioners are charged with the responsibility of making recommendations to the Metropolitan Council relative to funding and management of the enhanced emergency 911 system. **Ordinance 8274** adopted November 12, 1986, authorized the levy of an emergency telephone service charge not to exceed 5% of the tariff rate for local telephone service for the purpose of establishing, maintaining, and operating the enhanced 911 emergency telephone system, to commence December 1, 1986. **Resolution 25932** adopted February 11, 1987, authorized the creation of the East Baton Rouge Parish Communications District under the Department of Emergency Medical Services to account for these revenues. **Ordinance 9216** adopted December 12, 1990, transferred the responsibility of the operation of the Emergency 911 system to the new Department of Telecommunications. **Ordinance 9565** adopted December 9, 1992, transferred the responsibility of the District and the 911 System back to the Department of Emergency Medical Services effective January 1, 1993. **Resolution 001/2000 of the EBR Parish Communications District**, dated March 17, 2000, imposed an emergency telephone service charge on wireless telephone users. A **Resolution of the EBR Parish Communications District**, dated November 10, 2005, increased the 911 collection rate.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: **Landline and regular cell phones:** AT&T (contact Evonne Small at 557-6000).
Prepaid cell phones: Retailer.

Transmittal: **Landline and regular cell phones:** Submitted monthly to the Finance/ Revenue.
Prepaid cell phones: Retailer retains entirety of amount collected in the 1st quarter of 2010 and 4% of amounts collected thereafter, and sends the remainder to the La. Dept. of Revenue, which retains 2% of the amount received and divides the balance among the communications districts of the state.

PAYOR OF FEE:

Users of telephone service within the East Baton Rouge Parish Communications District.

COMPUTATION OF FEE:

The East Baton Rouge Parish Communications District Board of Commissioners sets the fee. The monthly rate for residential telephone service is $0.63, the limit allowed by state law. The monthly rate for business telephone service is $1.50 and the rate for cellular service is $0.85 per month. For prepaid cell phones, the retailer collects an additional 2% from the purchaser of the prepaid phone or of additional minutes for the prepaid phone.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

The service charge is to be used solely for the purpose of establishing, maintaining, and operating the Enhanced 911 Emergency telephone system. The maximum monthly emergency telephone service charges are $0.63 per residential line, $1.65 per business line, and $0.85 per cell phone number.

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article 6, §19 Article 7, §18(D) Article 7, §20(A) Louisiana Revised Statute 47:2051	Ordinances 13474, 12/14/05; 13851, 12/13/06 14263, 12/12/07; 14554, 11/25/08 14831, 12/09/09; 15035, 11/23/10 Resolutions 42691, 08/13/03

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article 6, Section 19** of the Louisiana Constitution of 1974 authorizes the creation of special districts; defines the power of such districts; and grants to those special districts such rights, powers, and authorities as it deems proper, including but not limited to the power of taxation.

Article 7, Section 18 (D) of the Louisiana Constitution of 1974 authorizes each assessor to determine the fair market value of all property subject to taxation within his or her parish. **Article 7, Section 20(A)** of the Louisiana Constitution of 1974, as amended by **Act 844** of the 1980 Legislature, provides for a homestead exemption of $7,500 for certain ad valorem property taxes levied and collectible for the calendar year 1982 and thereafter. **L.R.S. 47:2051** designates the sheriffs of the several parishes to be ex-officio tax collectors who collect all parish and district taxes and have the same power to enforce the collection of parish taxes as of state taxes.

Local: **Resolution 42691** of August 13, 2003, called a special election to authorize the renewal of the levy of a property tax not to exceed 3.13 mills for a period of 10 years beginning in 2005 and extending through 2014, the avails of such tax to be used entirely and exclusively for the operation and maintenance costs of Emergency Medical Services. **Ordinance 13851** of December 13, 2006, adopted a rate of 3.13 mills again for 2007. **Ordinance 14263** of December 12, 2007, adopted a rate of 3.13 mills for 2008. **Ordinance 14544** of November 25, 2008, adopted a rate of 3.13 mills for 2009. **Ordinance 14831** of December 9, 2009, adopted a rate of 3.13 mills for 2010. **Ordinance 15035** of November 23, 2010, maintained a rate of 3.13 mills for 2011.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Sheriff of East Baton Rouge Parish (contact Octave Anthaume, Tax Director at 389-4817).

Transmittal: Transmitted monthly to the Finance Department–Revenue Division.

Comments: Collections are cyclical in nature. Due to tax payment deadline of December 31, the majority of collections are made in late November and December of each year.

PAYOR OF FEE:

Owners of all taxable property, real and personal, within the Parish of East Baton Rouge pay this tax.

COMPUTATION OF FEE:

The rate for 2011 is **3.13 mills** on the dollar of assessed valuation of all taxable property, real and personal, within the Parish of East Baton Rouge.

Homeowners are allowed an exemption from property taxes to the extent of **$7,500 of the assessed valuation** of the property. Details of assessment rates can be found under the "General Property Tax" item in the General Fund section of this book.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Funds are to be used for the operation and maintenance of the Emergency Medical Services operations and facilities throughout the city and parish.

In accordance with Article VII, Section 23, of the Constitution of the State of Louisiana, all property subject to taxation shall be reappraised and valued at intervals of not more than four years. The City-Parish is then required to adjust property tax millages in a reassessment year to a rate that generates the same dollar amount as in the year preceding reassessment. The Metropolitan Council by a two-thirds vote can increase the millage in the reassessment year to the millage rate which is not in excess of the maximum authorized millage rate authorized in the preceding year. Any new tax levies or tax renewals that become effective in the year of reappraisal are not subject to the millage adjustment requirement.

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **Ordinance 11180** dated July 8, 1998, ratified and approved all actions on behalf on the Department of Emergency Medical Services in assessing and collecting fees for services rendered. **Resolution 39016** dated October 14, 1998, authorizes the Director of Emergency Medical Services to enter into managed care contracts with health plan providers for reimbursement of services rendered by the department of EMS. **Ordinance 14722** dated July 22, 2009, amended and re-enacted section 10:415 of the *Code of Ordinances* relative to the rate structure for ambulance services provided by EMS.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Emergency Medical Services.

Transmittal: As checks are received, they are submitted to the Finance Department–Revenue Division.

PAYOR OF FEE:

The **person requiring service** is responsible for this fee. In most cases, that person's insurance company is billed and pays the fee.

COMPUTATION OF FEE:

The current fee for an emergency transport is **$525**. Other charges are made for services rendered, such as oxygen, airway management, medication, EKG monitoring, IV's, spine boards, and mast trousers. There is also a mileage charge fee of **$12/mile**. Amount of insurance company reimbursement depends on the provisions of the patient's policy. A complete fee schedule can be obtained by contacting Mark Gamble, EMS Business Manager, at 389-5155.

	Maximum	Current
Emergency Transfer Fee	$577	$525
Mileage Fee	$15/mile	$12/mile

This fee was increased in 2011 to $575 plus $14/mile.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Funds are dedicated to the operation of the Emergency Medical Services within the Parish of East Baton Rouge.

With **Ordinance 14722** of July 22, 2009, the Metropolitan Council set the maximum rates that can be charged by any public or private ambulance service provider within the parish. Both the maximum and the current rates charged by EMS are provided above.

NOTE: In December of each year, an accrual is recorded for revenues earned in that year but not expected to be received until the following year. In January, that accrual is reversed. The decrease in 2008 is the result of a personnel shortage within the department, which caused delays in billings. The increase in 2009 is due to an increase in emergency transport fees. The increase in 2010 was the result of collecting outstanding amounts from the previous year.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article 6, Section 19** of the Louisiana Constitution of 1974 authorizes the creation of special districts; defines the power of such districts; and grants to those special districts such rights, powers, and authorities as it deems proper, including but not limited to the power of taxation. Article 7, Section 18 (D) of the Louisiana Constitution of 1974 authorizes each assessor to determine the fair market value of all property subject to taxation within his or her parish. **Article 7, Section 20 (A)** of the Louisiana Constitution of 1974 provides for a homestead exemption of $7,500 for certain ad valorem taxes levied and collectible for the calendar year 1982 and thereafter. **L.R.S. 47:2051** designates the sheriffs of the several parishes to be ex-officio tax collectors who collect all parish and district taxes and have the same power to enforce the collection of parish taxes as of state taxes.

Local: **City Resolution 13115** of August 25, 1982, authorizes the Mayor-President to enter into an agreement with the sheriff of East Baton Rouge providing for the collection by the sheriff of all city ad valorem taxes, among other taxes, for an indefinite term, the sheriff to be compensated by a 4.50% commission on all ad valorem taxes collected. **Resolution 40517** of September 13, 2000, called a special election to authorize the levy and collection of a special ad valorem tax of 6 mills on property within the boundaries of the City of Baton Rouge for a period of ten years. The purpose of this tax is to provide funds for increasing salaries and benefits for all employees of the fire department of the City of Baton Rouge who are members of the Municipal Fire and Police Civil Service System. On November 7, 2000, the voters approved the 6-mill property tax, and on November 21, 2000, with **Resolution 40690**, the Metropolitan Council approved the results of the election. **Ordinance 13851** of December 13, 2006, maintains the rate at 6.00 mills for 2007. **Ordinance 14263** of December 12, 2007, continued the rate at 6.00 mills for 2008. **Ordinance 14452** of July 23, 2008, adjusted the 2008 rate downward to 5.67 due to reassessment. **Ordinance 14456** of August 15, 2008 adopted the maximum authorized levy of 6.00 mills. **Ordinance 14554** of November 25, 2008 continued the rate for 2009. Ordinance 14831 of December 09, 2009 continued the rate for 2010. On May 1, 2010, the voters approved the 6-mill property tax, and on May 12, 2010, with **Resolution 47896**, the Metropolitan Council approved the results of the election. **Ordinance 15035** of November 23, 2010 adopted the maximum authorized levy of 6.00 mills.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Sheriff of East Baton Rouge Parish (contact Octave Anthaume at 389-4817).

Transmittal: Transmitted monthly to the Finance Department–Revenue Division.

Comments: Property tax collections are cyclical in nature. Due to the property tax payment deadline of December 31, the great majority of collections are made in late November and December of each year.

PAYOR OF FEE:

Owners of all taxable property, real and personal, within the limits of the City of Baton Rouge are assessed a property tax of 6.00 mills on the dollar of assessed valuation.

COMPUTATION OF FEE:

6.00 mills on the dollar of assessed valuation of all taxable property, real and personal, within the limits of the City of Baton Rouge. Details of assessment rates can be found under the "General Property Tax" item in the General Fund section of this book.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

In 2010, the Baton Rouge Fire Pay Enhancement Fund accounted for 24.7% of the salaries and benefits of the City of Baton Rouge Municipal Fire personnel, with the remainder of salaries and benefits funded from the General Fund budget.

In accordance with **Article VII, Section 23**, of the Constitution of the State of Louisiana, all property subject to taxation is reappraised and valued at intervals of not more than four years. The City-Parish is then required to adjust property tax millages in a reassessment year to an amount that generates the same dollar amount in taxes as in the year preceding reassessment. The Metropolitan Council by a two-thirds vote can increase the millage in the reassessment year to the millage rate which is not in excess of the maximum millage rate authorized in the preceding year. Any new tax levies or tax renewals that become effective in the year of reappraisal are not subject to the millage adjustment requirement.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article 6, Section 19** of the Louisiana Constitution of 1974 authorizes the creation of special districts; defines the power of such districts; and grants to those special districts such rights, powers, and authorities as it deems proper, including but not limited to the power of taxation. **Article 7, Section 18 (D)** authorizes each assessor to determine the fair market value of all property subject to taxation within his or her parish. **Article 7, Section 20 (A)**, as amended by **Act 844** of the 1980 Legislature, provides for a homestead exemption of $7,500 for all ad valorem property taxes levied and collectible for the calendar year 1982 and thereafter. **L.R.S. 47:2051** designates the sheriffs of the several parishes to be ex-officio tax collectors who collect all parish and district taxes and have the same power to enforce the collection of parish taxes as of state taxes. **Article 7, Section 26**, of the Louisiana Constitution of 1974 states that a minimum of $90,000,000 will be allocated annually from the state general fund to the revenue sharing fund. The revenue sharing fund will then be distributed to each parish on the basis of population and number of homesteads in that parish in proportion to population and number of homesteads throughout the state. These funds are distributed to the taxing district in the parish to offset current losses due to homestead exemptions. **Act 1037** of the 2010 Legislature provides the Louisiana Revenue Sharing distribution allocation for the state fiscal year July 1, 2010, to June 30, 2011.

