

ANNEX L: Appendix 4 Transportation Plan

I. GENERAL

The Transportation Section will make use of all available government, public school district, commercial and private transportation equipment, supplies and facilities needed to support emergency operations in East Baton Rouge Parish.

II. ORGANIZATION AND RESPONSIBILITIES

The Transportation Section consists of Transportation Coordinator, East Baton Rouge Council on Aging, representatives from local bus companies, representatives from other organizations owning cargo or passenger carrying vehicles, representatives from railroad and express companies and the United States Postmasters' representative assigned to East Baton Rouge Parish. Routine checks will be made in order to maintain an accurate list.

III. OPERATIONS

- A. Transportation Operation Centers will be at the Capital Transportation Corporation, 2250 Florida Blvd., East Baton Rouge Parish School Buses, 6013 Choctaw Drive, and/or Greyhound Bus Lines, 1253 Florida Street.
- B. Emergency Service Coordinators will request any transportation support needed from the Transportation Section. The Transportation Coordinator will arrange to furnish the type of transportation needed on a mission basis. Vehicles and drivers will be dispatched from one of the dispatch points, and will report to the dispatch points after each assignment.
- C. All trucks bringing cargo to this Parish should report first to a vehicle control point at the East Baton Rouge Parish line for further instructions.
- D. Trucks carrying supplies through East Baton Rouge Parish to other parishes must not be diverted from their routes. The Transportation Coordinator should work closely with law enforcement to arrange for priority movement of critical supplies. If Louisiana Department of Transportation Emergency Highway Traffic Regulations is in effect, the Transportation Coordinator must issue necessary road permits for trucks using regulated routes. The Transportation Section must be prepared to help move evacuees from lodging areas to designated fallout shelters in the event of war emergencies and hazardous material incidents.

A list of available transportation in East Baton Rouge Parish is located in the MOHSEP Resource Book.