Local: **Section 1.08 (c)** of *The Plan of Government* provides that street lighting shall be provided only through the medium of districts established by the Metropolitan Council. **Resolution 14584** of September 27, 1978, proposed the levy and collection of a special tax not to exceed 7 mills on the dollar of assessed valuation on all property subject to taxation in the Consolidated Road Lighting District annually for a period of 10 years, beginning with the year 1979. On October 1, 1988, the voters of the District rejected a proposition to levy a 17.0-mill ad valorem tax for a period of ten years. However, on January 21, 1989, the voters accepted a proposition to levy an ad valorem property tax not to exceed 17.0 mills for a period of 10 years beginning in 1989 for the object and purpose of continuing to provide, maintain, and operate electric lights on the streets, roads, highways, alleys, and public places of the District. **Resolution 39057** of October 14, 1998, authorized the levy and collection of a special property tax not to exceed 16.19 mills for a period of 10 years beginning in 1999 for the object and purpose of continuing to provide, maintain, and operate electric lights on the streets, roads, highways, alleys, and public places of the District. **Ordinance 13851** of December 13, 2006, approved a rate of 5.45 mills for 2007. **Ordinance 14263** of December 12, 2007, decreased the rate to 4.00 mills for 2008. **Resolution 46583** of October 22, 2008, declared the result of the special election of October 4, 2008, in which voters authorized the levy and collection of a special property tax not to exceed 7.0 mills for a period of ten years beginning in 2009 and **ending December 31, 2018**. **Ordinance 14554** of November 25, 2008; **Ordinance 14831** of December 9, 2009; and **Ordinance 15035** of November 23, 2010, set a rate of four mills for the years 2009, 2010, and 2011, respectively.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Property Tax: Sheriff of East Baton Rouge Parish (contact Octave Anthaume at 389-4817).
Louisiana Revenue Sharing: Finance Department–Accounting Division.

Transmittal: Property Tax: Transmitted monthly to the Finance Department–Revenue Division.
Louisiana Revenue Sharing: Remitted by the state in three installments during the year.

Comments: Property tax collections are cyclical in nature. Due to the property tax payment deadline of December 31, the great majority of collections are made in late November and December.

PAYOR OF FEE:

Owners of all taxable property, real and personal, within the limits of the Consolidated Road Lighting District are assessed this ad valorem tax.

COMPUTATION OF FEE:

Property Tax: **4.00 mills** on the dollar of assessed valuation of all taxable property, real and personal, within the limits of the Consolidated Road Lighting District. Homeowners are allowed a $7,500 exemption on property tax. Details of assessment rates can be found under the "General Property Tax" item in the General Fund section of this book.

Louisiana Revenue Sharing: The annual amount is equal to that percentage of 80% of the total fund ($90,000,000) which is equal to the **ratio** which the **population** of the parish bears to the total state population **plus** an amount equal to that percentage of 20% of the total fund which is equal to the ratio which the number of **homesteads** in the parish bears to the total number of homesteads in the state. A legislative act that determines the distribution allocation is passed each year.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

This property tax is levied to pay the expenses of continuing to provide, maintain, and operate electric lights on the streets, roads, highways, alleys, and public places of the District. In accordance with **Article VII, Section 23**, of the Constitution of the State of Louisiana, all property subject to taxation shall be reappraised and valued at intervals of not more than four years. The City-Parish is then required to adjust property tax millages in a reassessment year to a rate that generates the same dollar amount of taxes as in the year preceding reassessment. The Metropolitan Council by a two-thirds vote can increase the millage in the reassessment year to the millage rate which is not in excess of the maximum authorized millage rate authorized in the preceding year. Any new tax levies or tax renewals that become effective in the year of reappraisal are not subject to the millage adjustment requirement. After the 1996 reassessment, the millage rate was decreased from 17.00 mills to 16.19 mills in accordance with **Ordinance 10721**. After the 1999 reassessment, the millage rate was decreased from 16.19 mills to 12.00 mills. The mandatory reassessment in 2000 of the whole parish resulted in the millage's being decreased again from 12.00 mills to 11.95 mills, in accordance with **Ordinance 11809**. **Ordinance 13034** adjusted the 2004 millage rate downward from 7.00 to 6.39 mills as the result of the reassessment of property in the city. **Ordinance 14263** decreased the rate for 2008 to 4.00 mills.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VII, § 27 Louisiana Revised Statutes 48:751–762 Act 11, 2010 Legislative Session	Resolution 22188, 3/28/84

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VII, § 27**, of the Louisiana Constitution of 1974 creates and defines the Transportation Trust Fund to be funded from the avails from taxes levied on gasoline and motor fuels and on special fuels. **L.R.S. 48:751** establishes the Parish Transportation Fund, the monies of which are to be used in the making and repairing of roads, bridges, highways, etc.; in the purchase of equipment for road work at the discretion of the parish governing authorities; and to assist in the cost of providing public transit. **L.R.S. 48:752–762** describes the composition of the fund, use of the fund, system of administering (including the requirement that each parish have a three-year capital improvement program), distribution formula, ban on work on parish roads by office of highways, audit of the distribution, report of any misuse or noncompliance, withholding of distribution, and penalties for unauthorized use. **Act 11** of the 2010 Legislative Session (General Appropriations Bill) stipulates funding levels for the 2010-2011 fiscal year.

Local: **Resolution 22188** of March 28, 1984, authorizes the creation of the Parish Transportation Fund as a new special revenue fund, dedicating thereto all monies received from the state Parish Transportation Fund to be used for the purpose currently set forth by state law (L.R.S. 48:751, et seq.).

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Treasurer for the State of Louisiana (contact Waree Waits at 342-0052).

Transmittal: Remitted to the Finance Department–Accounting Division monthly.

DISTRIBUTION OF PROCEEDS:

The monies in the state Parish Transportation Fund are distributed to the several parish governing authorities on a per capita basis in population categories as follows:

Class	Parish Population	Per Capita Distribution
1	1 to 16,000	13.32
2	16,0001 to 45,000	10.82
3	45,001 to 100,000	8.32
4	100,001 to 200,000	7.32
5	200,001 to 400,000	5.57
6	400,001 and over	4.65

In addition, any funds specifically appropriated for transportation purposes other than those provided for above shall be allocated, according to a specific formula, **for mass transit purposes** to thirteen areas including East Baton Rouge Parish. The balance credited to the fund after the appropriations described above is to be distributed to certain parishes, including East Baton Rouge, as follows:

1) One dollar per capita of each urbanized area as determined by the most current federal census,
2) Plus an amount per passenger determined as follows:

Passengers per year			Amount
0	to	1,000,000	$0.50 per passenger
1,000,001	to	1,250,000	$500,000
1,250,001	to	5,000,000	$0.40 per passenger
5,000,001	to	6,666,666	$2,000,000
6,666,667	to	10,000,000	$0.30 per passenger
10,000,001	to	12,000,000	$3,000,000
12,000,001	to	25,000,000	$0.25 per passenger
25,000,001	to	34,722,223	$6,250,000
	over	34,722,223	$0.10 per passenger

3) Multiplied by the ratio of the operating income to the operating expense of the transit system.

COMPUTATION OF FEE:

The state treasurer remits to the State Parish Transportation Fund the following:

1) All monies made available to the parishes for road purposes from funds appropriated in accordance with the Transportation Trust Fund; and
2) Any other funds made available for use for parish transportation in accordance with legislative appropriation.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

The monies in the Parish Transportation Fund are to be used solely **to regulate the proportion and direction, the making and repairing of the roads, bridges, causeways, dikes, dams, levees, and highways** when, in the opinion of the parish governing authority, such work will further the best interests of the parish and parish road system. These monies can be used to maintain private driveways in connection with a general road improvement program within the right-of-way of a public road or highway owned by the parish when such maintenance serves a public purpose. The monies can also be used **to purchase equipment for road work at the discretion of the parish governing authority and to assist in the cost of providing public transit**. In addition, the parish governing authority may, upon request of the governing authority of any incorporated municipality in the parish, perform all or any part of the repair, maintenance and care of roads, streets, alleys, bridges and culverts and other drainage facilities situated within and under the jurisdiction of such incorporated municipality. Of the funds herein provided that are used for road and bridge purposes, **80% must be used for maintenance or construction contracts, or maintenance or construction materials**.

The funds herein provided that are used for transit purposes may be used for transit operating expenses or for the acquisition of rolling stock.

COMMENTS: If, on the basis of the report of the Legislative Auditor or from its own investigation, the Joint Legislative Audit Advisory Committee determines that there has been a misuse by a parish governing authority of funds from the Parish Transportation Fund, it shall report such findings and recommendations to the next regular session of the legislature. The legislature shall then determine if a partial or total withholding of the parish's appropriation for the following fiscal year is necessary. **The parish governing body shall certify annually to the Legislative Auditor that the funds made available have been expended in accordance with the standards established by law.**

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article 6, Section 29 (A)** of the Louisiana Constitution of 1974 authorizes the governing authority of any local governmental subdivision or school board to levy and collect a sales and use tax. **Section 29 (B)** provides that the legislature may authorize the imposition of additional sales and use taxes by local governmental subdivisions or school boards if approved by a majority of the electors voting thereon in an election held for that purpose. **L.R.S. 33:2711** authorizes any incorporated municipality of the state to levy and collect a sales and use tax, and **L.R.S. 33:2741** authorizes the governing body of the parish to levy and collect a sales and use tax in the parish but outside of any incorporated municipality. **L.R.S. 47:303 B (3) (b)** authorizes the Vehicle Commissioner to collect the sales and use tax on vehicles on behalf of the parish or city. **L.R.S. 33:2721.6** states that the combined rate of all sales and use taxes, exclusive of state sales and use taxes levied and collected within any parish or municipality shall not exceed 5%.

Local: **Resolution 44190** of June 8, 2005, called for a special election in which voters approved the ½ of 1% road tax for an additional 23 years until 2030 to be used 70% for road construction, 27% to continue the program of road repairs, and 3% for road beautification projects.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: This tax is paid by the ultimate purchaser or consumer to the dealer from whom he or she purchases or leases the property or service or, in the case of motor vehicles, to the Vehicle Commissioner of the State of Louisiana.

Transmittal: The collectors must remit, by the 20th of each month, the tax arising from sales made during the preceding month.

Comments: For further details regarding sales and use taxes, see the "General Sales and Use Tax" item in the General Fund section of this book.

DISTRIBUTION OF PROCEEDS:

Taxes collected within each jurisdiction are remitted directly to the jurisdiction for expenditure.

PAYOR OF FEE:

This tax is collectible from **all persons engaged as dealers in the sale at retail, the use, consumption, distribution, and storage of tangible property and the sale of services; those dealers in turn collect from the purchaser or consumer**.

COMPUTATION OF FEE:

The sales and use tax dedicated to streets and roads is **½ of 1% of the retail sales price or of the cost price or of the sale of services**, excluding food for home consumption, prescription drugs, and medical devices. Three percent of the amount collected from this tax is dedicated to road beautification projects, 70% is for road construction, and the remaining 27% is spent to continue the program of road repairs.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

In the event that purchases are returned to the dealer by the purchaser or consumer after the tax has been remitted to the collector, the dealer is entitled to reimbursement of the amount of tax so collected. If the tax has not yet been remitted by the dealer, the dealer may deduct the same in submitting the return. When the dealer has already remitted the tax, the dealer may submit a sworn statement as to the gross amount of such refunds, and the Finance Director will issue, to the dealer, an official credit memorandum to be applied to subsequent taxes. For further details, see the "General Sales and Use Tax" item in the General Fund Section of this book.

The road tax from which these beautification funds are derived is set at the ½ of 1% authorized by the voters. L.R.S. 33:2721.6 provides that the rate of all sales and use taxes levied within any parish or municipality, exclusive of state sales and use taxes, may not exceed 5%.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article 6, Section 29 (A)** of the Louisiana Constitution of 1974 authorizes the governing authority of any local governmental subdivision or school board to levy and collect a sales and use tax. **Section 29 (B)** provides that the legislature may authorize the imposition of additional sales and use taxes by local governmental subdivisions or school boards if approved by a majority of the electors voting thereon in an election held for that purpose. **L.R.S. 33:2711** authorizes any incorporated municipality of the state to levy and collect a sales and use tax, and **L.R.S. 33:2741** authorizes the governing body of the parish to levy and collect a sales and use tax in the parish but outside of any incorporated municipality. **L.R.S. 47:303 B (3) (b)** authorizes the Vehicle Commissioner to collect the sales and use tax on vehicles on behalf of the parish or city. **L.R.S. 33:2721.6** states that the combined rate of all sales and use taxes, exclusive of state sales and use taxes levied and collected within any parish or municipality shall not exceed 5%.

Local: **Resolution 30062** dated May 23, 1990, amended the 1990 current expense budget so as to create a new special revenue fund. **Ordinance 10127** of December 14, 1994, the General Sales and Use Tax Ordinance, includes a tax levy, to expire June 30, 1997, of ½ of 1% on the sale at retail, the use, consumption, distribution, and storage, and on the lease or rental, of tangible personal property and the sale of services within the Parish of East Baton Rouge, inclusive of municipal areas, for the purpose of repairing streets and roads. **Ordinance 10904** of May 28, 1997, re-levies the road tax for the period July 1, 1997, through June 30, 2002, to be used 60% for road construction and 40% to continue the program of road repairs. **Resolution 41217** of August 22, 2001, called for a special election for the purpose of authorizing the continuation of the existing one-half of one percent sales and use tax, for a period of five and one-half years, commencing on July 1, 2002, to and including December 31, 2007, for the purpose of providing funds to continue the road rehabilitation program, and to provide funds for the construction of new public roads and streets in the Parish of East Baton Rouge. The renewal was approved by the voters in the election held on November 17, 2001. **Ordinance 12303** of April 24, 2002, amends **Ordinance 10127** of December 14, 1994 (General Sales and Use Tax Ordinance) and re-levies the ½ of 1% road tax for five and one-half years beginning July 1, 2002, relative to the repair, improvements, and construction of public roads and streets. **Resolution 44190** of June 8, 2005, called for a special election in which voters approved the ½ of 1% road tax for an additional 23 years until 2030 to be used 70% for road construction, 27% to continue the program of road repairs, and 3% for road beautification projects.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: This tax is paid by the ultimate purchaser or consumer to the dealer from whom he or she purchases or leases the property or service or, in the case of motor vehicles, to the Vehicle Commissioner of the State of Louisiana.

Transmittal: The collectors must remit, by the 20th of each month, the tax arising from sales made during the preceding month.

All collections in Baker and Zachary dedicated for street improvements are remitted directly to and administered by those municipalities. The City-Parish had been escrowing sales taxes collected on behalf of Central until July 1, 2010, when officials in Central requested that all funding held in escrow and future collections be distributed directly to that municipality.

Comments: For further details regarding sales and use taxes, see the "General Sales and Use Tax" item in the General Fund section of this book.

DISTRIBUTION OF PROCEEDS:

Taxes collected within each jurisdiction are remitted directly to the jurisdiction for expenditure.

PAYOR OF FEE:

This tax is collectible from **all persons engaged as dealers in the sale at retail, the use, consumption, distribution, and storage of tangible property and the sale of services; those dealers in turn collect from the purchaser or consumer**.

COMPUTATION OF FEE:

The amount of sales and use tax dedicated to streets and roads is **½ of 1% of the retail sales price or of the cost price or of the sale of services**, excluding food for home consumption, prescription drugs, and medical devices, with 40% of these proceeds continuing the overlay program and 60% of the proceeds being used for new roadway construction and intersection improvements. Beginning in 2006 the funds are to be used as follows; 70% for road construction, 27% to continue the program of road repairs, and 3% for road beautification projects.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

In the event that purchases are returned to the dealer by the purchaser or consumer after the tax has been remitted to the collector, the dealer is entitled to reimbursement of the amount of tax so collected. If the tax has not yet been remitted by the dealer, the dealer may deduct the same in submitting the return. When the dealer has already remitted the tax, the dealer may submit a sworn statement as to the gross amount of such refunds, and the Finance Director will issue, to the dealer, an official credit memorandum to be applied to subsequent taxes. For further details, see the "General Sales and Use Tax" item in the General Fund Section of this book.

This ½ of 1% sales and use tax is to be used only for the construction or repair of streets and roads, including necessary engineering services. Although the proposition approved by the voters on May 5, 1990, provided that reasonable and necessary expenses of collecting and administering this tax would be paid from the proceeds of the tax, a decision was made by the Mayor-President that administrative expenses associated with the road repair projects should be charged to the General Fund and not to this special revenue fund for the original 3-year tax. Beginning July 1, 1993, with the tax renewal, the policy was amended to allow for the collection of sales tax collection costs with the proceeds dedicated towards matching funds for federal and state grant projects. Beginning July 1, 1997, the policy was amended again to suspend the assessment of collection costs. Beginning January 1, 2004, the policy was amended again to resume charging administrative expenses associated with this program.

This dedicated Parish Street Maintenance tax is set at the ½ of 1% authorized by the voters. L.R.S. 33:2721.6 provides that the rate of all sales and use taxes levied within any parish or municipality, exclusive of state sales and use taxes, may not exceed 5%.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article 6, Section 19** of the 1974 Louisiana Constitution authorizes the creation of special districts; defines their powers; and grants to those districts such rights, powers, and authorities as it deems proper, including but not limited to the power of taxation. **Article 7, Section 18 (D)** of the Louisiana Constitution of 1974 authorizes each assessor to determine the fair market value of all property subject to taxation within his or her parish. **Article 7, Section 20 (A)** of the Constitution, as amended by **Act 844** of the 1980 Legislature, provides for a homestead exemption of $7,500 for all ad valorem property taxes levied and collectible for the calendar year 1982 and thereafter. **L.R.S. 33:8004** provides for the limitation of property taxes to 10 mills and 10 years. **L.R.S. 47:2051** designates the sheriffs of the several parishes to be ex-officio tax collectors who collect all parish and district taxes and have the same power to enforce the collection of parish taxes as of state taxes. **Article 7, Section 26** of the Constitution provides that a minimum of $90,000,000 will be allocated annually from the State General Fund to the Revenue Sharing Fund. The Revenue Sharing Fund will then be distributed to each parish on the basis of population and number of homesteads in that parish in proportion to population and number of homesteads throughout the state. These funds are distributed to the taxing districts in the parish to offset current losses due to homestead exemptions. **Act 63** of the 1998 Legislature provides the Louisiana Revenue Sharing distribution allocation for the state fiscal year July 1, 1998, to June 30, 1999.

Local: **Section 1.08 (c)** of *The Plan of Government* provides for a rural area consisting of that portion of the parish not included in either the urban or the industrial area. This section requires that garbage and refuse collection and disposal services not be provided to the rural area except through the medium of districts established by the governing body of the parish as provided by the Constitution and the general laws of the state. **Ordinance 8233**, adopted October 8, 1986, authorized the levy of a tax of 10.00 mills on each dollar of assessed valuation on all property subject to taxation within the Consolidated Garbage Service District for a period of five years beginning in 1986. On October 6, 1990, the voters of the District voted to renew the 10.00-mill tax for a period of 10 years, beginning with the tax year 1991. As the result of reassessment, **Ordinance 10722** of September 25, 1996, reduced the tax rate to 9.50 mills. **Ordinance 11320** of December 9, 1998, further reduced the rate to 6.50 mills, beginning with the tax year 1999. **Resolution 40439** of July 26, 2000, called a special election to authorize the renewal of the levy of a property tax not to exceed 10 mills for a period of 10 years, beginning with the tax year 2001. As a result of reassessment, **Ordinance 11810** of August 9, 2000 reduced the rate to 6.20 mills, for the year 2000. **Ordinance 11929** of December 13, 2000 authorized a millage of 6.20 to be levied in this district for the year 2001, and **Ordinance 12161** of November 28, 2001 maintained the property tax rate of 6.20 mills for the year 2002. **Ordinance 12501** of November 26, 2002 continued the property tax rate of 6.20 mills for the year 2003. **Ordinance 12801** of November 25, 2003 maintained the millage rate at 6.20 mills for the tax year 2004. **Ordinance 13034** rolled back the rate to 5.55 mills for 2004 due to reassessment. **Ordinance 13153** of December 8, 2004, maintained the millage rate at 5.55 mills for the tax year 2005. **Ordinance 13474** of

December 14, 2005, decreased the millage rate from 5.55 to 2.55 mills for the tax year 2006. For the tax year 2007, the millage was decreased to zero.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: General Property Tax: Sheriff of EBR Parish (contact Octave Anthaume, Tax Director, at 389-4817)
Louisiana Revenue Sharing: Finance Department–Accounting Division.

Transmittal: General Property Tax: Transmitted monthly to the Finance Department–Revenue Division.

Comments: General Property Tax collections are cyclical in nature. Due to the tax payment deadline of December 31, the great majority of collections are made in November and December each year.
Louisiana Revenue Sharing: Remitted by the state in three installments during the year.

DISTRIBUTION OF PROCEEDS:

Louisiana Revenue Sharing: Funds are distributed by first priority to the tax recipient bodies within the parish to offset current losses due to the homestead exemption.

PAYOR OF FEE:

General Property Tax: The tax is levied on all taxable property, real and personal, within the boundaries of the Consolidated Garbage Service District.

Louisiana Revenue Sharing: The homestead exemption law in Louisiana provides that $7,500 of assessed valuation on the home and residence of the taxpayer is exempt from the payment of certain state, parish, and special ad valorem property taxes and that such taxes will be paid out of the Louisiana Revenue Sharing Fund.

COMPUTATION OF FEE:

General Property Tax: 9.50 mills (1996 through 1998), 6.50 mills in 1999, 6.20 mills in 2000 through 2003, 5.55 mills for 2004 and 2005, and 2.55 mills for 2006 on the assessed valuation of all taxable property, real and personal, within the boundaries of the Consolidated Garbage Service District. Homeowners are allowed a $7,500 exemption on state, parish, and special ad valorem taxes. Details for assessment rates can be found under the "General Property Tax" item in the General Fund section of this book.

Louisiana Revenue Sharing: The annual amount for the parish is equal to the percentage of 80% of the total ($90,000,000) which is equal to the ratio which the population of the parish bears to the total state population plus an amount equal to that percentage of 20% of the total fund which is equal to the ratio which the number of homesteads in the parish bears to the total number of homesteads in the state. The amount received by the parish is distributed among the taxing districts of the parish to offset current losses due to the homestead exemption. A legislative act is passed each year setting the distribution allocation.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

General Property Tax: This tax is levied solely for the purpose of acquiring, constructing, improving, and maintaining garbage collection and disposal facilities, including two garbage collections each week, within the Consolidated Garbage Service District. Article VII, Section 23, of the state Constitution requires that all property subject to taxation be reappraised at intervals of not more than four years. The City-Parish is then required to adjust each property tax millage to an amount that generates the same taxes as in the year preceding reassessment. The Metropolitan Council by a two-thirds vote can increase the millage in the reassessment year to a rate not to exceed the maximum rate authorized in the preceding year. New tax levies or tax renewals that become effective in the year of reappraisal are not subject to the millage adjustment requirement. The 1996 millage rate was decreased from 10.20 mills to 9.50 mills in accordance with Ordinance 10722 of September 25, 1996. The rate was further reduced to 6.50 mills beginning in 1999 in accordance with Ordinance 11320 of December 9, 1998. During 2000 the rate was reduced once again to 6.20 mills in accordance with Ordinance 11810 of August 9, 2000. The rate for tax year 2004 was further reduced to 5.55 mills in accordance with Ordinance 13034 of August 25, 2004. The rate for tax year 2006 was further reduced to 2.55 mills in accordance with Ordinance 13474 of December 14, 2005. There was no millage assessed beginning in 2007.

N/A	Louisiana Constitution, 1974 Article VI, §29 (A) - 29(B) L.R.S. 33:9038.52 Act 47 of the 1st Extraordinary Session of the 2002 Legislature Act 419 of the 2003 Legislature Act 850 of the 2006 Legislature	Ordinances 10127, 12/14/94 13441, 10/26/05 13442, 10/26/05 Resolution 42681, 07/23/03 Ordinance of the Capitol House Taxing District, 02/22/07

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 29 (A)** of the Louisiana Constitution of 1974 authorizes the governing authority of any local governmental subdivision or school board to levy and collect a tax upon the sale at retail, the use, the lease or rental, the consumption, and the storage for use or consumption, of tangible personal property and on sales of services, if approved by a majority of the electors voting thereon in an election held for that purpose. The rate thereof, when combined with the rate of all other sales and use taxes, exclusive of state sales and use taxes, levied and collected within any local governmental subdivision, may not exceed 3%. **Article VI, Section 29 (B)** of the Louisiana Constitution of 1974 provides that the legislature may authorize the imposition of additional sales and use taxes by local governmental subdivisions or school boards, if approved by a majority of the electors voting thereon in an election held for that purpose.

Section 2 of Act 47 of the 1st Extraordinary Session of 2002 created the Capitol House Taxing District. **L.R.S. 33:9038.52 (F)** authorizes the district to levy and collect a tax upon the occupancy of hotel rooms, motel rooms, and overnight camping facilities within the district. It also states that the tax rate shall be at least equal to the aggregate rate of all such taxes levied and collected within the parish of East Baton Rouge. **Section 4 of the said Act 47** provides that Section 2 should become effective only when title to the property described in R.S. 33:9038.52 (B) is transferred to the East Baton Rouge City-Parish. **Act 419** of the 2003 Legislature repeals Section 4 and removes the provision making the law providing for the district effective upon the transfer of the property of the district to the East Baton Rouge City-Parish; it enacts Section 2. **Act 850** of the 2006 Legislature authorizes the district to levy new taxes, levy taxes in lieu of other taxes, or both, and to pledge or dedicate tax increments based on such taxes to the payment of their debt.

Local: **Ordinance 10127** of December 14, 1994, levies a tax for general municipal purposes of 2% on the sale at retail, the use, consumption, distribution, storage, and the lease or rental of tangible personal property to be used or consumed within the City of Baton Rouge. **Ordinance 13441**, adopted October 26, 2005, dedicated the 2% general fund sales tax collected within the district to the district. **Ordinance 13442**, adopted October 26, 2005, created the Capitol House Economic Development District and defined the boundaries of the area where the sales tax generated will be used to secure the revenue bonds which will fund a portion of the cost to renovate, redevelop, and rehabilitate the historic Capitol House Hotel. **Ordinance of the Capitol House Taxing District** of February 22, 2007 levies and imposes the tax and sets guidelines for its collections.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The hotel and the businesses located inside the hotel collect taxes from the persons that occupy their rooms and purchase their goods and services. Collections are then sent to the Finance Department-Revenue Division.

Transmittal: Collections are due to the Finance Department-Revenue Division by the 20th of the month following the month of collection.

DISTRIBUTION OF PROCEEDS:

General Sales & Use Tax (150..413000)
Capitol House collects a General Sales & Use Tax on retail sales of 5% and they get 2% back. They do not get to keep the remaining 3% (2% School Board, ½ road, and ½ street).

Capital House Occupancy Tax (150..413100)
Capitol House collects an Occupancy Tax of 13% and they get 10% back. The 10% is made up of the City-Parish 2% sales tax, State 4% sales tax, and 4% hotel motel occupancy tax. They do not get to keep the remaining 3% (2% School Board, ½ road, and ½ street).

Of the total revenues collected a collection fee of $500 per month is deducted with the balance of the revenues being remitted to the Capitol House.

PAYOR OF TAX:

General Sales & Use Tax: The tax is collectible from all persons engaged as dealers, in the sale at retail, the use, consumption, distribution, and storage, and the lease or rental of tangible personal property and the sale of services; those dealers in turn collect from the purchaser or consumer. For more information please refer to revenue 001.. or 002 .. 413000.

Capitol House Occupancy Tax: **L.R.S. 33:9038.52(F)(2)(b)** states that the tax shall be paid by the person who exercises or is entitled to occupancy of the hotel room; this represents the 13%.

COMPUTATION OF TAXES:

General Sales & Use Tax: The sales and use tax used in determining the sales tax increments to be pledged and dedicated to the payment of the bonds are the city's undedicated 2% share of the tax collected each year on the retail, the use, the lease or rental, the consumption and storage for use or consumption of tangible personal property, and on sales of services.

Capitol House Occupancy Tax: The tax levied upon the occupancy of hotel rooms, motel rooms, and overnight camping facilities within the Capitol House Taxing District is 13% of the rent or fee charged for such occupancy.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

In the event purchases are returned to the dealer by the purchaser or consumer after the tax has been collected or charged to the account of the consumer, the dealer is entitled to reimbursement of the amount of tax collected or charged. If the tax has not been remitted by the dealer, the dealer may deduct the same in submitting the return. If the dealer has already remitted the tax, he may submit a sworn statement as to the gross amount of such refunds, and the Finance Director will issue a refund.

At any time within one year after the payment of the original or additional tax assessed against a dealer, or within three years from due date, the dealer may file with the Finance Director a claim under oath for refund, stating the grounds therefore. If, upon examination of such claim for refund, it is determined by the Finance Director that there has been an overpayment of tax, the amount of such overpayment is credited against any liability of the dealer. If there is no such liability, the dealer is entitled to a refund of the tax overpaid. **Resolution 42681** of July 23, 2003, authorizing the Director of Finance to make refunds not in excess of $25,000 for fees, taxes, permits, or any other collections paid erroneously, with such refunds to be made out of current year revenues. A separate revenue account was created to reflect all extraordinary or material refund amounts.

NOTE: The revenue charts above show amounts in the months when they were credited to these accounts. The following page contains charts showing the gross collections in the months to which they actually pertain.

The Capitol House Occupancy Tax is distributed as mentioned in the "Distribution of Proceeds" section. Beginning with August 2008 the amount credited to Acct 150..413100 (previously 13%) is 10%. The 3% dedicated for the Road Program, the Sewer Program, and the School Board that was previously credited to this fund and then shown as an expense is now sent directly to the respective entity and never runs through this fund. Therefore, prior to August 2008 revenues are presented as gross collections; beginning with August 2008 collections are presented net of the distributions to the Road Program, the Sewer Program, and the School Board. This explains the apparent decrease in 2008.

The charts below show the ***gross collections*** in the months to which they actually pertain.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article 6, §29 (A); Article 6, §29 (B) Louisiana Revised Statutes 33:2711; 33:2741; 47:303 B (3) (b); 33:2721.6	Resolutions 37828, 05/28/97; 41217, 08/22/01; 44190, 06/08/05 Ordinances 10127, 12/14/94; 10904, 05/28/97; 12303, 04/24/02

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article 6, Section 29 (A)** of the Louisiana Constitution of 1974 authorizes the governing authority of any local governmental subdivision or school board to levy and collect a sales and use tax. **Section 29 (B)** provides that the legislature may authorize the imposition of additional sales and use taxes by local governmental subdivisions or school boards if approved by a majority of the electors voting thereon in an election held for that purpose. **L.R.S. 33:2711** authorizes any incorporated municipality of the state to levy and collect a sales and use tax, and **L.R.S. 33:2741** authorizes the governing body of the parish to levy and collect a sales and use tax in the parish but outside of any incorporated municipality. **L.R.S. 47:303 B (3) (b)** authorizes the Vehicle Commissioner to collect the sales and use tax on vehicles on behalf of the parish or city. **L.R.S. 33:2721.6** states that the combined rate of all sales and use taxes, exclusive of state sales and use taxes levied and collected within any parish or municipality shall not exceed 5%.

Local: **Resolution 37828** dated May 28, 1997, amended the 1997 current expense budget so as to create a new capital projects fund and adopt a budget for this new fund for 1997. **Ordinance 10904** of May 28, 1997, amends Ordinance 10127 of December 14, 1994 (General Sales and Use Tax Ordinance), and re-levies the ½ of 1% road tax for the period July 1, 1997, through June 30, 2002, to be used 60% for new road construction and intersection improvements, and 40% to continue the previously-existing program of road repairs. **Resolution 41217** of August 22, 2001, called for a special election for the purpose of authorizing the continuation of the existing one-half of one percent sales and use tax, for a period of five and one-half years, commencing on July 1, 2002, to and including December 31, 2007, for the purpose of providing funds to continue the road rehabilitation program, and to provide funds for the construction of new public roads and streets in the Parish of East Baton Rouge. The renewal was approved by the voters in the election held on November 17, 2001. **Ordinance 12303** of April 24, 2002, amends Ordinance 10127, and re-levies the ½ of 1% road tax for five and one-half years beginning July 1, 2002, relative to the repair, improvements, and construction of public roads and streets. **Resolution 44190** of June 8, 2005, called for a special election in which voters approved the ½ of 1% road tax for an additional 23 years until 2030 to be used 70% for road construction, 27% to continue the program of road repairs, and 3% for road beautification projects.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: This tax is paid by the ultimate purchaser or consumer to the dealer from whom he or she purchases or leases the property or service or, in the case of motor vehicles, to the Vehicle Commissioner of the State of Louisiana.

Transmittal: Every dealer must remit, by the 20th of each month, the tax arising from sales made during the preceding month.

Comments: Collection of this tax for road construction did not begin until July 1, 1997, as authorized by Ordinance 10904. With the renewal of the new five and one-half year tax, a new fund number (Fund 339) was created for accounting purposes. When this tax was renewed for an additional five and one-half years, beginning July 1, 2002, a new fund number (Fund 339) was created to account for monies collected under the renewal and prior funding was collected in Fund 338. For further details regarding sales and use taxes, see the "General Sales and Use Tax" item in the General Fund section of this book.

DISTRIBUTION OF PROCEEDS:

Taxes collected within each jurisdiction are remitted directly to the jurisdiction for expenditure.

PAYOR OF TAX:

This tax is collectible from **all persons engaged as dealers in the sale at retail, the use, consumption, distribution, and storage of tangible property and the sale of services; those dealers in turn collect from the purchaser or consumer**.

COMPUTATION OF FEE:

The amount of sales and use tax dedicated to streets and roads is **½ of 1% of the retail sales price or of the cost price or of the sale of services**, excluding food for home consumption, prescription drugs, and medical devices, with 40% of these proceeds continuing the overlay program and 60% of the proceeds being used for new roadway construction and intersection improvements. Beginning in 2006 the funds are to be used as follows; 70% for road construction, 27% to continue the program of road repairs, and 3% for road beautification projects.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

In the event that purchases are returned to the dealer by the purchaser or consumer after the tax has been remitted to the collector, the dealer is entitled to reimbursement of the amount of tax so collected. If the tax has not yet been remitted by the dealer, the dealer may deduct the same in submitting the return. When the dealer has already remitted the tax, the dealer may submit a sworn statement as to the gross amount of such refunds, and the Finance Director will issue, to the dealer, an official credit memorandum to be applied to subsequent taxes. For further details, see the "General Sales and Use Tax" item in the General Fund Section of this book.

This ½ of 1% sales and use tax may be used only for the repair of streets and roads, construction of new roadways, beautification of roadways, and intersection improvements including necessary engineering services.

This dedicated Parish Street Maintenance and Road and Street Improvement tax is set at the ½ of 1% authorized by the voters. L.R.S. 33:2721.6 provided that the rate of all sales and use taxes levied within any parish or municipality, exclusive of state sales and use taxes, may not exceed 5%.

FEDERAL	STATE	LOCAL
N/A	N/A	Ordinances 13478, 12/14/05; 12278, 04/10/02; 9740, 10/27/93; 9490, 10/14/92; 8070, 12/11/85; 7686, 10/24/84; City 3843 & Parish 5123, 01/11/78

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **City Ordinance 3843** and **Parish Ordinance 5123** of January 11, 1978, authorize the levying of a fee for the use of parking spaces at the multilevel parking facility, Plaza Garage, Arena Lot, and the dedicated spaces immediately adjacent to the Old Courthouse and the Municipal Building. **Ordinance 7686** of October 24, 1984, amends the above Ordinance to increase the fees. **Ordinance 8070** adopted December 11, 1985, increases the fee for event parking from $3 to $4 per vehicle effective January 1, 1986. **Ordinance 9490** of October 14, 1992, and **Ordinance 9740** of October 27, 1993, specify when arena lot users may be granted exemptions or exceptions to the posted rates. **Ordinance 12278** of April 10, 2002, adds "emergency vehicles of ... the Baton Rouge City Constable's Office" to the list of vehicles for which the General Fund, rather than the employee who drives the vehicle, pays the parking fee. **Ordinance 13478** of December 14, 2005, amends Ordinance 9740 to increase the fees for event parking from $4 to $5.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Parking Garage collects the proceeds and deposits them in the bank; it then forwards the deposit receipt, along with a pay-in voucher, to the Finance Department–Revenue Division.

PAYOR OF FEE:

Any user of parking spaces at the multilevel parking facility, B1 and B2 parking areas of the Governmental Building, arena lot (effective 4/1/96, the arena lot revenues belong to SMG), and the dedicated spaces immediately adjacent to the Old Courthouse and the Municipal Building are required by ordinance to pay this fee.

The only vehicles exempted from paying for parking are emergency vehicles of the Police Department, the Sheriff's Office, the Constable's Office, and EMS.

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: **City Ordinance 3843** and **Parish Ordinance 5123** of January 11, 1978, levy a fee to be collected at parking meters on designated streets. **Ordinance 7504** of April 25, 1984, amends Title 11 of the Code of Ordinances to enact Chapter 28 "Parking." **Ordinance 8519** adopted November 10, 1987, amends Title 11 of the Code of Ordinances to increase parking meter rates effective January 1, 1988.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Finance Department–Revenue Division

Transmittal: Deposits are made twice a week.

PAYOR OF FEE:

Anyone using a metered parking space on the following four streets located within Zone A will pay this fee. (South side of North Blvd. between River Road and St. Ferdinand St., St. Louis St. between Government St. and North Blvd., St. Ferdinand St. between Government St. and North Blvd., and Louisiana Ave. between St. Louis St. and St. Ferdinand St.). The fees collected from this area are deposited in the Parking Garage Enterprise Fund (407..442001). All other parking meter fees are deposited into the General Fund (001..442001). The City-Parish picks up the cost for emergency vehicles of the Baton Rouge Police Department, the East Baton Rouge Parish Sheriff's Office, the Baton Rouge City Constable's Office, and the Emergency Medical Services.

NOTE: Most of these meters will be out of service for the majority of 2011 because of construction in the defined area.

COMPUTATION OF FEE:

Parking meter fees within the area defined in PAYOR OF FEE above are:

5 cents for 6 minutes
10 cents for 12 minutes
25 cents for 30 minutes
50 cents for 1 hour

FEDERAL	STATE	LOCAL
Federal Water Pollution Control Act, 1972	Louisiana Revised Statutes 33:4062	Code of Ordinances Title 2, Chapter 5 §2:275
Federal Clean Water Act, 1977	Act 546, 1984 Legislature	Ordinances 7853, 05/15/85; 7902, 06/26/85; 8417, 05/26/87; 9239, 02/27/91; 11542, 08/25/99; 12304, 04/24/02; 12334, 06/12/02; 12647, 05/28/03; Resolutions 33776, 03/24/93; 39786, 09/22/99

INTERPRETATION OF LEGAL AUTHORIZATION:

Federal: **The Federal Water Pollution Control Act**, 1972, as amended by the Clean Water Act of 1977, set up the EPA program for user charge requirements. The legislation requires that charges be based not only upon the classes and categories of users, but also upon the strength, volume, and delivery flow rate characteristic of waste. Another requirement is that funds resulting from sewer user charges must be dedicated to the operation and maintenance of the system.

State: **L.R.S. 33:4062** established a comprehensive sewerage system in East Baton Rouge Parish. The statute states that a commission shall be empowered and authorized to recommend by resolution the fees and charges to be levied by the Metropolitan Council with respect to any sewer improvement area, sewerage system, or sewer district. Further, **Act 546** of the Louisiana Legislature of 1984 authorized the establishment of the Sewerage Control Commission of East Baton Rouge Parish.

Local: **Ordinance 7853** of May 15, 1985, placed a sewer service user fee into effect commencing July 1, 1985. The user fee must be used solely for the purpose of paying reasonable and necessary costs of administration, operation, maintenance, replacement, and improvement of the sewer system. **Ordinance 7902** passed June 26, 1985, created Title 2, Section 275 of the Code of Ordinances. This ordinance established regulations and fees for disposal of liquid domestic waste within the Parish of East Baton Rouge. **Ordinance 9239**, adopted February 27, 1991, amended section 275 to establish regulations and fees for disposal of liquid domestic waste and for the disposal of liquid grease trap waste from facilities within the Parish of East Baton Rouge. **Resolution 33776** of March 24, 1993, authorized the Department of Public Works to establish fees for the evaluation and review of plans and drawings for proposed tie-ins into the new force main sewer system. **Ordinance 11542** adopted August 25, 1999, amended Ordinance 7853 and 8417 so as to authorize a 95% increase in sewer user fees over a three-year period beginning January 1, 2000, with a 32% increase; continuing January 1, 2001, with an additional 32% increase; and concluding January 1, 2002, with a 31% increase. **Resolution 39786** adopted September 22, 1999, rescinded Resolution 33776 in its entirety. **Ordinance 12304** adopted April 24, 2002, amended and readopted Ordinance 7853 and amended by Ordinance 9245, so as to amend various sections relative to the transfer of the directorship to the Finance Department of the City of Baton Rouge and Parish of East Baton Rouge. **Ordinance 12334** adopted June 12, 2002, amended and readopted Ordinance 7853, as amended, including, but not limited to, Ordinance 11542, so as to consolidate all previous sewer user fee ordinances; amending the sewer user fee ordinance so as to provide for increases in sewer user fee charges, effective January 1, 2003 (10% increase on January 1, 2003, and 4% on each January 1 thereafter); amending the sewer user fee ordinance so as to delete and rescind the requirement that the sewer user fee charge be increased by 54% on July 1, 2002; and providing for other matters related thereto. **Ordinance 12647**

adopted May 28, 2003, amended and readopted Ordinance 7853, as amended, including, but not limited to, Ordinances 11542 and 12334, so as to amend the definition of "Applicable Meter Reading Period."

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Baton Rouge Water Company, the City of Baker, and the City of Zachary act as the billing agents for sewer fees for their customers.

Transmittal: The Service Fee Business Office and The Baton Rouge Water Company deposit payments into the bank. The City of Zachary remits payments to the Service Fee Business Office by check on a weekly basis. The City of Baker remits payments to the Service Fee Business Office by check on a bi-monthly basis.

Comment: Each month the Service Fee Business Office sends a summary of daily transactions for the preceding month to the Finance Department. This report summarizes the sewer user fee billings for the month, along with the offsetting amounts for bad debts, and is used as the basis for recording this revenue in the City-Parish accounting records.

PAYOR OF FEE:

Any individual, business, industry, or other entity discharging or required to discharge wastewater into the sewerage system must pay this fee.

COMPUTATION OF FEE:

Ordinance 7853 authorized a monthly sewerage service charge or user fee to be collected starting July 1, 1985. This fee is used to pay the reasonable and necessary costs of administration, operation, maintenance, replacement, and improvement of the sewerage system. On May 26, 1987, Ordinance 8417 authorized an increase in user fees effective July 1, 1987. Ordinance 11542, adopted August 25, 1999, authorized a three-year increase in user fees beginning January 1, 2000. Ordinance 12334, adopted June 12, 2002, amended the sewer user fee ordinance so as to provide for increases in sewer user fee charges, effective January 1, 2003 (10% increase on January 1, 2003, and 4% on each January 1 thereafter).

The following rates are effective January 1 through December 31, 2011:

a) In the City-Parish corporate limits, a user fee for the first 3,000 gallons or less of wastewater discharge, $16.55 per month. In excess of this amount, $0.4016 for each 100 gallons of wastewater discharge.

b) In the City of Baker corporate limits, a user fee for the first 4,000 gallons or less of wastewater discharge, a base rate of $20.58 per month, less a credit of $5.50 per month, which yields $15.08 per month. In excess of this amount $0.4016 for each 100 gallons of wastewater discharge. Unmetered customers shall be billed for 8,600 gallons per month based upon the neighborhood average.

c) In the City of Zachary corporate limits, a user fee for the first 6,000 gallons or less of wastewater discharge, a base rate of $28.62 per month, less a credit of $8.30 per month, which yields $20.32 per month. In excess of this amount $0.4016 for each 100 gallons of wastewater discharge.

d) In the parish corporate limits, in addition to the amounts above, a surcharge is imposed for wastewater exceeding 200 parts per million in biochemical oxygen demand or 250 parts per million of total suspended solids. The rate of the surcharge applicable to the City-Parish corporate limits is increased 2% for each 10 parts per million in excess of the ceiling. The rate of surcharge applicable to the Baker and Zachary corporate limits is increased 2.7% for each 10 parts per million in excess of the ceilings specified above.

e) In the City-Parish corporate limits in addition to the amounts above, connection, re-connection, and late charges, including interest or nonpayment or late payment of the user fee.

On the first day of January, 2012, and each year thereafter, **each base rate** then in effect is **increased by 4%** of the applicable base rate in effect on December 31 of the immediately preceding year.

Penalties: If any contributor to the sewerage system fails or neglects to pay the user fee in a timely manner, the Service Fee Business Department has the authority to order immediate condemnation of the affected premises or discontinuance of service of one or more utilities to such premises.

Ordinance 9239 changed the fee for disposal of liquid domestic waste by haulers as follows:

a) For every truck tank (full or partially full) a non-negotiable fee of $0.15 per gallon will be charged for

discharge into the publicly-owned treatment works system of the City-Parish. This amount is based upon the vehicle's total holding capacity regardless of the actual volume discharged.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

A refund request form is filled out by the user. If approved by the Service Fee Business Office, a check is issued to reimburse the user.

All revenues derived from collection of the user fee are deposited into a special dedicated fund to be known as the "Parish Sewer User Fee Fund." Monies in this revenue fund are to be used solely for the making of payments for the cost of administration, operation, maintenance, depreciation, replacement, extension, and improvement of the sewerage system, including any payments required by the provisions of any resolution authorizing the issuance of sewerage revenue bonds. These monies are not available for transfer, appropriation, or expenditure for any other purpose.

Consumers of potable water who do not discharge wastewater into the sewerage system and who are not obligated by local or state law to connect to the sewerage system are not subject to the user fee. Any property that has its own treatment works such as a septic tank not operated and maintained at public expense is not subject to the user fee.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Art. VI, § 29(A)-29(B) Louisiana Revised Statutes 33:2711, 33:2738.51, 33:2741 47:303B (3)(b) 33:2721.6(A)(2)	Ordinance 10127, 12/14/94

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 29 (A)** of the Louisiana Constitution of 1974 authorizes the governing authority of any local governmental subdivision or school board to levy and collect a tax upon the sale at retail, the use, the lease or rental, the consumption, and the storage for use or consumption, of tangible personal property and on sales of services, if approved by a majority of the electors voting thereon in an election held for that purpose. The rate thereof, when combined with the rate of all other sales and use taxes, exclusive of state sales and use taxes, levied and collected within any local governmental subdivision, may not exceed 3%. **Section 29 (B)** provides that the legislature may authorize the imposition of additional sales and use taxes by local governmental subdivisions or school boards, if approved by a majority of the electors voting thereon in an election held for that purpose.

L.R.S. 33:2711 authorizes any incorporated municipality of the state to levy and collect a sales and use tax not in excess of 2 1/2% upon the sale at retail, the use, the lease or rental, the consumption, and the storage for use or consumption of tangible personal property and on sales of services in the municipality. **R.S. 33:2741** states that the governing body of the parish in which the state capitol is situated may levy and collect a tax of 2% on gross sales within the parish but outside of any incorporated municipality. **R.S. 47:303 B (3)(b)** authorizes the Vehicle Commission and the governing body of any parish or municipality in which a sales and use tax has been imposed on the sale or use of motor vehicles to enter into an agreement by which the Vehicle Commission may collect said tax on behalf of said parish or municipality or school board. **R.S. 33:2738.51** provides that the governing authority of East Baton Rouge Parish with voter approval may levy an additional one-half of one percent (½%) sales and use tax for specified public improvement projects. **R.S. 33:2721.6(A)(2)** states that the combined rate of all sales and use taxes levied and collected within any parish or municipality may not exceed 5%.

Local: On April 16, 1988, a special election (in accordance with R.S. 33:2738.51) was held in the Parish of East Baton Rouge to authorize the levy and collection of an additional ½ of 1% sales and use tax to be utilized for the purpose of paying the costs of constructing and acquiring sewers and sewerage disposal works within and for said parish, including the necessary sites, rights of way, machinery, and equipment in connection therewith; or for refunding obligations of said parish, providing a reserve for such bonds and paying the issuance costs thereof; and to provide that the net avails or proceeds of this tax, after making all required payments in connection with such bonds, be used entirely and exclusively for the purpose of constructing, acquiring, operating, maintaining, and administering sewers and sewage disposal works within and for East Baton Rouge Parish. **Ordinance 10127** of December 14, 1994, levies a tax of ½ of 1% on the sale, etc., of tangible personal property to provide revenues to pay the costs of constructing, acquiring, operating, maintaining, and administering sewers and sewerage disposal works and making all required payments in connection with bonds for such purposes. This sewer tax is levied on the sale, etc., of tangible personal property within the Parish of East Baton Rouge, inclusive of municipal areas; certain items, principally food and drugs, are exempt.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: This tax is paid by the ultimate purchaser or consumer to the dealer from whom he or she purchases or leases the property or service or, in the case of motor vehicles, to the Vehicle Commissioner of the State of Louisiana.

Transmittal: Every collector must remit to the Finance Department–Revenue Division by the 20th of each month the tax arising from sales during the preceding month.

Comments: For the purpose of collecting and remitting to the Department of Finance the tax imposed by this authority, the dealer is declared to be the agent of the City-Parish. The one exception is for the collection of sales and use taxes on all types of motor vehicles, which are paid by the customer to the Vehicle Commissioner of the State of Louisiana rather than to the dealer or vendor. The Vehicle Commissioner then remits these taxes to the City-Parish Finance Department.

DISTRIBUTION OF PROCEEDS:

The ½ of 1% tax dedicated to paying the costs of sewers and sewerage disposal works is accounted for separately and utilized for the purposes for which it was intended.

PAYOR OF TAX:

The tax is collectible from **all persons engaged as dealers**, as defined below, **in the sale at retail, the use, consumption, distribution, and storage of tangible personal property and the sale of services; the dealers in turn collect from the purchaser or consumer**.

The term "tangible personal property" means movable property which may be seen, weighed, measured, felt, or touched, or is in any other manner perceptible to the senses. This term does not include stocks, bonds, notes, or other obligations or securities; gold, silver, or numismatic coins; or platinum, gold, or silver bullion having a total value of one thousand dollars or more.

The term "dealer" includes every person who manufactures or produces tangible personal property for sale at retail, for use, consumption, distribution, or storage. It is further defined to mean every person who imports or causes to be imported tangible personal property from any state or other political subdivision of this state or from a foreign country for sale at retail, for use, consumption, distribution, or storage to be used or consumed in this city and/or parish. The term also includes any person who leases or rents tangible personal property for a consideration, permitting the use or possession of said property without transferring title thereto, as well as any person who is the lessee, permittee, licensee, or renter of tangible personal property and who pays the owner of such property a consideration for its use or possession without acquiring the title thereto. It also includes any person who sells or furnishes any of the services subject to the tax under Ordinance 10127, and any person engaging in business in this city and/or parish. The term "dealer" is not to be construed to include a person who makes occasional and isolated sales or transactions but who does not hold himself out as engaged in business.

The term "purchaser" includes any person who acquires or receives any tangible personal property, or the privilege of using any tangible personal property or any services pursuant to a transaction subject to this tax.

The sales and use taxes are levied upon the following:

1) The sales price of each item of tangible personal property when sold at retail in the taxing jurisdiction, the tax to be computed on gross sales.
2) The cost price of each item of tangible personal property when it is not sold but is used, consumed, distributed, or stored for use or consumption in the taxing jurisdiction.
3) The gross proceeds derived from the lease or rental of tangible personal property.
4) The monthly lease or rental price paid by the lessee or contracted to be paid by the lessee of tangible personal property.
5) The gross proceeds derived from the sale of services.
6) Interstate sales to the extent authorized by Act 155 of 1990 (R.S. 47:305 (E)).
7) Refinery gas to the extent and in the manner authorized by Act 476 of 1990 (R.S. 47:305D(1)(b)).

Sales of the following items are exempt from the sewer tax:

Drugs; certain medical and surgical devices and supplies; food sold for preparation and consumption in the home; and meals furnished to the staff, students, patients, and/or inmates of educational institutions, hospitals, mental institutions, and boarding houses. Other exemptions apply and are defined in **Ordinance 10127**.

For additional explanation and details concerning the procedures and applications of this tax, see the booklet entitled *East Baton Rouge Parish Sales and Use Tax Regulations*, January 1, 1991, 3rd Edition, produced by the City-Parish Finance Department. A copy of this booklet can be obtained from the Revenue Division of the Finance Department.

COMPUTATION OF TAX:

The sewer sales and use tax imposed by **Ordinance 10127** is levied at the rate of **½ of 1% of the retail sales price or of the cost price of tangible personal property or of the sales of services**. Every dealer, at the time of making the required return to the City-Parish Department of Finance, computes and remits the required tax due for the preceding calendar month. To compensate the dealer for accounting for and remitting the tax, each dealer is allowed 1% of the amount of tax due and accounted for and remitted to the City-Parish, in the form of a deduction taken when submitting his report and paying the amount due by him.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

In the event purchases are returned to the dealer by the purchaser or consumer after the tax has been collected or charged to the account of the consumer, the dealer is entitled to reimbursement of the amount of tax so collected or charged by him. In the case where the dealer has already remitted the tax, he may submit a sworn statement as to the gross amount of such refunds, and the Director of Finance will issue to the dealer an official credit memorandum. This credit memorandum will be accepted by the City-Parish at full face value in the remittance of subsequent taxes accrued under the provisions of the sales tax ordinance.

At any time within one year after the payment of the original or additional tax assessed against a dealer, or within three years from due date, the dealer may file with the Director of Finance a claim under oath for refund, stating the grounds therefor. If, upon examination of such claim for refund, it is determined by the Director of Finance that there has been an overpayment of tax, the amount of such overpayment is credited against any liability of the dealer. If there is no such liability, the dealer is entitled to a refund upon making a record in writing of his reasons therefor. The Director of Finance authorizes payment from the current year revenues.

Claim for credits or refunds of more than $25,000 must be approved by the Metropolitan Council.

The ½ of 1% sales and use tax is for the purpose of paying the expenses of constructing, acquiring, operating, maintaining, and administering the sewers and sewerage disposal works of East Baton Rouge Parish and making all required payments in connection with bonds issued for such purposes.

R.S. 33:2721.6 (A) (2) sets a sales and use tax limit of 5% for any parish or municipality unless specifically excepted by statute.

INTERPRETATION OF LEGAL AUTHORIZATION:

Local: On March 24, 1982, by **City Resolution 12420** and **Parish Resolution 18674**, the City-Parish Councils transferred all operational and administrative control of the Riverside Centroplex to the Office of the Mayor-President effective July 11, 1982. **Resolution 36654**, dated March 13, 1996, authorized the Mayor-President to enter into an agreement with Spectacor Management Group (SMG) for management of the Centroplex for a period of five years beginning April 1, 1996. **Resolution 40552**, dated September 13, 2000, extended the term of the agreement with SMG for 9 months, or until December 31, 2001. **Resolution 41454**, dated December 12, 2001, authorized the Mayor-President to execute an addendum with SMG for management of the Centroplex to incorporate a new three year term ending December 31, 2004 with a two year renewal. **Resolution 43027**, dated January 28, 2004 authorized the execution of a rental waiver agreement that is not to exceed $50,000 in any given year. **Resolution 44472**, dated November 9, 2005, amended Resolution 43027 so as to increase the rental waiver amount to $350,000 annually for the period 1/1/06 through 12/31/08. This agreement is between the Baton Rouge Area Convention and Visitors Bureau and SMG, Resolution 43132, dated March 10, 2004, changed the name of the Riverside Centroplex to the Baton Rouge River Center. **Resolution 45152**, dated November 10, 2006 authorized the Mayor to enter into the current **Management Agreement** which is effective from January 1, 2007 through December 31, 2011.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: These funds are collected by SMG and recorded on their books.

Comment: Revenues shown here are not recorded on City-Parish books and are presented for informational purposes only.

PAYOR OF FEE:

Various event promoters, users of equipment, tenants of office space in the Centroplex, concessionaires, and users of miscellaneous equipment pay fees to SMG.

COMPUTATION OF FEE:

Computation of proceeds varies by contract.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Pursuant to payors' contracts with SMG.

On April 1, 1996, the management of the Baton Rouge River Center was contracted to Spectacor Management Group, Inc. (SMG). The terms of that contract provided for the payment of management fees based upon the firm's ability to reduce the deficit incurred by the facility. Resolution 43741, dated November 23, 2004, authorized the Mayor-President to execute the third addendum to the contract, which exercised its renewal term option, extending the management term to December 31, 2006. Resolution 45152, dated November 8, 2006 authorized the Mayor-President to execute the contract which will expire on December 31, 2011. The terms of this contract provide for the payment of an annual incentive fee of 25% of the operating revenues from all event activity (excluding gross food and beverage) over the established event revenue benchmark $1.74 million dollars as long as there is the fiscal year proved better than the budget. The annual food and beverage fee provides that SMG shall receive four percent of the food and beverage gross revenue. The annual fixed fee is adjusted based on the percentage change in the Consumer Price Index (CPI).

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **L.R.S. 47:331** levies an additional tax of ninety-seven one hundredths of one percent (.97%) tax derived from the sale of services as defined by L.R.S. 47:301 (14) (a). **L.R.S. 47:332.2** creates the East Baton Rouge Parish Centroplex Fund and stipulates that an annual appropriation shall be made by the legislature based upon the avails of the tax imposed by L.R.S. 47:331 from the sale of services as defined by L.R.S. 47:301 (14) (a). Prior to the 1997 legislative session this tax was dedicated exclusively for capital improvements at the Centroplex. **Act 1072** of the 1997 Legislature amended L.R.S. 47:332.2 to include capital improvements for the Louisiana Arts and Science Center, Riverfront Promenade, and related projects in the Riverfront Development Plan in the City of Baton Rouge effective July 1, 1997. This fund is in effect from July 1, 1991, and will terminate on June 30, 2001. **L.R.S. 47:322.9** creates the East Baton Rouge Parish Enhancement Fund and stipulates that an annual appropriation shall be made by the legislature based upon the avails of the tax imposed by L.R.S. 47:322 from the sales of services as defined by L.R.S. 47:301 (14) (a) in the Parish of East Baton Rouge.

Local: **Resolution 43132**, dated March 10, 2004, changed the name of the Riverside Centroplex to the Baton Rouge River Center.

COMPUTATION OF FEE:

The state treasurer remits to the Baton Rouge River Center Capital Program the following:

1) The avails of the tax imposed by L.R.S. 47:331 and 47:322 paid within East Baton Rouge Parish;

2) Less an amount designated by the legislature "to pay all the obligations secured by the full faith and credit of the state which become due and payable within any fiscal year";

3) Limited to the appropriation designated by the legislature each fiscal year.

44563****	01/01/2006	$28	$32

* Except $7 for Baker and Zachary.
** Except $12 for Baker and Zachary.
*** For all entities except Public Works General Fund divisions, Animal Control Center, BREC, the Housing Authority, and private citizens.
****BREC exemption was removed.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: Department of Public Works personnel collect the fees from each vehicle prior to its use of the landfill. Regular users of the landfill can establish an account and be billed monthly.

Transmittal: Amounts collected at the landfill site are deposited into the bank, and the deposit receipt is then forwarded to the Finance Department–Revenue Division.

PAYOR OF FEE:

The fees for dumping at the sanitary landfill site are applicable to licensed or franchised refuse contractors, commercial collectors for hire, the City of Baker, City of Zachary, East Baton Rouge Parish School Board, Louisiana State University, Southern University, State of Louisiana, the Baton Rouge Recreation and Park Commission, and any other persons or political subdivisions, except that it does not apply to departments of the City of Baton Rouge and Parish of East Baton Rouge funded by General Fund revenues, the East Baton Rouge Housing Authority, private citizens of the Parish of East Baton Rouge who are not engaged in hauling for hire and are disposing of residential trash/garbage only, or others so designated by the Director of Public Works.

COMPUTATION OF FEE:

The following fee schedule for dumping at the sanitary landfill site is effective January 1, 2006, and was adopted by the Metropolitan Council with **Resolution 44563** on December 14, 2005. (Previous fee schedules are on file in the Budgeting Division):

Minimum fee shall be for 1000 lbs.	
Out-of-parish garbage (residential and commercial)	$ 1.60/100 lbs.
EBR Parish sewerage sludge	$ 1.40/100 lbs.
EBR Parish (commercial garbage)	$ 1.40/100 lbs.
Tires (or $7.00/tire surcharge for each undeclared tire)	$ 3.50/100 lbs.
EBR Parish garbage (residential, apartments and government agencies under current contract with City-Parish)	$ 1.40/100 lbs.
City of Baker	$ 1.40/100 lbs.
City of Zachary	$ 1.40/100 lbs.

A penalty of $25 per 100 pounds of out-of-parish garbage is assessed against any individual or entity that falsely represents the origination of such garbage to be EBR Parish.

Whenever the weight scales are inoperable, the following fee schedule for dumping applies:

	In-Parish Rate	Out-of-Parish Rate
Automobile/Compact Pickup Truck	$15.00	$20.00
Full size Pickup Truck/Van	$20.00	$25.00
Trailer - Single Axle	$20.00	$25.00

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Louisiana Constitution, 1974 Article VI, § 30 Louisiana Revised Statutes 33:4169.1	Ordinances 9157, 10/10/90; 9188, 11/28/90; 9218, 12/12/90; 9271, 4/10/91; 10778, 12/04/96; 13473, 12/14/05; 13852, 12/13/06; 14266, 12/12/07 Parish Attorney Opinion, 3/26/90

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Article VI, Section 30** of the Louisiana Constitution of 1974 authorizes a political subdivision to exercise the power of taxation under the authority granted by the legislature for parish, municipal, and other local purposes strictly public in nature. **L.R.S. 33:4169.1** authorizes municipalities and parishes to assess a service charge against any person to whom garbage and trash services are provided.

Local: The **Parish Attorney Opinion** of March 26, 1990, confirmed the City's authority to assess a service charge against any person to whom garbage and trash services are provided. **Ordinance 9157**, adopted by the Metropolitan Council on October 10, 1990, authorized the imposition of a solid waste user fee and provided regulations for the administration, collection, and deposit of this fee. **Ordinance 9188**, of November 28, 1990, added multi-family units and governmental agencies to the list of payers of this fee. **Ordinance 9218** of December 12, 1990, and **Ordinance 9271** of April 10, 1991, supplied additional definitions and provided for full due process rights for users before termination of utility service. **Ordinance 10778**, of December 4, 1996, amended Ordinance 9157 to provide for an increase in solid waste user fees as a result of the new contract for solid waste collection and disposal, effective when the new contractor began to collect garbage in 1997. **Ordinance 13473** of December 14, 2005, amended Ordinance 9157 to provide for an increase in solid waste user fees as a result of the new contract for solid waste collection and disposal, effective January 1, 2006. **Ordinance 13852** of December 13, 2006 increased the residential unit fee to $15.50 effective January 1, 2007, in order to continue the transition toward making garbage collection fully funded by the fees paid by its users. **Ordinance 14266** of December 12, 2007, again increased the residential unit fee to $19.00 effective January 1, 2008, to continue with this same objective. However, it also provides that this increase is waived for those residents who meet eligibility requirements of the Low-Income Home Energy Assistance Program (LIHEAP), providing they request such waiver. Certification of eligibility is good for a twelve month period, so residents must reapply to continue to have the increase waived.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Baton Rouge Water Company, the City of Baker, and the City of Zachary act as the billing agents for solid waste user fees for their customers.

Transmittal: The Service Fee Business Office and The Baton Rouge Water Company deposit payments into the bank. The City of Zachary remits payments to the Service Fee Business Office by check on a weekly basis, while the City of Baker remits checks bi-monthly.

Comment: Each month the Service Fee Business Office sends a summary of daily transactions for the preceding month to the Finance Department. This report summarizes the solid waste user fee billings for the month, along with the offsetting amounts for bad debts, and is used as the basis for recording this revenue in the City-Parish accounting records.

PAYOR OF FEE:

All residential and multi-family units within the parish of East Baton Rouge, excluding those within the city limits of Baker and Zachary, pay this fee. However, multi-family units of five or more dwellings may be treated as commercial units not subject to this fee, if approved by the director of the Department of Public Works.

COMPUTATION OF FEE:

Until 2006, this fee was based on a 6-year average of the incremental cost of solid waste collection and disposal. The garbage collection contract was re-bid in 1996, with the new contract, along with new user-fee rates, to go into effect in March 1997. In March 2004 the contract was extended for an additional year at the same rates. In March 2005, it was renewed for an additional 6 months. In September 2005 a new garbage collection contract went into effect.

Prior to January 1, 2008, households paid a fee of **$15.50 per dwelling/unit**; the new fee is **$19.00**.

Multifamily units pay the fee based on either (1) the number of units in the complex or (2) the number and capacity of bins used. The bin rates are as follows:

Old Rates through December 31, 2005		Bin Rates as of January 1, 2006	
1 cu. yd.	$49.55	1 cu. yd.	$60.00
2 cu. yd.	59.00	2 cu. yd.	70.00
4 cu. yd.	74.30	4 cu. yd.	90.00
6 cu. yd.	91.80	6 cu. yd.	120.00
8 cu. yd.	107.40	8 cu. yd.	150.00
		10 cu. yd.	180.00

Bin service for a multifamily unit must be approved by the Department of Public Works.

The penalty for non-payment of the solid waste user fee is termination of water service to the residence.

Until 2006, governmental agencies were not being assessed a fee since the cost of the contract was actually less than the City-Parish was previously paying. Now, solid waste collections charges for City-Parish governmental entities are being charged to the entities' operating budgets.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Act 151 of the 1969 Louisiana Legislature	Air Transportation Company Rates and Charges and Operating Requirements at the Baton Rouge Metropolitan Airport. Resolution 48353, 12/08/10

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Act 151** of the 1969 Louisiana Legislature authorized a procedure for the creation of an Airport District providing for its governing authority, territorial limits, powers, right to issue bonds, incur debt, and levy special taxes when authorized by special election.

Local: **Resolution 48353**, adopted on December 8, 2010 established and authorized the **Air Transportation Company Rates and Charges and Operating Requirements at the Baton Rouge Metropolitan Airport.** Section 3-1 (Terminal and Landing Fees) states that all Signatory Air Transportation Companies shall pay the rates, fees, and charges at the Airport as calculated in the exhibits to this Resolution.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Airport collects and deposits proceeds in a designated bank.

PAYOR OF FEE:

Any airline or cargo carrier with scheduled arrival and departure times established by prearranged agreement pays this fee. There are currently three such airlines – Delta Air Lines, American Airlines/American Eagle, and Continental Airlines – and they pay landing fees at the schedule rate. Airlines or aircraft with non-scheduled arrival and departure times, including any chartered aircraft landing at the Greater Baton Rouge Airport, pay non-schedule rates. Since September 2008 FedEx has not been landing at the Airport; they were the only cargo carrier.

COMPUTATION OF FEE:

The formulas used for computing the landing fees are based on weight. The District shall employ a modified airport residual approach to charging Landing Fees, employing the Total Maximum Landed Weight for calculating the Landing Fee Rate. The Rates and Charges Schedule provided in **Resolution 48353** reflects the Landing Fee calculation and methodology. Landing Fee Rates will be recalculated at least annually for each Fiscal Year, based on the Annual Operating Budget.

NOTE: In 2006 and 2007, fewer charters were handled because the Airport began to return to a normal business cycle since Hurricane Katrina in August 2005. The increase in 2008 is primarily from LSU athletic teams chartering smaller jets rather than traveling on regular flights. In 2009, there were fewer charters.

NOTE: In 2007, the City changed to a new fuel supplier and the CNG station was fitted for the new cards. Despite loosing customers in 2007 as a result of the change from Fuelman, the CNG station realized increases in 2008 after the Airport was able to stabilize the price for CNG with the new fuel card handler. Also, CATS began using the system on a regular basis. The decrease in 2010 is because CATS stopped using the facility in November. For the first seven months of 2010, only the Airport was using the CNG station. Starting in August, AT&T started purchasing CNG for their new fleet.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Act 151** of the 1969 Louisiana Legislature authorized a procedure for the creation of an Airport District providing for its governing authority, territorial limits, powers, and rights to issue bonds, incur debt, and levy special taxes when authorized by special election.

Local: Lease agreements between tenants and Airport.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Airport collects and deposits proceeds in a designated bank, which then remits copies of pay-in vouchers to the Finance Department.

PAYOR OF FEE:

Any tenant of hangar or cargo buildings pays this fee. Lease agreements for current tenants; Louisiana Aircraft, Total Delivery & Logistics, the Baton Rouge Police Department, *Northeast Noise Abatement Corp., and Prince Express* are on file at the Airport. *(Northeast Noise Abatement Corp. is contracted to finish Phase 12 of the Noise Mitigation Program and are operating on a month to month lease until that time.)*

Resolution 46903, dated 03/11/09 authorized the Mayor-President or the Chairman of the Airport Commission to execute a release of contract in the amount of $40,000 with Federal Express.

COMPUTATION OF FEE:

Proceeds are computed based on the appraisal value of leased land per square foot.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Act 151 of the 1969 Louisiana Legislature	Lease Agreements between SSP America, Inc. (Formerly Creative Host Services, Inc.) and the Airport

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Act 151** of the 1969 Louisiana Legislature authorized a procedure for the creation of an Airport District providing for its governing authority, territorial limits, powers, and right to issue bonds, incur debt, and levy special taxes when authorized by special election.

Local: The Airport entered into a **lease agreement with SSP America, Inc** (Formerly Creative Host Services, Inc.), effective June 1, 1999, to lease space in the terminal building for the purpose of operating a food and beverage concession. This contract has been amended twice and currently runs through December 21, 2015. In 2004, this lease was assigned to Compass Group USA Investments, LLP. In 2004 an additional agreement was signed with SSP America, Inc. (Formerly Creative Host Services, Inc.), for the operation of a beverage retail business providing specialty coffees, teas, and smoothies.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Airport collects and deposits proceeds in a designated bank.

PAYOR OF FEE:

The operator of the food and beverage concession at the Airport pays this fee.

COMPUTATION OF FEE:

Fee and Charges: The following fees and charges are applicable during the term of the current lease agreement, which began November 17, 2000. Before that date, modified rates were in effect because of construction in the terminal.

A. **Fixed Percentage Payment**:
(1) Years 1-10:
16.0% Food, beverage, seafood, vending machines, gaming devices, and all associated items;
11.5% In-flight catering and associated items;
20.0% Alcohol and associated items.
(2) Years 11-15: To be negotiated at that time.

These rates apply to all sales from the leased areas.

B. **Minimum Annual Guarantee**:

Year	1	160,000
	2	162,000
	3	165,000
	4	167,000
	5	170,000
	6	173,000
	7-10	175,000

The minimum annual guarantee is prorated and paid monthly in advance on or before the 1st day of each and every month. A Statement of Gross Sales for the preceding month is due to the Airport on the 15th of the month. This statement is signed by an authorized officer of the concessionaire, who certifies the accuracy of such gross sales, in a format and detail satisfactory

to the Airport. If the percentage payment due for the month is greater than the pro-rata share of the minimum annual guarantee, the concessionaire remits the difference to the Airport with the Statement of Gross Sales. **2010 is Year 9 of this agreement**.

C. Minimum (Capital) Investment: The minimum investment to be provided by the concessionaire in an area that includes only improvements that will remain the property of the Airport at the expiration of the Agreement is to be no less than $650,000.

FEDERAL	STATE	LOCAL
N/A	Act 151 of the 1969 Louisiana Legislature	Lease Agreements with Tenants

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Act 151** of the 1969 Louisiana Legislature authorized a procedure for the creation of an Airport District providing for its governing authority, territorial limits, powers, and right to issue bonds, incur debt, and levy special taxes when authorized by special election.

Local: The Airport enters into a lease agreement with each office tenant.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Airport collects and deposits proceeds in a designated bank.

PAYOR OF FEE:

Tenants of office space in the terminal building area pay a rental fee. As of May 2011, tenants included General Services Administration, Mac's Shoe Shine, GAT Airline Ground Support, TSA, US Coast Guard, and Paradies.

COMPUTATION OF FEE:

Fees are computed using the per-square-foot appraisal value of the leased area. Copies of the lease agreements are on file at the Airport.

NOTE: Because of the growing popularity of cell phones, pay phone usage has decreased dramatically. The apparent increase in 2007 is the result of the BR Coca-Cola Bottling Co overpaying the Airport. This was resolved and Coca-Cola is no longer at the Airport. The negative amount in December 2008 is from the write-off of a $1,400 prior year item and the correction of a $4,006 error posted in February. The apparent decrease in 2009 is a result of the corrections that occurred in 2008. These corrections aside, the change would have been very minimal. The increase in 2010 is from Coca-Cola increasing their presence at the Airport.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
N/A	Act 151 of the 1969 Louisiana Legislature	Agreement between the Paradies Shops, Inc., & Airport

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Act 151** of the 1969 Louisiana Legislature authorized a procedure for the creation of an Airport District providing for its governing authority, territorial limits, powers, and rights to issue bonds, incur debt, and levy special taxes when authorized by special election.

Local: An **agreement between the Greater Baton Rouge Airport and the Paradies Shop, Inc.**, took effect June 1, 1999, and leased the gift-shop premises for 10 years, with one five-year option to renew. *Currently the Airport is in discussion with the Paradies Shop for a new agreement which will be based on the renovations that have occurred in the Terminal.*

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Airport collects and deposits proceeds in a designated bank, which then remits copies of pay-in vouchers to the Finance Department.

PAYOR OF FEE:

The Paradies Shop, Inc., which operates the general merchandise, news, and sundries concession, pays this commission.

COMPUTATION OF FEE:

The following fees and charges are applicable during the term of the lease. These fees remain in effect at this time.

A. Fixed Percentage Payment: Years 1 - 10

10% Magazines, newspaper, candy, tobacco, and PGA tour shop merchandise; or
12% if passenger boardings exceed 600,000

12% Gifts and other items; or
14% if passenger boardings exceed 600,000.

B. Minimum Annual Guarantee: Years 1 - 10: $122,000 per year.

The Minimum Annual Guarantee is prorated and paid monthly in advance on or before the 1st day of each month. A statement of gross sales for the proceeding month is due on the 20th day of the month. If the percentage payment due for the month is greater that the pro-rata share of the Minimum Annual Guarantee, the concessionaire must remit the difference to the Airport.

C. Minimum Capital Investment: $520,000.

NOTE: The decrease in 2007 is the result of the Airport returning to a more normal business cycle. The decrease in 2008 is from a reduction in the number of enplanements, passengers are directly related to sales. The 2009 decrease is the result of a bad year for the airline industry, there were fewer people flying. The increase in 2010 is due to an increased number of passengers.

LEGAL AUTHORIZATION

FEDERAL	STATE	LOCAL
Title 14, Code of Federal Regulations	Act 151 of the 1969 Louisiana Legislature	Resolution 31785, 10/23/91 **

INTERPRETATION OF LEGAL AUTHORIZATION:

Federal: **Title 14**, Code of Federal Regulations (CFR), Part 158 authorizes an airport to impose, collect, and expend a passenger facility charge not to exceed $3.00 per passenger. Approval of the fee by the Federal Aviation Administration is limited to the extent that the projects are Airport Improvement Program (AIP) eligible.

State: **Act 151** of the 1969 Legislature authorized a procedure for the creation of an Airport District providing for its governing authority, territorial limits, powers, and right to issue bonds, incur debt, and levy special taxes when authorized by special election.

Local: On October 23, 1991, by **Resolution 31785**, the Metropolitan Council authorized the application procedure to implement passenger facility charges to be used for projects as approved by the Federal Aviation Administration.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The Airport collects and deposits proceeds in a designated bank.

DISTRIBUTION OF PROCEEDS:

All airlines utilizing the Airport receive an 11¢ administrative fee for each Passenger Facility Charge (PFC) collected and remit the net amount collected to the Airport within 60 days of collection. Gross revenues are recorded in the Financial Accounting System with a corresponding expense recorded for the administrative fee assessment.

PAYOR OF FEE:

Enplaning passengers, with certain exceptions, pay this fee to the airline, which deducts its administrative fee and remits the remainder to the Airport.

COMPUTATION OF FEE:

All revenue enplaning passengers using the Airport pay the $4.50 fee to the airline. In 2005, the Airport has received authority to increase the charge from $3.00 to **$4.50 per flight**.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

Federal Aviation Regulations (FAR), Title 14, Part 158 restrict the fee to the amount needed to complete an approved PFC project. The PFC must be collected and used within the time period approved by the FAA and can be used only for the approved project. If the project is not performed, the Airport may amend the request to change the project. Passengers who cancel their flights are refunded the PFC by the airline, and no administrative fee is collected.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **Act 151** of the 1969 Legislature authorized a procedure for the creation of an Airport District providing for its governing authority, territorial limits, powers, and right to issue bonds, incur debt, and levy special taxes when authorized by special election.

Local: On August 14, 2002, by **Resolution 41978**, the Metropolitan Council authorized the implementation of a $3.25 per day customer facility charge (CFC) to be added to each car rental transaction. This revenue is to be used for payment and retirement of the debt associated with the Phase II Parking Garage construction costs at the Baton Rouge Metropolitan Airport. **Resolution 43570**, of 9/22/04, amended Resolution 41978 to allow these revenues to be used for "other costs associated with Airport improvements and other Airport purposes" in addition to its original purpose. On January 14, 2009, by Resolution 46759, the Metropolitan Council authorized the increase in the CFC from $3.25 to $3.75 per day.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: The car rental agencies collect the fee and remit to the Airport, which deposits the proceeds in a designated bank.

PAYOR OF FEE:

All car rental agencies collect the fee from customers and must remit the proceeds to the Airport by the fifteenth of the following month.

COMPUTATION OF FEE:

The fee is charged to each car rental application at the rate of $3.25 per day. In 2009, this rate increased to **$3.75 per day**.

REFUND PROCEDURE, RESTRICTIONS, AND RATE LIMITATIONS:

This fee was originally to be used only for construction of the Phase II Parking Garage project at the Airport. In 2004 permission was received from the Airport Authority to use the CFC's for all projects and expenditures.

INTERPRETATION OF LEGAL AUTHORIZATION:

State: **General Property Taxes:** **Article 6, Section 19** of the Louisiana Constitution of 1974 authorizes the creation of special districts; defines the powers of such districts; and grants to those districts such rights, powers, and authorities as it deems proper, including, but not limited to, the power of taxation. **Article 7, Section 18 (D)** of the Louisiana Constitution of 1974 authorizes each assessor to determine the fair market value of all property subject to taxation within their respective parish. **Article 7, Section 20 (A)** of the Louisiana Constitution of 1974, as amended by **Act 844 of the 1980 Legislature**, provides for a homestead exemption from state, parish, and special ad valorem taxes to the extent of $7,500 of the assessed valuation. **L.R.S. 47:2051** designates the sheriffs of the parishes to be ex-officio collectors who collect all parish and district taxes and have the same power to enforce the collection of parish taxes as of state taxes.

Insurance Companies (State Shared Revenue): **L.R.S. 22:345** requires every foreign or alien insurer, other than a life insurer, that carries on business in the State of Louisiana to pay to the Commissioner of Insurance 2% of the fire insurance premiums collected by said company during the 12 months ending December 31 of each year. **L.R.S. 22:343** and **L.R.S. 22:344** require every such insurer desiring to engage in or carry on business in the State of Louisiana to keep accurate records of and return to the state treasurer a just and true account of all premiums received from business in the state that insures property of all nature or description against loss or damage by fire during the year ending December 31. **L.R.S. 22:346** if the returns required are apparently fraudulent or dishonest, the commissioner of insurance shall investigate and collect the amount he finds due. **L.R.S. 22:347** provides for the disposition of the tax money. This section states that all money

collected, except for an amount that goes to the Volunteer Firefighter Insurance Premium Fund, is to be credited to a special fund for distribution to the parishes. The state treasurer pays over to the treasurer of each parish governing authority the amount of money due as determined by the state treasurer. These funds are then allocated and paid by the governing authority to each regularly constituted fire department of the municipality or district, or active volunteer fire department certified by the parish governing authority, based on the population within the area served by the fire department.

Louisiana Revenue Sharing (State Shared Revenue): Article 7, § 26 of the Louisiana Constitution of 1974 states that a minimum of $90,000,000 will be allocated annually from the state general fund to the revenue sharing fund. **Act 1037 of the 2010 Legislature** provides for the distribution for state fiscal year 2010-11.

Fire Protection Service Charge: L.R.S. 40:1502.1 authorizes the governing authority of any fire protection district to levy a service charge for fire protection after submitting the amount of such charge and its duration to the voters of the district. It also states that all service charge amounts reflected on the roll shall be subject to interest in the same manner as ad Valorem taxes.

Local: General Property Taxes: On November 23, 2010 the Metropolitan Council adopted the following property tax millages for the 2011 calendar year for the respective districts:

* During the meeting of September 8, 1993, the Metropolitan Council established Boards of Commissioners to be the governing bodies of these taxing districts and political subdivisions, effective January 1, 1994. **Ordinance 9705** referred to St. George Fire Protection District, **Ordinance 9706** to Eastside, and **Ordinance 9707** to District 6.

** During the meeting of May 16, 2007, the Metropolitan Council abolished the Advisory Board of the Chaneyville Fire Protection District and established a Board of Commissioners with **Resolution 45477** and **Ordinance 14022** respectively.

In accordance with these changes that established boards of commissioners, no ordinances are adopted relative to property taxes or service charges for these fire protection districts, and revenues are no longer recorded by the City-Parish. We only call the elections needed for these revenues and do not canvass the returns.

District One Fire Protection District No. 1: Resolution 45855 adopted on November 14, 2007, authorized the levy and collection of a nine-mill property tax for a period of three years to provide funds for maintaining and operating the fire protection facilities of the District. **Resolution 47897** adopted on May 12, 2010, continued the levy for a period of five years.

* During the meeting of September 8, 1993, the Metropolitan Council established Boards of Commissioners to be the governing bodies of these taxing districts and political subdivisions, effective January 1, 1994. **Ordinance 9705** referred to St. George Fire Protection District, **Ordinance 9706** to Eastside, and **Ordinance 9707** to District 6.

** During the meeting of May 16, 2007, the Metropolitan Council abolished the Advisory Board of the Chaneyville Fire Protection District and established a Board of Commissioners with **Resolution 45477** and **Ordinance 14022** respectively.

In accordance with these changes that established boards of commissioners, no ordinances are adopted relative to property taxes or service charges for these fire protection districts, and revenues are no longer recorded by the City-Parish. We only call the elections needed for these revenues and do not canvass the returns.

Resolution 42095 of October 9, 2002, requires that the Chaneyville, Pride, and Alsen-St. Irma Lee Districts place their fire protection service charges on the property tax rolls beginning with the 2003 tax year, and that Brownsfield do the same beginning with the 2004 tax year.

COLLECTION AND TRANSMITTAL OF FUNDS:

Collector: **General Property Tax:** Sheriff of EBR Parish (Contact Octave Anthaume, Tax Director, at 389-4817).
Insurance Companies (State Shared Revenue): Treasurer of the State of Louisiana.
Louisiana Revenue Sharing (State Shared Revenue): Finance Department–Accounting Division.
Fire Protection Service Charge: Sheriff of EBR Parish.

Transmittal: **General Property Tax:** Remitted monthly to the Finance Department–Accounting Division.
Comments: Collections of the General Property Tax are cyclical in nature. Due to the payment deadline of December 31, the great majority of collections are made in November and December of each year.

Insurance Companies (State Shared Revenue): Remitted annually in June to the City-Parish Treasurer.
Louisiana Revenue Sharing (State Shared Revenue): Remitted by the state in three installments during the year.
Fire Protection Service Charge: The payments are collected and remitted by the Sheriff along with the property taxes.

Comments: Collections of the Fire Protection Service Charge are cyclical in nature. Due to the payment deadline of December 31, the great majority of collections are made in November and December of each year.

DISTRIBUTION OF PROCEEDS:

Insurance Companies (State Shared Revenue): Beginning in state fiscal year 1990–1991, a portion of the 2% fire insurance rebate collected by the state has been credited to the Volunteer Firefighter Insurance Premium Fund. The state treasurer then distributes the remainder of the fire insurance rebate to the parishes on the basis of the population of each parish. **L.R.S. 22:347** states that those regularly paid fire departments of any incorporated municipality, or fire and waterworks district in any unincorporated municipality, or active volunteer fire departments first receive an annual sum based upon the population within the geographical area serviced by that fire department, as follows:

Population	Amount
1–2,500	$ 750
2,501–5,000	$1,000
5,001 or more	$1,250

Additional funds are distributed to each parish based on the following population formula:

Population	Amount for each inhabitant
24,000 or less	$ 0.34
24,001–55,000	.37
55,001–100,000	.40
100,00– 250,000	.44
250,001–425,000	.47
425,001 and over	.50

Any balance that remains after making the distributions as stated above is allocated on an equal per capita basis until all of the total collected funds are utilized. If, however, the total amount of the 2% tax collected on fire insurance premiums is less than the amount required to fully implement the formulas above, the amount collected is prorated equally among the formula categories by the state treasurer prior to distribution to each parish governing authority.

These funds are then in turn allocated and distributed by the City-Parish to each regularly constituted fire department of the municipality or active volunteer fire department certified by the parish governing authority, based on the population within the area serviced by each fire department. In order to determine the amount paid to each department, the following formula must be applied:

(1) Total population served by all certified fire units of the parish divided into the total monies received by the parish equals the per capita available for distribution to certified local fire units.

(2) Total population serviced by each certified local fire unit in the parishes multiplied by the per capita available as determined in (1) above equals the funds due each certified local fire unit in the parish.

Within 30 days of receipt of money, the City-Parish Treasurer is required to pay the fiscal representatives of the fire departments the amounts due them.

Louisiana Revenue Sharing: Louisiana Revenue Sharing funds are distributed on December 15, March 15, and May 15 to each parish on the basis of population and number of homesteads in that parish in proportion to population and number of homesteads throughout the state. These funds are distributed to the taxing districts in the parish to offset current losses due to homestead exemption.

PAYOR OF TAX OR FEE:

General Property Taxes: Owners of all taxable property, real and personal, within the limits of each representative fire protection district of East Baton Rouge Parish pays this tax to cover the expenses of operating and maintaining fire protection facilities in the fire district.

Insurance Companies (State Shared Revenue): Every foreign or alien insurer, other than a life insurer, engaging in or carrying on business in the State of Louisiana must pay this tax.
Louisiana Revenue Sharing (State Shared Revenue): The homestead exemption law in Louisiana provides that $7,500 of assessed valuation on the home and residence of the taxpayer is exempt from the payment of certain state, parish, and special ad valorem property taxes and that these taxes will be paid out of the Louisiana Revenue Sharing funds.

Fire Protection Service Charge: All persons owning residential and commercial structures, whether occupied or unoccupied.

COMPUTATION OF TAX OR FEE:

General Property Taxes: The property tax is based on the approved number of mills on the dollar of assessed valuation of all taxable property, real and personal, within the limits of each fire protection district.
Comments: Homeowners are allowed a $7,500 exemption on all state, parish, and special ad valorem taxes. Details of assessment rates can be found under the "General Property Tax" item in the General Fund Section of this book.

Insurance Companies (State Shared Revenue): The amount paid by the insurance companies is 2% of the amount of premiums received from any business that insures property of any nature or description against loss or damage by fire as shown by the insurer on the required return.

Louisiana Revenue Sharing (State Shared Revenue): The annual payment is equal to that percentage of 80% of the total fund ($90,000,000) which is equal to the ratio which the population of the parish bears to the total state population plus an amount equal to that percentage of 20% of the total fund which is equal to the ratio which the number of homesteads in the parish bears to the total number of homesteads in the state. An act is passed each year during the Legislative Session that determines the distribution allocation. **Act 1037 of the 2010 Legislature** provides for the distribution for state fiscal year.

Fire Protection Service Charge: **$32** per annum per service unit is the maximum allowed.

NOTE: **Ordinance 9705**, adopted by the Metropolitan Council during the meeting of September 8, 1993, established a Board of Commissioners as the governing body of the taxing district and political subdivision, effective January 1, 1994. In accordance with this Ordinance, the City-Parish ceased to act as the fiscal manager for the district as of January 1, 1994; and from that time forward no revenues for this agency have been recorded on the City-Parish books. The above figures were taken from the agency's audited financial reports and are presented here for informational purposes only. Copies of those audited financial reports are on file in the Accounting Division, and the agency is included as a component unit in the General Purpose Financial Statements of the City-Parish.

The Commissioners elected to change their year end to a fiscal year ending September 30, effective for the period ending September 30, 2002. The change to a fiscal year end would report most of the tax revenues in the same year they are collected.

NOTE: Revenues received from the Parish General Fund represent supplemental appropriations for operations and capital needs.

Unless otherwise noted, significant increases and decreases are directly related to grant awards. The 2007 revenue decreased from not receiving as much from contingent revenue or from the transfer from the Parish General Fund. Pride received $47,084 from an insurance claim on a pumper truck that was totaled in an automobile accident and they also received $70,963 from the Parish general fund the previous year. The $70,963 was assistance with purchasing a new pumper truck. The increase in 2008 is the result of a new 10 mill property tax.

2010 Interest Earnings includes $149.10 received from the Sheriff's Office for interest earned on property taxes collected in 2008 and 2009.
